

NEIGHBORHOOD CHARACTER AND NEGATIVE IMPACTS TABLE WORK

Objective

Help participants and OS Task Team understand:

- Key elements of the JWN neighborhood character
- Significant, potential negative impacts from development in and near JWN neighborhoods.

Immediate work products

- List of key elements of neighborhood character
- List with descriptions of potential negative impacts
- Record opinions on importance, prevalence, local examples, and other observations

We are not attempting to rate or rank these items during this session.

Tasks

Consider what you would tell a person who was interested in developing housing in or close to your neighborhood, in response to his or her questions:

#1 What do I need to know about the “character” of your neighborhood so I can create “compatible” housing?

#2 What negative impacts do I need to avoid with my project?

1. Contribute suggested responses for question #1
2. Contribute suggested responses for question #2
3. Provide any other insights, suggestions, criticisms, or other comments regarding any of the negative impacts listed on the handout or identified by other participants.
4. Report results
