541-682-4800 or email

[eugeneparkvolunteers@ci.eugene.or.us](mailto:eugeneparkvolunteers@ci.eugene.or.us)

### WILLAMETTE RESOURCE AND EDUCATIONAL NETWORK (WREN)

<http://wewwild.blogspot.com/>

541.338.7047 or email [info@wewetlands.org](mailto:info@wewetlands.org)

### NEARBY NATURE

<http://www.nearbynature.org/>

### CLEAN WATER SERVICES

Kid-friendly short videos about keeping water clean

<http://www.cleanwaterservices.org/Residents/JoinTheCycle/default.aspx>

### LANE COUNTY POLLUTION PREVENTION COUNCIL

information from several agencies regarding pollution and the environment

<http://lanep2c.org/>

*More on page 2 ...*

## Additional Water Quality and Environmental Sites

**Regional and national sites with additional teaching tools, and on-line and classroom activities.**

### *US Environmental Protection Agency*

<http://www.epa.gov/students/index.html>

Games, quizzes, homework resources, lesson plans, publications, science fair ideas—lots of tools to help you and your students.

### *The Pacific Rivers Council*

<http://pacificrivers.org/conservation-priorities>

Conservation information for older students interested in Northwest rivers

### *Sea Grant Education Program*

<http://www.seagranted.net/index.php>

National environmental education site focussed on marine and aquatic life

### *Water Environment Federation*

www.wef.org under the “Public Information” drop down.

Coloring book to download and great video for younger students about non-point pollution at <http://www.wef.org/coloringbooks/>

Curriculum materials and activities by grade level at

<http://www.wef.org/PublicInformation/page.aspx?id=143>

### *WET/Water Education for Teachers*

<http://www.projectwet.org/>

Resources for water education for teachers, community members and professionals.

### *The Nature Conservancy*

<http://www.nature.org/>

Amazing photographs and stories about conservation efforts around the globe, mostly geared to older students. Also an activities section available through free subscription.

### *National Wildlife Federation*

A website with lots of information geared to kids. Educational games, outside activities, magazines and more at <http://www.nwf.org/What-We-Do/Kids-and-Nature.aspx>

### *Exploring Ecosystems*

A website that lets students explore different ecosystems including the Sonoran desert and the Everglades.

[http://www.harcourtschool.com/activity/exploring\\_ecosystems/](http://www.harcourtschool.com/activity/exploring_ecosystems/)

### *Wisconsin Fast Plants*

Classroom biology projects with super fast seeds teach about science and the environment. Video and project ideas under the Activities tab on University of Wisconsin - Madison's website, <http://www.fastplants.org/>
