Parking Permit Use Guidelines

The purchase of a monthly permit is the full price between the 1st and 15th of the month. After the 15th, the rate is 50% of the permit value.

Permit Renewal priority is given to current permit holders. Permits must be renewed by the end of the month or the permit holder's name will be removed from the active list.

The permit does not guarantee a parking space. The City closely monitors lot use in order to provide adequate spaces.

Permits must be displayed at all times according to the directions on the permit. Parking Enforcement is not responsible for searching out a permit that is not readily visible.

Keycards are issued for the Overpark and Parade Garages to activate the gate arms. There is a one-time, refundable deposit of \$20 for the cards. Damaged or lost cards are subject to a \$20 replacement fee.

Lost Permit replacement is at full value.

Citations may be issued or permits revoked if the permit is improperly used or used contrary to the enclosed conditions.

Refunds are made only for unused permits purchased for future use. There are no refunds on parking permits currently in use.

Employee Parking

The City of Eugene's Parking Services program strives to simplify your downtown parking options for work.

Monthly or Quarterly Permits are available to park designated locations (please see map for options). If you share your commute with one or more people, then parking discounts are available.

Daily parking is available at most garages and surface lots. The daily rate is \$3.50, with an hourly rate of \$0.75.

Your **First Hour is Free** in the Overpark and Parade Garages

Employer Bulk permits are also available and provide up to a 20% discount for purchasing 25 or 50 permits. Another 10% discount is available is an alternative modes program in place.
