Standards, Duties, and Conduct

LAW ENFORCEMENT CODE OF ETHICS

As a law enforcement officer, my fundamental duty is to serve society; to safeguard lives and property, to protect the innocent against deception, the weak against oppression or intimidation, and the peaceful against violence or disorder; and to respect the constitutional rights of all people to liberty, equality, and justice.

I will keep my private life unsullied as an example to all; maintain courageous calm in the face of danger, scorn, or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed in both my personal and official life, I will be exemplary in obeying the laws of the land and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously nor permit personal feelings, prejudices, animosities, or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of the police service. I will constantly strive to achieve these objectives and ideals, dedicating myself to my chosen profession . . . law enforcement.

103.1 PURPOSE AND SCOPE

This policy establishes standards of conduct that are consistent with the values and mission of this department. The standards contained in this policy are not intended to be an exhaustive list of requirements and prohibitions but they do identify many of the important matters concerning employee conduct. Employees are also subject to provisions contained throughout this manual, as well as any additional guidance on conduct that may be disseminated by the department, or its supervisors.

This policy applies to all department employees (full-, or part-time), volunteers, and cadets.

103.2 PHILOSOPHY AND VALUES

Being an employee of the Eugene Police Department, particularly that of a sworn law enforcement officer, places individuals in a unique position of trust and high expectations of the community. Employees have access to privileged and confidential information and possess delegated authority that far exceeds that of other citizens. The authority to conduct investigations, arrest and use force against persons, if necessary, are uniquely granted to sworn employees. Police employees must resolve to remain mindful that concurrent with this increased authority comes increased responsibility and that words and actions are subject to review and scrutiny through a variety of systems not imposed on others. To fulfill their mission to serve and protect the community which grants their authority, and in order to retain the public trust in the Eugene Police Department, employees will strive to embody the standards contained herein.

103.3 DISCIPLINE POLICY

Continued employment by this department shall be based on conduct that reasonably conforms to the guidelines set forth herein. Failure to meet the guidelines set forth in this policy, whether on-duty or off-duty, may be cause for disciplinary action.

Off-duty conduct by employees shall be governed by this policy to the extent that it is related to act(s) that may materially affect the department's operations, reputation, or the employees ability to perform official duties.

103.4 DEPARTMENT EXPECTATIONS

Employees must adhere to the following standards and expectations at all times:

103.4.2 PROFESSIONALISM

Employees will always provide courteous service, use carefully reasoned discretion, and will ensure their conduct is respectful, neutral, objective, and unbiased.

Employees must avoid any conduct that may compromise their honesty or moral uprightness, or that of their fellow department members, and the department.

103.5.5.1 RETALIATION IN THE WORKPLACE

In order to maintain a positive and supportive working environment in which all employees have the opportunity to perform their duties to their fullest potential, the EPD prohibits employees from engaging in any form of retaliation against other employees. Retaliation in the workplace manifests in two primary ways.

City rules cover both types of behavior. Examples of actions that may constitute explicit or implicit workplace retaliation include, but are not limited to:
