

Amazon Neighbors: Eugene Neighborhood Survey Results

More than 4,600 community members responded to the recent Eugene Neighborhood Survey, providing useful information about what they like in their neighborhoods and what they would like to improve. Conducted during the summer and fall of 2009, the survey was developed in partnership with neighborhood leaders and the UO's Community Planning Workshop. Neighborhood associations, as well as City staff and other community groups, distributed the survey with a special emphasis on reaching people who have not participated in neighborhood associations and underrepresented groups. These efforts paid off, as results indicate that survey responses are a good representation of the city population in terms of age, income, race/ethnicity, gender, and home ownership.

Responses for Amazon Neighbors NA were 84, about 4.4% of the neighborhood's total population. Respondents were 52% renters and 43% homeowners. Forty-one percent of respondents' household income was less than \$30,000, 40% between \$30,000-60,000, and 19% over \$60,000. The race/ethnicity breakdown of respondents is as follows: 77.3% White, 8% Asian, 8% Multi-racial, 2.7% American Indian/Alaskan Native, 1.3% Latino/Hispanic, and 2.7% other. The respondent age was predominately 25-64 years old (65%), with 32% ages 17-24 and 4% 65 or over. For planning and outreach purposes, the Amazon Neighborhood Analysis should be consulted to compare actual demographic make up to the demographic make-up of the survey respondents. Gaps may exist.

Sixty-three percent of respondents had not participated in their neighborhood association, but 30% expressed an interest in being connected. Survey data should be consulted for information on what would encourage respondents to be more involved and what respondents view as the neighborhood association's primary role.

Overall, Amazon Neighbors results show that respondents have generally positive views of the quality of life in the Amazon neighborhood. When asked about what they would like to improve in Amazon, responses were diverse and included bus service, safety, connection to people in my neighborhood, traffic congestion, neighborhood appearance, and adequate housing for a variety of income levels.

Neighborhood surveys are considered a best practice in neighborhood planning initiatives. The survey provides a wealth of information for neighborhood associations and the City of Eugene, as we work to increase involvement and participation in neighborhood associations and improve neighborhood livability. The full results of the Eugene Neighborhood Survey are posted online at <http://www.eugene-or.gov/neighborhoodsurvey> including neighborhood-specific reports. Please explain your answer(s) for the above question (three areas you would like improvements in):		
1	Residents in my neighborhood are the biggest obstacle to safe walking - parking on the sidewalk, not trimming blackberries and other vegetation, and leaving out garbage and recycling containers.	Aug 4, 2009 3:16 PM
2	<p>1 There is adequate housing so long as one rents but there aren't many options for lower level income families to purchase a home in this neighborhood.</p> <p>2 There are a lot of homeless people that hang out around Amazon Creek and many people sorting through recyclable containers. We've had someone walk up into our driveway to take bottles out of our containers.</p> <p>3 The appearance is actually pretty good except that there are some places on Willamette that could really use some sprucing up; both residential and commercial.</p>	Aug 10, 2009 6:07 PM
3	too much broken glass to bike. inadequate bus service. failing street surfaces street signs etc. inconsistent sidewalks and curb cuts. NO INCENTIVE TO STOP PANDERING TO THE AUTOMOBILE!	Aug 11, 2009 6:32 AM
4	Find that the nearby bus stop has fewer times for pick up to the areas i want than are convenient for me. There are corners with plants/shrubbery that make it hard to see oncoming traffic. The number of college rentals has increased in our immediate neighborhood, making for loud parties, poorly kept up housing and occasional littering in our yard. Late at night the raucousness of these rentals makes me feel not as safe as I might.	Aug 13, 2009 5:24 AM
5	<p>I think there needs to be a pedestrian cross-walk (not a light) at 28th & Hilyard. More opportunities to connect with my neighbors. Further utilization of empty lots as natural areas.</p> <p>28th and Alder would be a great place for a neighborhood corner with artwork on the street, a kiosk etc.</p> <p>Also, there appears to be a vacant house in the 2900 Block of Alder (East side of the street, pink house with overgrown lot) that needs to be dealt with.</p>	Aug 20, 2009 5:49 PM
6	<p>Bus service is very poorly planned. All buses are on the same schedule, need to vary it more for better ridership and stop reducing service because of stupidity (28 & 73 always came at the same time so they kept cutting instead of varying their schedules by a 1/2 hour). I moved out of the neighborhood because of it.</p> <p>Rundown houses with ridiculously escalated rents to rip off the college students prevents families from living in the neighborhood with the best schools in the state & a great park!</p> <p>Way too many kids everywhere for Hilyard to be so congested & to have college kids driving wrecklessly. I lived on the corner of 28th & Hilyard for 5 years and saw many accidents at that intersection.</p>	Aug 20, 2009 11:33 PM

Please explain your answer(s) for the above question (three areas you would like improvements in):		
7	<p>1) We need to work on making sure to shut parties down EARLY. We have lots of underage drinkers in our neighborhood. Police need to respond EARLIER to prevent the parties from getting out of control. Also see #2 below, related to safety.</p> <p>2) We need to work on speeding/traffic issues on Alder (the bike path!) since many cars zoom south on Alder to Avoid the lights on Hilyard during peak times and at night.</p> <p>3) We need to work on trash in the alleys, trash bins on the street, students leaving their refuse on the street when they leave. Also, I wish owners would maintain their rentals better. Mow the lawn, fresh paint, etc. Sometimes things on our street look so trashy! We have so many rentals and the houses are really sub-standard. I feel sorry for some of the students who have to pay the winter heating bills with these leaky, falling apart houses! Rental standards enforced!</p>	Aug 21, 2009 2:15 AM
8	I'd like traffic to slow down. The parties are too loud and drunk students destroy property and get into car accidents.	Aug 21, 2009 2:33 AM
9	more better play equipment in amazon playground. also i'm sad the wading pool is going away. I hope a new water play thing will get built by next summer.	Aug 21, 2009 2:37 AM
10	As mentioned earlier, our street is land-locked. We need traffic calming-- both architectural and enforcement/education. Note: we have learned over the years that many speeders live in the neighborhood; others are cutting through to get from 24th to 30th.	Aug 21, 2009 3:39 AM
11	<p>1st choice: it's a bit scary to bike down 27th from elinor since cars at the cross streets like potter, harris, kincaid aren't really looking for bikes. maybe signs telling people to be aware of cyclists would help?</p> <p>2nd choice: there is bus service that's fairly frequent, but it only goes to the university area and then downtown. it would be fantastic if there were some sort of cross-town bus for south eugene.</p> <p>3rd choice: I don't know for sure, but it seems like this area serves a relatively high income level only. It would be good if it could expand.</p>	Aug 26, 2009 5:12 PM
12	<p>O. Other - homeless - I am concerned about the large number of homeless people living a block away along the Amazon creek. I am concerned about the impact this may have on the neighborhood - children playing in the park, people running, biking, and walking in the park.</p> <p>N. safety - more like a security issue - A stranger walked into our home while we slept and a few days later a bike was stolen in our backyard - we have since locked things up tight, but never felt we needed to before.</p> <p>K. There are some vacant homes along Hilyard between 27th and 28th that are unkept, and unsightly - and may attract homeless folks.</p>	Aug 28, 2009 3:31 AM
13	Bus service is adequate but could be more frequent. Housing prices are reasonable but high relative to nearby areas.	Aug 28, 2009 9:57 PM
14	There is no enough parking in the summer for the pools and playground on Hilyard St. and the established parking around the city facilities.	Sep 9, 2009 5:35 PM
15	<p>the college kids leave junk everywhere-couches, mattresses, old furniture, etc.</p> <p>people drive way too fast on Harris and other arterials</p>	Sep 11, 2009 9:34 PM

Please explain your answer(s) for the above question (three areas you would like improvements in):		
16	<p>1. More bike and ped connections. Create safer more bike-friendly Alder Street. Install lighted ped/bike crossing at intersection of Hilyard and W 28th (like the ones they have in Boulder, CO). Clarify school zone signage around Roosevelt and make people slow down to 20 mph.</p> <p>2. Seniors at senior center at 28th and ?University? don't have many outdoor recreation opportunities. Surrounding hills make outdoor walking/travel hazardous or just not possible.</p> <p>3. Some new houses in the neighborhood are downright ugly. Too bad there aren't some architectural aesthetics codes to require more present and harmonious design.</p>	Sep 18, 2009 10:19 PM
17	<p>A. Biking and walking: As a full-time biker I am constantly frustrated by the condition of many of the streets in my neighborhood and nearby neighborhoods, especially Alder St. (a very popular bike route) between 13th and 30th. I wish that money for street improvements was more equally distributed between streets mainly used by drivers and those used by bikers.</p> <p>J. Operating a business: The current situation (in this neighborhood and the county overall) is a hard environment in which to operate a business, and I would like it to be easier for local businesses to operate without fear of losing their customer base to cheaper, more corporate alternatives.</p> <p>E. Parks and/or natural areas: I love all of these places around me, but there is always room for continued improvement.</p>	Sep 23, 2009 11:24 PM
18	Safety in my neighborhood is a huge deal to me, and there are always homeless people at night stumbling through my yard, or drunk driving college students honking there horns over and over to try to get the attention of the person puking in my yard it is ludicrous that i have to deal with all this in what is suppose to be a great neighborhood. the parking also sucks because of the pool.	Sep 24, 2009 3:06 PM
19	busses need to run longer, yards look messy, hilyard can be dangerous to cross if walking or biking	Sep 28, 2009 5:26 PM
20	<p>There are very few street lights on my street making a walk home seem dangerous or at least intimidating to walk by oneself.</p> <p>I am unfamiliar with the bus route through this street and I have a car so this isn't a huge problem. I just don't see the bus often but that is also a good thing, especially if the bus just has a route near my house and not right next to it.</p> <p>I just moved here so I don't feel connected with any of my neighbors but they seemed friendly in passing on the street.</p>	Sep 28, 2009 6:35 PM
21	I wish there were more nearby restaurants and bars, more on-street parking, and perhaps a small shopping center nearby, which is why I chose these three.	Sep 28, 2009 8:33 PM
22	<p>L. My entire household has felt very unwelcome in our interactions with our immediate neighbors. We take care of our yard, are very quiet, and attend neighborhood meetings when we can, but a couple of our neighbors come over to our house all of the time to complain about things that are out of our control (like the availability of on-street parking and water draining into the street from the property behind us.) We try to make an effort to say hello to them when we see them, but they have always treated us rudely and have never made an effort to introduce themselves.</p> <p>B. There isn't a bus route that goes directly to the University anywhere near our home. It would be nice to have an alternative to biking and walking on cold and rainy days.</p> <p>G. There is a serious lack of shopping and eating spots in our neighborhood- I wish we didn't have to drive to do those things. There is also no place in our neighborhood where we can meet and chat with our neighbors informally.</p>	Sep 28, 2009 10:16 PM

Please explain your answer(s) for the above question (three areas you would like improvements in):		
23	many neighborhood robberies	Sep 30, 2009 5:46 AM
24	Even though I love my neighborhood and feel safe riding my bike to and from my house, I think the streets need more lighting. Alder street is a major bike route and it would nice if the street from 24th to 30th was better lit.	Oct 1, 2009 11:38 PM
25	Increasing the density of the neighborhood has resulted in more cars trying to park on street. Rentals and homes should not have more cars than they can accommodate on their lot with only one in street. Neighborhood appearance has declined in last 2-3 years and housing for mid-income families isn't available. This is turn can lead to problems with appearance if renters and property owners aren't motivated to keep properties looking good.	Oct 2, 2009 6:45 PM
26	Houses are being broken into as if its a normal occurrence. This should not be normal. Why am I paying taxes and through varies activities attempting to improve the city of eugene if the city of eugene wont protect my property. Get these [REDACTED] criminals out of my neighborhood. Excuse my language, but I find my self so irritated and cornered that i just want someone to listen. Something must be done. The area of 25th/26th onyx needs to be protected. Call me: [REDACTED]	Oct 3, 2009 6:29 AM
27	I would like to get better at gardening. I am the only one in the neighborhood with weeds in my garden, so this one is up to me. Another park would be nice, or more areas in the existing park. I would like it if the local recreation center had aerobics classes.	Oct 17, 2009 7:06 PM
28	I wish there were more buses late at night... important for access to theater and public events. Willamette Street does feel congested, and I expect it will get worse. I haven't met many people in the time I've lived here, and I would like more opportunities to meet people.	Oct 18, 2009 4:38 AM
29	E: Undeveloped acres east of Onyx Pl. should be bought and preserved as open space. A: Sidewalks on 32nd from University to Onyx Pl. F: Trail in open space referred to in E?	Oct 20, 2009 3:05 AM
30	What I wish the neighborhood had most is "stuff" in walking distance. The only thing walking distance is the safeway shopping center at 40th and Donald, and that needs a significant overhaul in terms of the services offered. More good dining and shopping. Even some entertainment.	Oct 20, 2009 4:35 AM
31	There are cross streets w/o signs (stop/yield) alder/kincaid-very dangerous The traffic goes too fast on E 35th, need speed bumps	Oct 21, 2009 9:21 PM
32	I don't drive and its a long walk to get to a bus stop.	Oct 23, 2009 2:12 AM
33	More single, young people would be nice. My neighborhood seems to be mostly families with children.	Oct 28, 2009 6:14 PM
34	Illegally operated ADU's and Illegally built SDU's that the city is turning a blind eye to are destroying our neighborhood. The city allows people to record fraudulent documents stating they will live on the property in order to get permits. The city is allowing our neighborhood to be degraded for short term income to the planning/permit department. It is shameful and shortsighted. The infill that is occurring is often illegal use and also lacks the neighborhood infrastructure to support the addition burden. Soft alleys are being turned in to mud bog tracks. Alleys that were never intended for this use. Those that infill are not paying their fair cost for infrastructure improvements.	Oct 30, 2009 3:13 PM

Please explain your answer(s) for the above question (three areas you would like improvements in):		
35	New buildings seem out of place and proportion (Synagogue, student apartment complexes); Even the not-so-nice houses are unaffordable for most people (I happened to buy mine when the market was still reasonable); All of the new student apartment complexes going up around here are being built so quickly and somewhat haphazardly, without much thought given to the physical impact of their size, location and architecture	Nov 5, 2009 2:03 PM
36	Bike network is patched together badly in many areas. Road disrepair is the worst I've seen in any city I've ever lived in. Major arterials are not bike friendly and dangerous to ride on or cross.	Nov 8, 2009 4:46 PM
37	disturbing graffiti should be removed too many potholes in alley	Nov 12, 2009 8:39 PM

39	Over all Eugene is not a business friendly city (our neighborhood included) The housing stock is somewhat shabby. Property crime is high.	Nov 19, 2009 12:27 AM
40	B. There is only one bus through the neighborhood (#81) it is often very difficult to get back, especially in evening when buses are 1 hour apart. I often walk to work, but in inclement weather, end up driving.	Nov 19, 2009 6:47 PM
41	Well, there isn't much street parking unless you park at the Park. I only know one person who lives by me and I would like to know more. There's not a lot of places to operate businesses.	Nov 23, 2009 5:16 PM
42	I don't drive and need good bus service	Nov 23, 2009 7:11 PM

44	for more places to eat	Nov 24, 2009 6:40 PM
45	I would like to get to know more people in my neighborhood because I don't know too many people. I wish there was a closer small grocery store. I wish there was more space for parking.	Nov 24, 2009 6:44 PM
46	Really the only bus route is the 27, so maybe there should be more	Nov 24, 2009 8:36 PM

1	I think a big neighborhood picnic/bbq would be fun and a great way for people to feel more connected. Some people have awful looking yards. Maybe once a year the association could sponsor fixing up someones yard/house who otherwise couldn't do it by themselves.	Aug 10, 2009 6:09 PM
2	act as a true advocacy group to effectively get the city to do something good for the neighborhood!	Aug 11, 2009 6:34 AM
3	The neighborhood needs MUCH more support from the city to reach out to its less vocal, younger, diverse and more time-constrained members. Our neighborhood association is just a ragtag group of volunteers. The issue with this being solely volunteer supported, is that the only people who have the time to volunteer are older and childless. If the city wants to encourage minority voices in the city, they will need to get creative about how to reach people. If we had access to the city's professional marketing folks for our newsletters we may have more activity. If we had more money to hire childcare providers, we would get more young families. If we offered free food, free entertainment... maybe we could lure people in!	Aug 21, 2009 2:29 AM

6	1. Have neighborhood recycling day with Bring, Sanipac, St. Vinnie's, and electronics recycling. 2. Establish neighborhood rental pool for tools/machines/household items that people tend to buy on their own but hardly ever use. People can rent/borrow the items from the neighborhood pool rather than buying them. 3. Amazon Neighbors has a great resources email list where people can exchange/ask for/give items and time. It would be great if all neighborhoods had this.	Sep 18, 2009 11:39 PM

8	I don't necessarily feel that the Amazon Neighborhood Association does a bad job of any of these. In fact, I think they do a very good job, from what I've experienced. I just think these roles should be what any neighborhood association has.	Sep 23, 2009 11:28 PM

12	a once a year event would be great - maybe in the fall when new neighbors (students) arrive. Educational workshops on how to maintain property, city resources, places of interest in the neighborhood, historical info about neighborhood, networking or bartering opportunities, etc. Neighborhood interests: When issues arise it is important that the association provides a voice for the neighborhood. For example, if changes were going to be made to Amazon park, or streets, then the neighborhood should have a voice.	Oct 2, 2009 6:49 PM
