New, Improved 2011 Neighborhood Analysis: An Excellent Data Resource

Neighborhood Services is pleased to release the City of Eugene's 2011 Neighborhood Analysis as a shared resource for City staff and neighborhood and community organizations. The 2011 Neighborhood Analysis is organized so that users can find information, at the individual neighborhood level or for the entire city, on the following themes: people, homes, economic vitality, transportation, land use and zoning, and safety. Examples of the information available include age and gender, school enrollment, type of housing, income, housing costs, poverty levels, work commute times, land use, property crime and more. Several maps that illustrate data are also included. A variety of data sources were used including the U.S. Census Bureau Census 2010 and American Community Survey 2005-09 5-Year and 2010 1-Year Estimates, existing City of Eugene and regional Geographic Information System data, and Eugene Police Department crime statistics.

The information in the 2011 Neighborhood Analysis can be used as a tool to help support work in the community and neighborhoods in many ways, such as identifying needs and priorities for planning and

future action; informing outreach efforts so broad neighborhood demographics are included; comparing a neighborhood with other neighborhoods or the city as a whole; clarifying neighborhood issues; gathering data for grants or other applications; and generating important questions or considerations that might lay the foundation for surveys or further data analysis.

A folder containing the 2011 Neighborhood Analysis chapters is at <http://www.eugene-or.gov/neighborhoodresources>. For more information about the Neighborhood Analysis, please contact Lorna Flormoe of Neighborhood Services in the City Manager's Office at 541-682-5670 or lorna.r.flormoe@ci.eugene.or.us.

Recreation Begins Third Year of Archery Activities

Recreation Division's Youth and Family Services is offering an archery club, archery classes and archery camps this spring and summer. While the current interest in archery can be attributed to the popular *Hunger Games* book and movie, this is the third year the Youth and Family Program has offered archery.

Beginning this June, youth ages 11 -16 may enroll in a summer-long archery club that includes instruction, competition and field trips. On July 28 and Aug. 18, archery competitions will be held for 10 -18 year-olds (location TBD).

Beginning archery camps held in July will teach youth 8 -12 and 13 -18 how to hit the target, be comfortable behind the bow and shoot at the next level. A national level archer will teach the intermediate archery camps held in July that will include trips to three different field ranges.

In addition, Petersen Barn's outdoor archery range is open to archers age 10 and up on Tuesdays and Thursdays, July 31 - Aug. 30 from 6 -7 p.m. For more information, call Peter Chavannes at 541-682-5521.
