

Welcome Race Teams!

You and your fantastic teammates have made the choice to participate in the fourth annual “OUT IN THE ARTDOORS – Urban Adventure Race.” This race will take you through the heart of the greatest city in the world for arts and the outdoors. It promises to be as amusing as it is amazing.

This registration packet includes:

- Participant Registration Form, Health History and Liability Release – one per team member
- Participant Preparation Information – one per team
- Event Race Rules and Terminology and Event Timeline – one per team

Without giving away the details of this race, here are a few concepts you should know:

- This OUT IN THE ARTDOORS RACE is intended to be a “community builder,” with fun, creativity, and community spirit as the driving forces. Healthy competition is managed by the appropriate “spirit of the game” participation.
- Although time is a primary criterion for winning the race, creativity, art awareness, community spirit, and luck will be critical in determining your overall race time and will define all teams as winners in our unique community.
- Rain or shine, the race will take between 4-6 hours to complete - most of it is outdoors – so dress like an Eugenean. Prepare to bike 12 miles approximately, over the course of the day.
- Teams will only be able to travel by bike, foot, LTD Bus, and possibly by boat.
- You will be having fun, solving problems, being artistic, or performing outdoor skills. There are a mix of talents needed – and you will typically have options between physical, mental, or creative challenges.
- We’ll celebrate with a barbeque at the end of the race. “What good is an event without food!?”

Thanks for your participation & see you on race day.  
Sincerely,

Your uniquely amusing, well-fed, well-hydrated race officials
