

Southeast Neighbors: Eugene Neighborhood Survey Results

More than 4,600 community members responded to the recent Eugene Neighborhood Survey, providing useful information about what they like in their neighborhoods and what they would like to improve. Conducted during the summer and fall of 2009, the survey was developed in partnership with neighborhood leaders and the UO's Community Planning Workshop. Neighborhood associations, as well as City staff and other community groups, distributed the survey with a special emphasis on reaching people who have not participated in neighborhood associations and underrepresented groups. These efforts paid off, as results indicate that survey responses are a good representation of the city population in terms of age, income, race/ethnicity, gender, and home ownership.

Responses for Southeast Neighbors NA were 642, about 4.8% of the neighborhood's total population. Respondents were 19% renters and 78% homeowners. Eighteen percent of respondents' household income was less than \$30,000, 39% between \$30,000-60,000, and 43% over \$60,000. The race/ethnicity breakdown of respondents is as follows: 87.6% White, 4.2% Multi-racial, 1.7% Latino/Hispanic, 1.7% Asian, 1.2% American Indian/Alaskan Native, .3% Native Hawaiian or Pacific Islander, and 3.1% other. The respondent age was predominately 25-64 years old (78%), with 10% ages 17-24 and 12% 65 or over. For planning and outreach purposes, the Southeast Neighborhood Analysis should be consulted to compare actual demographic make up to the demographic make-up of the survey respondents. Gaps may exist.

Sixty-two percent of respondents had not participated in their neighborhood association, but 40% expressed an interest in being connected. Survey data should be consulted for information on what would encourage respondents to be more involved and what respondents view as the neighborhood association's primary role.

Overall, Southeast Neighbors results show that respondents have generally positive views of the quality of life in the Southeast neighborhood. When asked about what they would like to improve in Southeast, safety and connection to people in my neighborhood were the most frequent responses, followed by biking and walking and parks and natural areas.

Neighborhood surveys are considered a best practice in neighborhood planning initiatives. The survey provides a wealth of information for neighborhood associations and the City of Eugene, as we work to increase involvement and participation in neighborhood associations and improve neighborhood livability. The full results of the Eugene Neighborhood Survey are posted online at <http://www.eugene-or.gov/neighborhoodsurvey> including neighborhood-specific reports. 12	It's quiet too. I like that.	Aug 27, 2009 7:44 PM
13	We need speed humps!	Sep 1, 2009 3:15 PM
14	Our neighborhood association spends WAY too much time and attention, not to mention public dollars, on woodland preservation projects and does not adequately represent the interests of all SE area neighbors. It has been hijacked by a select group of individuals as a means to pursue their personal interests. They should be reminded that the neighborhood association is there to serve the whole neighborhood and not just them.	Sep 1, 2009 9:48 PM
15	Pedestrians beware along Agate Street off of 30th! Very dangerous for kids, walker and bikers...	Sep 7, 2009 4:13 AM

32	burglary is, and has been, a problem in my neighborhood	Oct 5, 2009 2:45 PM
33	I think that people who drive on 27th street towards chambers drive way to fast and I worry about the children and animals who use this street.	Oct 7, 2009 7:50 PM
34	Contiued repair of the streets	Oct 8, 2009 4:20 PM

(please specify)		
35	In the first question it mentions congestion. The problem our street has is fast moving traffic, not so much congestion, and disregard for the traffic calming devices which have been altered and/or removed since I have lived there. They were not working before and now they are completely disregarded and people travel through at speeds between 30-50 m.p.h. I have only seen one police officer on a motorcycle one time since I have lived here. It was about 2-3 weeks ago at 9:00 - 9:15 a.m. (not the best time to see the actual traffic patterns). I was very happy to see him there but it would be nice if there was more of a presence. The signs at either end of the streets (Donald and Hilyard) mention that the traffic rules are strictly enforced but clearly it is not factual and the regular passersby know it full well.	Oct 15, 2009 9:57 PM
36	My neighborhood is focused on residential living and isn't the crux of commercial business in Eugene.	Oct 17, 2009 7:44 PM
37	South Eugene is not convenient for retail needs that can be found in west and northeast Eugene and there is not easy access to get to those places.	Oct 17, 2009 8:05 PM
38	32nd street needs traffic slowing safe crossing for people/ bikes needed at 32nd and hilyard	Oct 17, 2009 9:23 PM
39	je t'aime mon arondissement!	Oct 17, 2009 10:30 PM
40	two reasons for not feeling safe: number of home break-ins and robberies; and speed of cars on hill with no shoulders in places separating road and rocklined drainage ditches.	Oct 17, 2009 11:44 PM
41	Private and quiet. Parklike setting behind residence.	Oct 18, 2009 12:29 AM
42	The stretch of Potter St. south of 38th Ave has become a speedway for some of the cars at the south end of the street. We desperately need a couple of speed bumps in this section and a petition has already been submitted requesting this.	Oct 18, 2009 12:52 AM
43	We are not comfortable with the amount of off leash dogs.	Oct 18, 2009 1:01 AM
44	My neighborhood has too much landlord-controlled real estate.	Oct 18, 2009 1:26 AM
45	This neighborhood needs to be preserved, rather than updated or overhauled. Let them do that to the rest of Eugene, keep our neighborhood AS IS.	Oct 18, 2009 1:49 AM
46	no further comments	Oct 18, 2009 2:02 AM
47	I wish the houses were kept nicer.	Oct 18, 2009 3:12 AM
48	There are inadequate traffic controls in the immediate vicinity.	Oct 18, 2009 8:36 AM
49	I have lived in the same house since 1977. The neighborhood is stable and well-kept up, with good police and emergency services. It's a steep hill neighborhood on the west side of Willamette Street; not a good place for small children to play or elderly people to walk, but that is nothing the City of Eugene or the Neighborhood Association can do anything about. Diversity of income levels is achieved not so much through home ownership, but through rentals. This is satisfactory. Thank you, City of Eugene, for a neighborhood with trees and woods, deer, turkeys, the odd cougar -- country living in the city. Life is good. Access to Willamette Street is becoming increasingly congested out south beyond 30th Avenue.	Oct 18, 2009 9:46 AM
50	People drive way too fast on Brae Burn; someone is going to get hurt. I have clocked speeders at 43mph and estimate the fastest one last month at close to 50. This is not ok. We need speed bumps or other controls.	Oct 18, 2009 3:24 PM
51	traffic safety	Oct 18, 2009 3:28 PM
52	Fire danger from trees	Oct 18, 2009 4:18 PM
53	road maintenance is horrible...the city ignores the southeast neighborhood in favor of the north end of town...where the growth is	Oct 18, 2009 4:22 PM
54	Many streets need sidewalks and bike path markings.	Oct 18, 2009 4:25 PM
55	My neighborhood is lacking egress! Need exit ability on 43rd from Spring Blvd to Dillard. Safety and convenience issue.	Oct 18, 2009 5:01 PM

56	<p>We are impressed by and grateful for the neighborhood association. We don't always have as much time as we would like to participate, and we thank those that do.</p> <p>On another note: It is concerning that a number of rental houses are in a deteriorated state. We would like to see landowners held more accountable for the physical structures and the landscaping of the homes they rent. We would like to see them take responsibility for the general appearance and quality of the neighborhood.</p>	Oct 18, 2009 5:30 PM
57	My neighborhood is prone to "smash and grab" break-ins. We have had 6-8 in the last two years. It makes me feel unsafe. I have organized Neighborhood Watch in my area.	Oct 18, 2009 6:26 PM
58	Great place for kids & dogs!	Oct 18, 2009 6:32 PM
59	close to nature, trees, etc.	Oct 18, 2009 8:10 PM
60	"INFILL" DEVELOPMENT WOULD BE A HUGE DETRIMENT TO THE LIVEABILITY OF OUR NEIGHBORHOOD!	Oct 18, 2009 8:18 PM
61	The only problem is that the traffic goes too fast to the French Hollow School up Larkwood	Oct 18, 2009 8:34 PM
62	My neighborhood has lots of natural areas, trees, green space.	Oct 18, 2009 8:42 PM
63	Road Safety -- The drainage at the junction at South Willamette St. and the post office a huge problem during a rain storm or from meltwater after a snow storm. Road needs heavy repair at "Y" of Donald and South Willamette St.	Oct 18, 2009 9:19 PM
64	There are very few college renters in my neighborhood and I like it that way.	Oct 18, 2009 9:43 PM
65	The reason I said that A (bike and walk) is "somewhat agree" is because I live on a STEEP hill. Not conducive to biking. I do walk it regularly.	Oct 18, 2009 10:00 PM
66	The development over the last few years has increased foot, bike & vehicle traffic - - - & congestion. Resulting in increasing noise, littering, & undesired access to the creek.	Oct 18, 2009 10:14 PM
67	4J has ruined the neighborhood with stadium lights and what appears to be a prison exercise yard complete with lots of late night screaming and whistles.	Oct 18, 2009 11:48 PM
68	I feel that the traffic going by my house on Agate is intolerable at times. Too much and people drive too fast up and down hill. The "speed bumps" don't do anything to curb this.	Oct 19, 2009 12:21 AM
69	we have a neighbor that has 20 cats, that she let's eat the wild birds and come on our property and threatens to call the police if we ask her to take care of her cats. I wish there was a law to limit control over these animals , just as there is about dogs. The neighbor has constantly harrassed everyone in our neighborhood.	Oct 19, 2009 12:32 AM
70	My neighborhood never smells bad. (i.e. no scent of rotting/composting timber yard waste, garbage disposal, etc.)	Oct 19, 2009 12:56 AM
71	RE: N Our neighborhood has had several break-ins recently and are trying to organize a Neighborhood Watch.	Oct 19, 2009 2:13 AM
72	This is a good neighborhood to have a child.	Oct 19, 2009 4:20 AM
73	Rental owners don't keep their properties in very good shape (upkeep of yard, paint, etc.).	Oct 19, 2009 4:14 PM
74	Neighbors surrounding our home do nothing to clear their property of overgrowth and high vegetation. Most won't even mow their lawns. We constantly have to clean up debris and fallen limbs from neighbors trees that are a hazard. City will not enforce the vegetation ordinance, as we've tried several times. Lots of problems with car breakins at night, vandalism, and not enough police patrols at night to curtail criminal activity. Also cars speeding excessively, especially at night.	Oct 19, 2009 4:44 PM
75	Speed bumps or the like on the hills above our cul de sac are needed. The cul de sac is a bit "blind" and the cars drive much too fast as they come down the hill.	Oct 19, 2009 6:44 PM

(please specify)		
76	Property rented to students: yards, outdoor areas frequently poorly maintained. Neighbors feeding deer and turkeys!	Oct 19, 2009 10:16 PM
77	Could use some street lights	Oct 19, 2009 10:19 PM
78	The "native plant" areas created in Tugman Park over the past few years have created a private area and is beginning to attract more transients, drugs, etc. We've had to call police twice this year. You need to keep this space visibly open to the street!	Oct 19, 2009 10:41 PM
79	Misuse of our residential streets. See comment below.	Oct 20, 2009 1:01 AM
80	My street, Old Dillard Rd., has terrible pavement with lots of holes caused by trucks during housing development.	Oct 20, 2009 3:00 AM
81	Some of my neighbors are aggressive with their fellow neighbors when something is happening that they don't like. For example, when a leaf blower is running, or a car is parked along the street, but where they have to see it, so they don't like it.	Oct 20, 2009 3:57 AM
82	I have been burglarized four times in my 28 years here. I wish it weren't so. I like living here and this is the one factor that makes it uncomfortable.	Oct 20, 2009 6:24 AM
83	Rental properties are not cared for and that depreciates property value for others who own.	Oct 20, 2009 10:43 AM
84	PSYCHOTIC PARENTS RACE< SPEED and otherwise Endager myself, my dog and my neogbors lives during the school year between 0755-0835. EUGENE PD AND THE SCHOOL DISTRICT REFUSE TO DO ANYTHING ABOUT THIS. IT"S absolutely disturbing, despicable, unsafe and unacceptable. TELL PSYCHO SPEEDING PARENTS TO SLOW THE [REDACTED] DOWN ON MY STREET IN MY NEIGHBORHOOD!!!	Oct 20, 2009 4:00 PM
85	Barber Dr. is in deplorable condition	Oct 20, 2009 5:41 PM
86	sometimes worry about the homeless people that live at Tugman Park and along the Amazon creek as there are often cops talking to them	Oct 20, 2009 6:28 PM
87	I like the deer and the wild turkeys that also live here.	Oct 20, 2009 8:37 PM
88	my neighborhood is quiet and peaceful	Oct 20, 2009 10:21 PM
89	streets need improvement - redone	Oct 21, 2009 2:58 AM
90	The only time I don't feel safe is trying to cross Hilyard St. at 8:30 A.M. Traffic still travels too fast and sometimes goes through yellow lights at an unsafe speed.	Oct 21, 2009 7:10 PM
91	Ths neighborhood has characteristics that fit both extremes of the questions, so some are difficult to answer	Oct 21, 2009 10:59 PM
92	we need sidewalks on Agate all the way down to 30th. I's not safe to walk down the hill, but people do it anyway.	Oct 22, 2009 12:05 AM
93	Roads could be better paved, maintained and improved.	Oct 22, 2009 12:19 AM
94	We really need sidewalks and bike lanes on Dillard. Also, the trend of front yard fences being built is ruining the character of a walkable community.	Oct 22, 2009 1:09 AM
95	I like being close to Morris Dog Park and the natural wooded trails around this park.	Oct 22, 2009 2:48 AM
96	bike path	Oct 22, 2009 2:56 AM
97	My house will be sold in 2010 & I am leaving Eugene. My wife & I will travel for about a year.	Oct 22, 2009 3:29 AM
98	I feel the SE Neighbourhood Association is controlled by people with a very specific and not necessarily good for everyone agenda	Oct 22, 2009 2:34 PM
99	Neighborhood safety has diminshed due to the increasing number of large dogs running loose and barking at people.	Oct 22, 2009 5:03 PM

(please specify)		
100	I really love the connectedness of south Eugene. It feels like a city within a city.	Oct 22, 2009 11:48 PM
101	I think people get too intoxicated at Highlands and I feel uncomfortable about that.	Oct 23, 2009 5:30 AM
102	Traffic and noise has increased substantially with the addition of the new playing field at Spencers Butte Junior High. Additionally the lights on late into the evening disturbs the cozy feeling that use to exist. This is a problem affecting the neighborhood.	Oct 23, 2009 8:10 PM
103	To much traffic coming of dillard	Oct 23, 2009 8:13 PM
104	My neighborhood has too many homeless people that leave trash, human waste and are noisy at night.	Oct 23, 2009 9:43 PM
105	Don't like government sponsored entities pretending to be spontaneous, representative organizations.	Oct 24, 2009 12:15 AM
106	Street repairs are sufficient	Oct 24, 2009 12:27 AM
107	Good air	Oct 24, 2009 9:52 PM
108	please resurface Willamette Street	Oct 25, 2009 2:17 AM
109	The roadways are maintained	Oct 25, 2009 4:05 PM
110	The leadership is extremely selfish in seeking 'park' funds for additional water sheds that should go to poorer parks in neighborhoods!!! Yet we have limited playgrounds. They fight downtown economic development that would help the unemployed. And these actions reflect upon the neighborhood.	Oct 25, 2009 6:48 PM
111	It is quiet which I like	Oct 25, 2009 7:28 PM
112	There is apparently an issue with an environmental soil contamination where there used to be a dry cleaners located in the Edgewood shopping center. There is an ongoing investigation by DEQ at this time	Oct 25, 2009 8:28 PM
113	I'd like more mixed use (i.e. businesses, restaurants, stores) in the neighborhood.	Oct 26, 2009 2:28 AM
114	My neighborhood organization has strong advocacy and communication about events important to those of us living in this area (such as land use, parks use, etc.)	Oct 26, 2009 3:35 AM
115	road maintenance in high traffic areas (willamette)	Oct 26, 2009 4:44 AM
116	Police presence is adequate in my neighborhood.	Oct 27, 2009 7:15 PM
117	I like my neighborhood's proximity to downtown.	Oct 28, 2009 3:01 AM
118	Clear Bike lane needed on East side of road on E. Amazon for safety reasons. Have been near misses and a couple accidents involving bikers/autos in last year.	Oct 29, 2009 1:27 PM
119	the southeast neighborhood association has been taken over by special interest	Oct 29, 2009 10:19 PM
120	A greater problem than congestion is driving behavior. Specifically, speeding, tailgating, minimal attention to stop signs and conventions of driving, unwillingness to yield, numerous hit and run damage to vehicles along 40th avenue, and generally surly behavior. All controllable if only there were adequate and meaningful traffic enforcement.	Oct 30, 2009 7:37 PM
121	It is hard to breathe in my neighborhood because of all the wood smoke. Not only bad for health, but contributes to global warming. We need an education initiative about wood smoke.	Oct 31, 2009 11:13 PM
122	I really dislike the litter and am always picking up after renters who don't care for their properties.	Oct 31, 2009 11:56 PM
123	Traffic is too busy on Willamette St. but this seems inevitable.	Nov 1, 2009 4:18 PM
124	We especially like the visual beauty of the natural areas in our neighborhood, including Ridgeline Trail, Spencer Butte, Tugman Park (wild part). Please continue your excellent efforts to save these precious resources.	Nov 2, 2009 4:46 PM

(please specify)		
125	My neighborhood is often patrolled for parking violators that could cause dangerous bottlenecks.	Nov 4, 2009 6:56 PM
126	street repairs	Nov 6, 2009 5:48 PM
127	Do not want new housing subdivision-style with hundreds of homes as has been proposed more than once.	Nov 6, 2009 7:08 PM
128	There are not enough shopping options of the caliber that Oakway has; not enough nodel development here in the southeast area (missing some coffee shops, bistro restuarants, etc. within a 20 minute walk, for example)	Nov 8, 2009 7:17 PM
129	great neighborhood for raising kids	Nov 9, 2009 1:53 AM
130	This is not a setting for business activities, thankfully so. I do not like that we have people who park their cars on the street rather than use their own driveways and garages. There is too much traffic on this street. It is used as a connector to the other residential areas near us. The drivers drive their cars far too fast on our street. The street is not safe for children or animals. There should have been a street built off of Foz Hollow up into the neighborhood that is North of us. Our little Ave bears the brunt of all the traffic accessing their homes to the west of us, to the north of us and to the south of us. Fox Hollow is a nightmare. West Amazon Pkwy should be extended to through traffic north onto Fox Hollow Rd. I realize those folks will cry foul, and declare all sorts of things, typical of them. You know, The Not In My Backyard Syndrome.	Nov 9, 2009 6:04 AM
131	I do wish the bus line came a bit closer to our house so my daughter would ride it more frequently. The walk from 30th up Spring Blvd is tough however I think it may limit crime so there is a trade off. Maybe if it just ran for the South High school students.	Nov 9, 2009 4:54 PM
132	It does not have any fast food, junk cars on the street, noise and high rise apartments. It is stable and I would like to see it stay stable.	Nov 13, 2009 2:37 AM
133	needs lights	Nov 13, 2009 11:56 PM
134	love the pool	Nov 18, 2009 12:06 AM
135	there is alot of thefts lately...neighbors hit 3x in last year	Nov 18, 2009 9:44 PM
136	I like my neighbors	Nov 23, 2009 5:03 PM
137	I love Dairy Mart	Nov 25, 2009 4:35 PM
138	too hilly for safety	Nov 25, 2009 4:44 PM
139	O. I feel I am able to think clearly.	Nov 25, 2009 7:43 PM
140	I would like to see a traffic light installed at 30th and University before someone is killed. There is a footbridge but it is not practical for bikers or anyone with wheels (wheelchairs, strollers, etc.) or a cane -- too many stairs	Nov 30, 2009 5:01 AM
141	more trees need	Dec 1, 2009 7:15 PM
142	love it	Dec 8, 2009 8:28 PM
143	I am concerned about development of woodlands at the edges of existing residential areas and with traffic calming within the residential streets.	Dec 13, 2009 1:31 AM
144	food/security/social activity	Dec 16, 2009 8:15 PM

Please explain your answer(s) for the above question (three areas you would like improvements in):		
1	<p>Housing: There is not enough quality affordable housing - it makes the neighborhood feel a bit exclusive and not as diverse as it could be.</p> <p>Safety: I have seen some teenagers vandalizing park equipment. This itself does not make me feel unsafe, but I think it could possibly lead to more if not corrected. This also possibly links to the need for more rec activities for youth.</p> <p>Other: the area needs an emergency response plan - if there was a big earthquake this area would have major landslides.</p>	Aug 1, 2009 12:26 AM
2	<p>E. some trails in neighborhood need pruning. Maybe organize a volunteer team to walk the trails with clippers?</p> <p>N. street lights would increase safety, especially when walking at night.</p> <p>D. There seem to be lots of cars that park on the street but only for "storage" as they never move. Some are hazardous, such as the large motorhome parked at corner of Nectar Way and Garnet, which has not moved in the almost three months I have lived in the neighborhood (and I have been told has not moved in at least the last nine months). It blocks view of the traffic coming down the hill on Garnet which are supposed to yield to Nectar Way traffic.</p>	Aug 3, 2009 11:46 PM
3	E. It is important to save the Amazon Headwaters from development.	Aug 4, 2009 3:42 AM
4	My neighborhood is wonderful but I feel the connection to people and safety issues, including neighborhood watch and safe routes to school are second tier priorities to advocacy around land use planning and development. There are a number of seniors and children on my block. To them, these are the issues that impact thier lives daily.	Aug 4, 2009 11:24 PM
5	I need to talk to my neighbors more	Aug 5, 2009 9:22 PM
6	I feel lik my neighborhood doesn't do things to connect, like block parties or get togethers.	Aug 6, 2009 7:55 PM
7	street cleaning	Aug 6, 2009 9:20 PM
8	<p>Parks - continue to make Edgewood Park sustainable and safe and encourage neighbourhood use.</p> <p>Access to services - the mall at 40th and Donald could be encouraging of new business - there are still store fronts that are empty after 2 years. There isn't a good restaurant in this neighbourhood (40th & Donald).</p> <p>Other - elect a new president of the Neighbourhood Association so there is more focus and involvement regarding Edgewood Pool, crime and keeping the neighbourhood safe, emergency preparedness, leashing dogs (especially in parks), how we can support the schools ...</p>	Aug 6, 2009 9:56 PM
9	I wish the rentals would sell so that new owners could improve appearance of houses. Many that are used as rentals are run down and unkept.	Aug 6, 2009 10:44 PM
10	<p>30th Avenue is a huge barrier for walking, and biking. The crossing at Alder Street is complicated with the 30th and Hilyard intersection and the access points to Albertsons. A more protected crossing at Harris Street and 30th would be ideal.</p> <p>There is a lot of traffic on 30th and sometimes its hard to get a gap to cross the street. Having a speed zone on the back of the school would be really helpful. It would slow drivers down and help make them more aware.</p> <p>I would love to see improved access around the Albertsons.</p>	Aug 7, 2009 6:58 PM
11	Keep development to a minimum	Aug 7, 2009 10:43 PM

Please explain your answer(s) for the above question (three areas you would like improvements in):		
12	Introduction of neighborhood commercial services are needed in my neighborhood. Also, I would like to see more flexibility to introduce smaller secondary units. Our neighborhood is aging with a need for more alternative housing options for aging parents, etc.	Aug 7, 2009 11:00 PM
13	SE is a good neighborhood with lots to offer. However, there is still a lack of community that I would like to see. I know my immediate neighbors, but not the neighborhood. More park and natural areas are always good.	Aug 8, 2009 5:03 PM
14	The closest LTD bus stop is over a mile and 500 feet in elevation from our house. We would love for LTD to provide small buses or vans in the south hills all the way up Willamette, perhaps to the upper Spencer Butte parking lot or Fox Hollow.	Aug 10, 2009 6:17 PM
15	I do not feel this neighborhood is very friendly. All too busy. Maybe have more community classes at the middle school. nights I really don't need more businesses in this neighborhood.	Aug 11, 2009 3:03 AM
16	Because I work full time, it is difficult to meet my neighbors. Most folks are indoors during the evening. I wish people would walk around more. I think it would be great if there were some housing for middle income level folks out here. I think most home owners are upper income. I like to take the bus to work, but buses don't run as frequently as I would like.	Aug 11, 2009 5:08 AM
17	The bus doesn't run up Dillard, and its a such a steep hill I can't get my kids down and back up to ride it. How about having the bus come up Dillard? The recreation options we have are too crowded. We know only a few of the people in my immediate neighborhood, not a lot of opportunities to get to know each other.	Aug 11, 2009 1:31 PM
18	"Infill" development has the potential to ruin our southeast Eugene neighborhood. Problems include increased traffic, increased noise, loss of privacy, loss of relaxed neighborhood ambiance, loss of view, loss of sunlight. I don't think it should be legal for new houses to be built on tiny lots, sandwiched between existing homes. (For an example of this, view the new 2-story (!) spec house going up on East Amazon Dr. near 34th or 35th.)	Aug 11, 2009 5:03 PM
19	I like the neighborhood the way it is.	Aug 12, 2009 4:16 AM
20	D- I would like to see the on-street parking get safer. There is plenty of it, however there is a lot of petty theft and even auto theft. E and F- I would love to see the parks/trails get an upgrade. Tugman and Amazon parks are great, but new activites/paving is always great.	Aug 12, 2009 10:43 AM
21	Things are fine, but new development might be nice. 2nd & 3rd choices indicate a desire to improve on area strengths	Aug 15, 2009 11:25 PM
22	I know most of the folks immediately around me but would like to get to know my neighbors better. Someone has opened a half way house for previous drug users and over time the traffic in and around the house has gotten out of hand. People overflowing into the street and arguments.	Aug 16, 2009 10:14 PM
23	at times, it is difficult to get onto hilyard from 32nd due to visibility issues (bushes too high) or simply too much traffic to turn left.	Aug 17, 2009 1:22 AM

Please explain your answer(s) for the above question (three areas you would like improvements in):		
24	<p>Traffic on Dillard Road is uncomfortably fast for how quickly the road goes from rural to residential. We've had one car crash through our yard and live a bit in fear of when the next one will crash into the yard -- or our house.</p> <p>The parks are awesome in south Eugene but need to be managed for multiple use. The trails on Mount Baldy are marginally better now that they've been rebuilt -- better for walking. For mountain bikes, they are boring.</p> <p>We try to keep our front yard under control. I wish I could say the same for neighbors. I don't want lawns, but fields of invasive weeds aren't pleasant</p>	Aug 17, 2009 11:50 PM
25	<p>Too many streets don't have sidewalks on both sides of the road. Many bicyclists use sidewalks because of lack of dedicated bike lanes on Donald and Willamette.</p> <p>Bus service ends too early at night and does not start early enough or run late enough on Sunday for me to be able to use the bus to/from work on that day.</p> <p>I chose Traffic congestion because it was closest to my concern about drivers driving too fast up & down Donald Street around 34th ave. The speed limit is 25 and should be strictly enforced. Also using some traffic calming devices (roundabouts, speed bumps, more 4-way stops at intersctions, etc...) would be very helpful.</p>	Aug 18, 2009 9:12 PM
26	<p>Please see "Other" comment in question #2.</p> <p>It is difficult to create and establish connections to neighbors in a transient ie University town population.</p> <p>There seem to be several business nodes in the Southeast neighborhood area that could use help in sustaining/ expanding their presence in the community.</p>	Aug 19, 2009 6:45 PM
27	<p>Very few home owners/renters are maintaining their properties. There is little landscape maintenance being done by anyone.</p> <p>We need new housing and business development in the neighborhood.</p>	Aug 20, 2009 4:35 AM
28	<p>Our neighborhood could have a little hub of housing that is affordable with studios on street floor to do some business from. It seems that there are quite a few folks that do work from home, but in isolation. I could even see a neighborhood business building, that neighborhood folks could rent offices in and neighbors could go their for some goods and services.</p>	Aug 20, 2009 7:14 PM
29	<p>With a wide variety of income levels and a high mix of owner-owned and rentals (single family housing) there is little opportunity to connect to discuss neighborhood issues.</p> <p>Appearance is a problem, especially with rentals.</p> <p>Traffic is a concern mainly with houses rented to several (3-4) young, single individuals, each with their own car.</p>	Aug 20, 2009 8:32 PM
30	<p>Most people drive everywhere so there are fewer opportunities to meet people, plus the hills are steep, so again, people drive more (I ride and run every day though).</p> <p>We don't really have room for development, and I am not advacating cutting down more trees.</p> <p>Businesses struggle, even in the Edgewood Shopping Center. It would be nice if it were more nodel, but probably not feasible.</p>	Aug 21, 2009 12:17 AM

Please explain your answer(s) for the above question (three areas you would like improvements in):		
31	<p>Number of cars and speed driving on Donald St. and lack of speed bumps or stop signs. Driving down the hill (north) a driver can easily speed up to 40 or 50 in the 25 mph zones!</p> <p>I would like to see a bit more business in the Edgewood shopping area-bakery, coffee shop, etc. Bookstore?</p> <p>Connection with neighborhood- I wish the neighborhood association meetings would vary the days they meet. I've never been able to attend due to work and it continues to always fall on the same day of the month. I understand consistency, but it would be nice to see a meeting that would fall on another day of the week providing people like me an option to attend. I would love to be involved, but at this point can't.</p>	Aug 21, 2009 2:35 PM
32	Would like more shopping within bike/walking distance (groceries, farmer's markets) Could easily see the Albertson's store/30th & Hilyard area become more like Oakway or Southtowne shop areas	Aug 21, 2009 3:13 PM
33	Donald street has a lot of traffic and no bike lane	Aug 21, 2009 6:32 PM
34	The sidewalks are cracked, many times, they disappear and you need to walk on the street.	Aug 21, 2009 8:38 PM
35	<p>C. Donald Street has too many speeding cars.</p> <p>N. Southeast Eugene has too many young male thugs wandering around in the middle of the night.</p> <p>A. Too much rubbish in streets make biking dangerous in the fall and winter.</p>	Aug 22, 2009 4:58 PM
36	<p>I think that the first choice should be addressed community wide as well as in our area.</p> <p>2nd Choice.... there is a lot of overgrown foliage that makes for very dangerous corners. For example crossing Donald at 39th there is a blind corner on the north side of the street. We have had a few close calls walking because of that coupled with people speeding in the area.</p> <p>3rd choice.... Tugman park could use a few trees on the east side of the park! It is a rather brutal playground for the children and parents alike in the summer because of the reflective quality of the sand. Please plant a few more trees!!!!</p>	Aug 24, 2009 4:24 PM
37	Recent break in.	Aug 24, 2009 5:36 PM
38	<p>N: The neighborhood is being over-run by drunk homeless people living in the shrubbery along Amazon creek. I've seen them urinate on the side of Albertsons, aggressively approach teens, dig through people's recycle bins, etc.. I personally don't feel threatened because I'm large and muscular. But I am concerned about the safety of others. K: The above-ground utility lines are hideous, and put a cap on how charming/appealing the neighborhood can be. Also, I would like to see the City provide grants to homeowners to add front porches on their houses, which would dramatically increase neighbor interactions. L: The neighborhood is a bit fractured primarily because of the school-choice system. The families that send their kids to an alternative school end up being sort of "cultish" about it and have a sense of exclusiveness and elitism. It's nutty for people to be driving their kids all over town to different "alternative" schools. I'd like to see the neighborhood schools improve, offer more interesting programs, and eliminate the alternative schools.</p>	Aug 25, 2009 7:59 PM
39	<p>I see that the Amazon skatebowl is full of kids every afternoon and all day during the summer. The skate area is woefully undersized for the use it gets and completely outdated in design and condition. Yet it is still one of the most heavily used public facilities in the neighborhood. I would love to see funds budgeted and allocated in proportion to actual interest and use by South Eugene citizens.</p> <p>Kids from SE Eugene shouldn't have to figure out how get all the way to the other side of town just to ride a decent skatepark. Not while baseball diamonds, basketball courts, playing fields, we maintain lie empty most of the time.</p>	Aug 26, 2009 3:16 AM

40	<p>Looking at the police website, I see that there is more violent crime in my neighborhood than I realized. Since I walk and bike for commuting to work, I'd like to know that as a woman I am safe.</p> <p>I'd love to see more done to make Willamette Street a bike friendly area. There are many businesses there, but biking to them is a nightmare. Getting from South Eugene to downtown using the Amazon parkway path is nice, but we need something for bikes on Willamette between 18th and 28th.</p> <p>Also, many of us bike through Amazon park, and then up through Tugman Park to get to the top of the south hills. It would be great if the bike path continued along the section from 30th Ave to Tugman Park. As it is, we have to share a VERY narrow sidewalk with pedestrians and other cyclists. It can be very scary! Riding in traffic along this section is very dangerous. All we'd have to do is widen the sidewalk. That would be wonderful!</p>	Aug 26, 2009 6:23 PM
41	<p>A. We have good access to Amazon bike paths, but Willamette St. sucks for bikes, and crossing Hilyard St., especially at 28th, is dangerous, especially for kids. Options are limited. I'd rather be able to go easily in all directions.</p> <p>B. Certain neighbors are tweakers. Sometimes people drive too fast on the street (lots of kids!). Once I heard someone run by, followed by a gunshot. Sometimes there are events of vandalism. The bike path under Amazon Parkway by Hilyard needs to be lit up on the path side, and not lit on the Hilyard side, so that path users are safe and the homeless folks can still sleep across the creek. (It would be even better to provide a place for homeless folks to sleep out of the cold.)</p> <p>C. Recreation options are good, but we could use a bigger skate bowl for the kids.</p>	Aug 26, 2009 9:26 PM
42	I think these are all crucial. I would like to see the ridgeline trail more accessible in near 30th. I would like to at least maintain current bus levels and would like to see them improved and I think biking and walking are central to a livable neighborhood.	Aug 27, 2009 4:29 PM
43	Hilly, cul-de-sac nature of housing makes it difficult for neighbors to connect with each other physically. Limited parking on Brookside and difficult parking in cul-de-sacs makes for difficult parking if you host more than a few people.	Aug 27, 2009 7:10 PM
44	There are good options for busing to downtown, but not other places like LCC. We could use more bike lanes.	Aug 27, 2009 7:44 PM
45	<p>K) Maintenance of residential and commercial property...assistance or some kind of encouragement/work parties to improve property appearance. Painting, landscape, old stored cars removal...</p> <p>L) Neighborhood "block parties" + info meetings; sharing resources/ideas/emergency info support, and just enjoying neighbors</p>	Sep 1, 2009 11:32 AM
46	We need speed humps by Tugman Park before someone is injured by speeding cars going up and down the hill. Kids play in the park every day and the traffic speeds reaches 50 miles per hour on a daily basis as people do not slow down coming down the hill. They also speed up to climb the hill. It is often frightening to walk along Hilyard Street by Tugman. It is an accident waiting to happen.	Sep 1, 2009 3:15 PM
47	The SE area neighborhood is changing, as residents age and move out to be replaced by others. We need more businesses to flourish in the neighborhood. We need a strong focus on the quality of the schools and the infrastructure. We need to encourage development within the neighborhood at the appropriate scale. We need to develop a stronger neighborhood identity and bring people together who live in this rather sprawling and disconnected area.	Sep 1, 2009 9:48 PM

48	<p>The stores that have recently been developed in the South Station(forgot the name)near the PC Market are a horrible choice. Ben & Jerrys operator/manager is vulgar and brash, and the selection of other stores really doesn't fit in the environment. Why didn't Full City or another local coffee roaster company move in instead of an unknown, as well as a Party Store and sporting goods store...and beauty supply store. All poor choices that don't make for a sense of community in this space.</p> <p>The Downtown area is the same...stores vacant for over six years, random choice, no sense of a real downtown.</p>	Sep 2, 2009 3:20 AM
49	<p>east amazon is very busy from foxhollow north. would be nice if traffic were slowed or reduced. there is a bike route on alder but would be nice to develop better bike or walking routes.</p> <p>albertson's is on corner of 30th and there's one bank across the street but most access is over off willamette which is a little far to walk. would be nice to have expansion of smaller businesses nearby.</p> <p>the jogging walking trail is nice along east/west amazon but would be nice to develop other recreation options. amazon park has turned into a city park when it's supposed to be a neighborhood park. amazon pool is especially overcrowded and the tennis courts etc... are really part of roosevelt or s. eugene schools. on related note I'd like to see amazon pool be expanded to include a water slide tower. could push out the fence boundary on the north and west sides to add .5 acre to .75 acre. then would be nice to see a 30-40 ft. tower with three or four water slides coming off of it. I've seen these in other cities or amusement parks and they do not have to be huge. since amazon pool is used by the city would be easier to expand the filtration systems and changing rooms as well as push out the boundary fence line than to build an entirely new large pool with combined water slide park. it's sad that in all of Oregon there really is no water slide park. Emigrant Lake in So. Oregon has one outdoor slide, then there is only one slide in both Amazon pool and SPLASH in Springfield with similar facility in Corvallis and Portland. But then I see large water slide parks in places like N. Washington or even British Columbia that have worse weather and similar economy and demographics as Eugene. if Eugene/ Amazon Pool had a water slide tower added it would help put Eugene on the map to draw visitors from all over Oregon as well as within Eugene. As an example can see Boomarang Bay in Paramount Great America in Santa Clara, CA. As part of the water park they have a water slide tower/ structure that sits on a concrete pad with four of five slides coming off of it. Entire structure and concrete pad takes up about 2000-3000 sq. feet only.</p>	Sep 2, 2009 5:26 PM
50	<p>Agate Street off of 30th has no sidewalks and traffic goes very fast and dangerously along it. The bus cannot stop along 30th at Agate and Kimberly for 'safety' reasons. Everyone in our neighborhood must drive, unless they are crazy like our family.</p>	Sep 7, 2009 4:13 AM
51	<p>Getting in and out of the shopping center where Market of Choice is scary! People turning left during rush hour, no turning lanes on Willamette. They should be forced to go to stoplight on 29th or made to only turn right. Some of the houses on 29th are very shabby - not a good look coming into the Southtowne, as they seem to want to promote a more prestigious air.</p>	Sep 8, 2009 9:36 PM

55	Appearance: Roads are run down and rough. Prperties are in various conditions of care. Some properties neatly cared for, some are an eye sore. Too many broken down cars line the street. See a lot of un-attended dogs roaming nighborhood. Biking & Walking: Sidewalks are cracked and overrun and overgrown with weeds and properties yards. Trees hang low and interfere with walking and biking. No Bike paths, parking lines the street. People use driveways as storage of junk and broken down cars. Safety: Homeless people lurk. People walk down sidewalk and look into cars parked along street.	Sep 14, 2009 6:07 PM
56	There is no bus service past 40th street on Willamette for High school kids. Just two bus trip during morning and afternoon for schoolkids would be a great addition.	Sep 14, 2009 8:08 PM
57	1) I am finding more traffic on Dillard Road than I like and would like to see it slowed down and/or reduced if possible. 2) There are never enough recreation options. It would be nice to see a health club or gym in the area. 3) This is primarily a rural area and additional lands dedicated to parks and/or natural areas is an important goal.	Sep 14, 2009 11:12 PM
58	No real room for expansion in the neighborhood; only place close is the shopping area @ 40th & Donald st.	Sep 15, 2009 9:00 PM
59	This street is private and has no on-street parking. However, our house was built in 2004 and the construction company poured a street too steep to drive up. I would like to see one-side street parking for guests. Safety has been a recent concern with several car break-ins. There are some major issues within our HOA, several people do not get along with one couple in particular and it has created a lot of tension in our immediate neighborhood. Outside of our HOA area, however, there is a great sense of community in the Southeast Neighborhood.	Sep 17, 2009 11:57 PM
60	There is a single mother with teen age kids who lives across the street, and the kids practice with thier punk rock band in the garage of the house they rent. Some of the neighbors have spoken with the mother of the kids and with the owner of the house, and neither of them are willing to do anything about this issue. When I am working in my garden or in my house with the doors and windows closed, I do not feel that I should have to listen to unpleasant music, but do not know what else to do about this situation. I know a lot of the other neighbors feel the same way as I do. Additionally, living on Potter Street off of 30th Ave., cars often drive at least 40-50 mph in front of our house, and I am especially concerned for the younger children that live on our block, and play in the front yard.	Sep 18, 2009 6:53 PM
61	Biking - for the most part is good except conveniently crossing from one side of Amazon Parkway to the other (safely). Recreation Options - My daughter would love to see more options for playing at Tugman Park (newer and more challenging climbing and play structures).	Sep 18, 2009 7:27 PM
62	The road is so narrow and poor that two-way traffic is difficult and I will not let my children walk or ride their bikes at all (there is no sidewalk).	Sep 18, 2009 9:27 PM
63	O. There is a serious problem with wood burning in old fireplaces, chimneys, so that my house is surrounded by dense smoke too often in winter. E. I would love to see the land up the hill from us (steep for development and currently a natural area) made into a walking area that connects our neighborhood to LCC and allows learning opportunities for neighborhood residents--as well as helping with stormwater and erosion control on steep slopes. Too much development up the hill from our street (Potter) seems connected to new issues with water/drought problems on or street. O. (2) I am very pleased with our local farmer's market and the neighborhood gathering place that Hideaway Bakery has become. Would be great to encourage other gathering places/businesses of this sort. 64	Safety—with the ever increasing number of transients/criminals on every street intersection, downtown and anywhere in this city, we feel a need to be on high alert at all times and do not feel safe for our well-being, our vehicles and property! We do not understand why people are allowed to panhandle and loiter in the streets, sidewalks and park areas, creating an unwelcoming and unsafe environment for others. There has also been an increasing number of aggressive packs of transients "casing", "canning" and conducting other suspicious activities in my neighborhood. Appearance/Other—the graffiti, damaged properties and vacant properties in every area of the city are a disgrace to the upstanding citizens who work, live and pay taxes in this city. We do not mind carrying our portion of the burden, but it seems that the city enables unacceptable behavior and works against making any type of improvements or progress.	Sep 20, 2009 5:24 PM
65	I like my neighborhood just the way it is.	Sep 21, 2009 8:16 PM
66	My neighborhood needs a small skate park. There are many people who have nowhere to skate and end up wandering around and using business and school areas. Our kids need a safe and somewhat supervised skate area where they can ride freely without hindering businesses and feel like criminals themselves for practicing the sport. We have a beautiful field for team sports we also need to support the kids who participate in individual sports. A skate park will draw not only skateboarders but BMX riders, roller bladers as well. Let's keep these kids in the neighborhood by providing what they need.	Sep 22, 2009 5:06 PM
67	more police patrols. repair the streets and sidewalks	Sep 23, 2009 3:55 PM
68	1) We desperately need a traffic light at the corner of 30th & University. It is so dangerous there. Yes there is an overpass for walkers but not for bikers. 2) I want to see a push for free or cheap bus service ultimateley for all residents of anywhere that the bus goes, but maybe start w/ Eugene? I would be willing to pay more property tax for that. We need to "get out of the box" (the "box" being our cars) if there is to be any chance of reversing the suicidal path this planet is on. #2 will reduce traffic congestion as well as helping save the planet !	Sep 26, 2009 7:15 AM
69	1.The bus service on the weekends is a bit odd, buses run only hourly. 2. actually there are tons of recreation options in this area, I just wish there were bike lanes so people would stop riding on the sidewalks. 3. Other..... I could NOT come up with three things I'd like to see improved so I took the easy way out and chose other.	Sep 26, 2009 4:09 PM
70	My neighborhood is great. It already does a great job on the three areas mentioned above (appearance, operating a business, and biking and walking). I'm not sure how the neighborhood would improve on these, however, along with a safe and quiet neighborhood, these are my top priorities and I am happy to take the opportunity to advocate for them.	Sep 28, 2009 5:16 PM
71	There aren't that many, and some of the houses could use some updating	Sep 28, 2009 6:04 PM
72	Improved bus service on weekends (bus routes 25/28/24/73). Consider maintaining a walking path from Hillside & W. Amazon to Fox Hollow French school to cut down on traffic through neighborhood. Also, it would be good to post school zone signs with lights and pedestrian crossings near Fox Hollow French school: It can be difficult to see and be seen by cars during school pick up/drop off. Please explain your answer(s) for the above question (three areas you would like improvements in):		
73	It would be nice if there were more community gatherings for people in my neighborhood that took place in the Southeast hills. It would also be great if there was more shopping available within walking distance; although driving down Willamette street into town is no hassle.	Sep 28, 2009 7:38 PM
74	E. I'm a big park lover, and there's only one nearby. I'd love to have more. F. Not much to do for fun around the neighborhood, although there are some nice trails right outside. K. Lots of green, lots of houses, a few schools, and a grocery. Would prefer more well-kept nature parks.	Sep 28, 2009 10:43 PM
75	Traffic is moving much too fast on Donald and Fox Hollow and becomes very heavy on Friday evenings and when people go to work or return home. Crime has become a hazard in the neighborhood especially at 29th and Willamette. It would be nice to have a dept. store in the area as they are ALL west or north of here	Sep 28, 2009 10:55 PM
76	There are not many recreation options. House rent is very expensive. The number of buses operating night time is too small.	Sep 29, 2009 3:17 AM
77	See answer in question 2-O under "other"	Sep 29, 2009 5:23 PM
78	1. people drive too fast on e 43rd Ave and Dillard 2. Just moved there, would like to meet more of the neighbors.	Sep 29, 2009 11:08 PM
79	Too expensive and therefore all white! This neighborhood should be accessible to everyone. Too many sexual assaults and bike theft. Always need better access to services.	Sep 30, 2009 7:23 AM
80	I can't think of any improvements from the list above. I would hate to see the forest behind Fox Hollow School developed. That would be a tragic loss of an incredible green space.	Sep 30, 2009 11:52 PM
81	Neighbors don't take care of yards/property Biking and walking: uprooted concrete on sidewalk, sporadic bike lanes, lots and lots of potholes in the street	Oct 1, 2009 8:12 PM
82	too far of a walk to the bus line and no bus in the summer	Oct 2, 2009 5:28 AM
83	#1 Better bikeways that are clearly marked & maintained will encourage cyclists to use bikeways, commute, and add multiple intrinsic values to the community. ***Liveability increases with increased safety from additional bike riders riding in larger numbers on better bikeways that are on roadways, not just bikepaths or sidewalks. ***Research has shown that common commuting times, frequency are sufficient to maintain a healthy exercise practice. ***Auto traffic slows when more cyclists are on the roads, and overall safety increases. ***Additional cyclists commuting reduce the # of single occupant automobile trips made on the roadways. #2 Bus service is an appropriate complement to bikeways. Not all people are able to use bicycles. Increased frequency, and non-radial busroutes other than E-Max, would increase feasibility as a viable competitor to the single occupant automobile. #3 Increase the multiuse zoning or encourage more density in existing multiuse zoned areas of SE neighbors. Organic foods, Dining, Offices, located in the SE neighbors area could reduce trip distances for fixed-frequency trips that most commuters make. "Green" or sustainable- market based products and services are in high-demand, and on a rise. An actual and whole-hearted effort to support sustainable, and organic living- practices in ANY part of Eugene will attract, and retain additional like minded citizens from all demographics. 84	<p>I would like to be able to walk to grocery stores, restaurants, bars, and stores. (Although the biking distance really isn't that bad.)</p> <p>Also, there is bus service nearby (Amazon Pkwy) but I wish it were more frequent, particularly in the morning; there's a random 30 minute gap in service right at a key time when I often need to get into town.</p>	Oct 2, 2009 3:30 PM
85	<p>My concern is to not be worried with needless business and housing that is already here. I have a common motto, "if it's not broke don't fix it".</p> <p>Unnecessary development promotes more needless sprawl, i.e. more homes equates to more banks, schools, grocery, and gas stations. Let's use what we got and harness a community that is localized, stable, and natural.</p> <p>Traffic Congestion- I just put that because it would be nice to see more citizens utilizing their own legs instead of an engine. :)</p> <p>Parks and natural areas can be improved by providing more trash and recycling receptacles. Amazon area pesticide spraying is causing many health problems for the southeast. Those with upper respiratory conditions sometimes cannot leave their homes. The healthy population is also suffering.</p> <p>Some of us are concerned about adequate lighting on the running paths at night.</p> <p>thanks!</p>	Oct 3, 2009 1:41 AM
86	<p>I would like to see more activities or events (such as the Amazon Park Campouts) that bring people in the community together and create an atmosphere in which we can raise our kids together.</p> <p>Secondly, I would like to see a variety of homes that would be affordable to rent or buy for the average/middle income family. I am the sole wage earner for my family and we want to buy a house in this neighborhood, but our options are limited.</p> <p>Overall, I feel safe in my area. However, there are 2 things that could be improved. First, the proximity of the EWEB transformers to people's houses. We live across the street from one and it seems like a health hazard to have one so close to our home. Second, the few hate crimes that have happened near Spencer Butte Middle School in the last 2-3 years were a shock and a disappointment. Most people in this neighborhood do not condone hateful or criminal behavior, but I am hoping that conditions & attitudes can continue to improve so that everyone feels safe.</p>	Oct 3, 2009 5:48 AM
87	<p>We live on E. 33rd Ave, which is very busy with auto traffic. The traffic control system placed between Donald and Hilyard St. several years ago, has been modified and is almost useless now. People continue to drive with speed much above the 25MPH limit and we seldom see police patrolling activity. Having only Ferry St. as the cross street between Hilyard and Donald St, it is very unsafe to walk across. Though the street is wide, I don't feel safe to bike on E. 33rd Ave. due to the traffic control island (proper name?), which is very ironic.</p> <p>We are also concerned with air quality during fall and winter with improper wood burning. When we just get out to our driveway, we often smell smoke with possibly plastic or some sort of "shouldn't be burned" materials from people's homes. Much of these may be due to ignorance, but others may be due to the wood stoves installed improperly and don't meet the code.</p> <p>Safety is mostly around the traffic issue. We feel fairly safe around here in terms of the crime level, though we've had a bicycle stolen from our backyard near the back door. I realize that only a handful of people create these disturbances, though.</p>	Oct 3, 2009 6:18 PM

88	<p>This appears to be an upper income neighborhood with a few rentals around, but I don't see affordable housing per se in this neighborhood. Also, if there is a senior retirement living area here, I'm unaware of it.</p> <p>Re - Biking and walking: It's a hilly area with tight/narrow roads. There aren't bike lanes in the residential areas - only on East Amazon and that street provides the best walking area also. That trail is awesome! I'm unsure what the city would do to improve walking or biking accessibility here other than build other trails.</p> <p>My experiences thus far is that the neighbors here are happy to complain but did not offer welcomes to the neighborhood or friendly outreach.</p>	Oct 3, 2009 6:39 PM
89	<p>The many bike paths are unsafe for walkers -- bike riders inconsiderate and even bullying. They should be required to be LICENSED, INSURED, and have lights and warning bells on their vehicles -- city spends a fortune on special pathways for them but requires nothing in the way of reciprocal responsibility.</p> <p>Parks need to be more accommodating for older users -- Amazon Park put in over a dozen benches, but with no backs or arms on them, -- doesn't work for elders. Also, they planted 3 trees at each, but almost none of those trees have survived.....what an outrageous waste of our tax monies!</p> <p>Also need to keep the MANY drunks away from the park and greenway area between Amazon and Tugman Park -- they congregate because of proximity of Albertsons (turn in bottles, get booze).</p> <p>Parks are for more than just youth and sports -- give some thought to how elders might use them.</p>	Oct 3, 2009 10:59 PM

91	<p>Police should make an effort to stop burglaries.....</p> <p>Speeding on Fox Hollow is a safety problem.....</p> <p>Taxes are getting too high and police (and sheriff) are concentrating their efforts on providing income for the City</p> <p>Add to this the poor management of Lane County and we are already looking for a place to move</p>	Oct 5, 2009 2:45 PM
92	<p>Burglaries in the neighborhood, not pursued by the police.</p> <p>Children littering and defacing property to/from school.</p> <p>Blind curve on Fox Hollow as it approaches W Amazon is an accident waiting to happen, especially for bicycles. It is difficult for me to get a bus in walking distance to lane or U of O. I have to walk to amazon station which take almost a half hour.</p> <p>Many people in the neighborhood are older and not as friendly as they could be, but it is better than other neighborhoods I have lived in.</p>	Oct 7, 2009 7:50 PM

95	<p>The large shopping center at 40th & Donald seems to be a NON-destination for the neighborhood, and the businesses suffer. We all drive past that center and head to 29th & Willamette. The walk ways are often covered with litter and cigarette butts.</p>	Oct 10, 2009 1:55 PM
96	<p>So many people walk and bike up Fox Hollow and I would love to be able to walk up to Ridgeline but I don't feel safe without a sidewalk and possibly some lights in the winter when it's dark in the mornings and evenings.</p> <p>I would love to live in a neighborhood where the neighbors all know each other. I am currently on the end of the street in a rental and there is a lot of turn over in the area and my neighbors are all pretty shy. Mostly I think this is a problem I need to solve. I'm not sure what the city can do.</p> <p>We had some items (snow tires) stolen off our property. The theft was lame but the circumstances were worse. It happened when we were out of town AND our dogs were with us rather than at the house during the day when we're out and the dogs are there. That makes me think someone was watching us and that freaks me out!</p>	Oct 13, 2009 5:23 PM
97	<p>The other section above clearly defines what I mean here by my first choice O. other. It refers to traffic speed and the fact that the street is used by folks from all the surrounding area as a pass-through, and is not considered by many as someone else's neighborhood. I spend a lot of my time, energy and money to improve and care for.</p> <p>Second Choice N. Safety - I feel that the speeds that drivers go down our street are extremely dangerous to everyone who uses the street for walking, biking, driving, and living.</p> <p>Third Choice M. Place I want to stay. Because I spend a lot of my time, energy, and money trying to care for and improve my property I feel discouraged by the lack of traffic enforcement and respect by drivers who use the street. It makes me wonder why folks are allowed to just charge through ignoring the painted devices and/or breaking down or off the prior calming devices with no protection or input from law enforcement. I would not feel safe trying to address the issue with people on my own and I sometimes even anger people trying to turn into my driveway, because they are so used to going straight down the middle of the road at excessive speeds with little regard for consequences.</p>	Oct 15, 2009 9:57 PM
98	<p>I would like to see more sidewalks in my immediate neighborhood so if I don't want to walk on the wooded path and want to stay nearer the houses I don't have to walk in the street so much. Also, (and I don't know what the city can do about this) I would just like the rental properties near us to be kept up nicer, especially the yards. It's sad to see some of these places so run-down or junk-y looking when the other homes and yards are looking well-cared for.</p> <p>I have to admit, I could get to know more of my neighbors better. Maybe I need to see what our neighborhood association is up to and see if they need help planning a party or potluck or something for us.</p> <p>Lastly (and this is connected with knowing my neighbors better) I'd like to have or find out if we have some kind of a neighborhood watch group or other organization that could help us all feel safer, including perhaps a plan for natural disaster or terrorist attack.</p>	Oct 16, 2009 7:16 AM

Please explain your answer(s) for the above question (three areas you would like improvements in):		
99	1.Donald street has a lot of traffic, because of the hill, people love to speed. Sometimes I have seen vehicle going in excess of 50 miles per hour on our street. We have a lot of children, bikers, walkers and wildlife on this street and would love the traffic to be aware and to slow down. (At least go the speed limit) What a concept! I am afraid that someday a skateboarder going over the speed limit and a vehicle doing the same will crash right in front of my house. I have seen enough dead animals and close calls. It would be great if something could be done about this problem.	Oct 17, 2009 6:52 PM
100	I feel I need to always have my doors locked due the regular inebriated homeless who pass by my home. Many houses are ill-kept (yards, house conditions) I enjoy the Amazon parks and paths - safety issues are a concern. I would enjoy neighborhood walks if the properties were more well-kept	Oct 17, 2009 7:30 PM
101	This city has little police patrol. I would feel safer with this. Theft is very high here, and much of that could change by having more police around.	Oct 17, 2009 7:44 PM
102	NO Amazon headwaters development!!!! The land that is already legally approved ??? there is too much tree cutting/clearing...looks like land slide time to me. The additional "park" of Amazon headwaters could make this a go to area...and support local restaurants, etc. Buy the entire site. Not exactly certain on this but I believe you did this right near Amazon Park and up Fox Hollow. They look like they fit and the management seems good as they are not looking like dumps.	Oct 17, 2009 8:01 PM
103	I would like to see a more realistic plan for development. For example, the Woodfield Station (Willamette Plaza to most of us) could have used a store such as a small Fred Meyer or Target or some other variety store like that. Big 5 sporting goods store is ridiculous. It doesn't have a wide range of sporting goods - nothing for runners. It only meets the needs of a few and the space could have been more appropriately used. We really miss the Emporium, so something that gives us some options so that we don't have to drive across town. We could just really use some more affordable options for a variety of shopping/eating experiences on this side of town.	Oct 17, 2009 8:05 PM
104	I really only know my next door neighbor. People don't reach out to each other very much around here. Maybe, it is because the neighborhood is in transition from rentals to family owned housing. That said, I could reach out more, too. We all could spruce up our yards a bit. People could drive slower down Amazon and Hilyard and there needs to be a bike lane going up West Amazon and down East Amazon and on Hilyard unless you want us on the side walk next to Tugman Park and down to the bike path.	Oct 17, 2009 8:24 PM
105	few opportunities to meeet with others..street design/park use(lack of) safe crossing for bikes and peoplo needed t 32nd and hilyard (in order to get on bike path0 going to 30th and hilyard is a dangerous crossing for people and bikes(traffic volume, speeds, and turning traffic at each corner, 4 lanes of traffic to cross in a residential neighborhood..what about an underground tube crossing at 32nd and Hilyard? common in Europe..already one at Amazon parkway and 30th	Oct 17, 2009 9:23 PM

106	Work on property crime rate. Clean up older properties.	Oct 17, 2009 10:07 PM
107	The bus service at night is poor I don't know Maybe another restaurant or two	Oct 17, 2009 10:07 PM
108	N. Better Police enforcement of speed limit postings C. Reduce thru traffic activity. E. More development.	Oct 17, 2009 10:19 PM
109	There is only one bus stop at Spring and 30th More access to the area around LCC Establish neighborhood watch	Oct 17, 2009 10:46 PM
110	H. New developments: Not really an addressable concern; '60's and 70's "modern" style architecture isn't coming back (hopefully) anytime in the near future. N. Safety: It seems that people really like to speed up and down Larch st. This is somewhat disconcerting as the top of the street is a blind hill/curve combination and many neighbors at the bottom of the hill have small children that play in the area. It is not uncommon to see vehicles traveling well in excess of the posted 25 mph speed limit. Myself and others have made complaints to EPD with no results. An occasional patrol would be nice; it would likely make the speeders reconsider their actions. M. Place I want to stay: I like this neighborhood; however, parts of it are kind of dumpy.	Oct 17, 2009 10:52 PM
111	More dedicated bike lanes, fix that horrible stretch of Willamette between 24th and 29th (two lanes, center turn lane, bike lanes on each side)	Oct 17, 2009 11:40 PM
112	1. Because of number of home break-ins, we feel nervous whenever we leave the house. 2. Despite years of asking the city to do something about enforcing the speed limit on Agate and making the street safer, very little has been done and I'm afraid nothing will until we have fatalities. 3. The closest bus stop is on 30th and University or 30th and Spring...very long walks in winter on icy hills. It would help if the bus stopped on 30th at bottom of Agate.	Oct 17, 2009 11:44 PM
113	I would like to see sidewalks on the last two blocks of 32nd, as it is the only access to our street. Everyone has to walk in the street with the traffic. Any kids living on Onyx and upward have to walk in the street to get to either Harris Elementary or Parker Elementary. More folks might walk to the places like Albertsons and Mazzi's if there were sidewalks.	Oct 17, 2009 11:49 PM
114	Appearance - The increasing number of rentals in the area is resulting in a some unkempt residences. Connectoin - Maybe for the same reason the residents do not seem to be overly friendly. Safety - Although there have never been any problems as of this date, our street seems to be the main path for bottle/can collectors going to the store to redeem the deposit.	Oct 17, 2009 11:59 PM
115	Bus service to 52nd and Willamette is almost non-existent.	Oct 18, 2009 12:17 AM

116	G. would like more nodal development N. bikes & cars - responsible behavior for both police patrols B. weeknd service would be great	Oct 18, 2009 12:27 AM
117	Continued mainenance of the natural areas surrounding the neighborhood.	Oct 18, 2009 12:29 AM
118	B. Bus service isn't too great out this side of town, especially on weekends. I'd like to see more buses after 6. G. I'd like to see a maybe a convenient store out East or West Amazon closer to my house, maybe some kind of small plaza. No big developments. It's pretty far to Albertson's on 30th or the Safeway in the Hills. It would do good business and bring the SE community together a little. F. I love all the parks and fields. The jogging trail is perfect. I'd just like to see a community center with a gym and maybe a sauna or indoor pool, something similar to Emerald Park out the River Road area. Amazon pool is great, just not open all year, no gym and isn't as close as I'd like it. We need something out past 30th. 40th even. I would GLADLY pay per use or for a reasonable monthly membership.	Oct 18, 2009 12:41 AM
119	there's not enough of a neighborhood feel with a choice of grocery/restaurant etc - i'd like to live in a neighborhood that's more walkable in regards to needs & services.	Oct 18, 2009 12:51 AM
120	A. Biking and walking. There are no sidewalks on Potter St. between 37th Ave. and 38th Ave. This is not really a problem for me specifically, though.	Oct 18, 2009 12:52 AM
121	1) We have children that bike to Spencer Butte Middle School and trying to cross East Amazon on Fox Hollow in the morning is hazardous. There is a stop sign at West Amazon, but nothing on East Amazon. With a bus stop there and the apartments as well, a cross walk or stop sign would be beneficial. This area is an accident waiting to happen. 2 and 3) We'd like to see less large scale development on the hillsides around our neighborhood and more areas left naturally. The developments on 43rd (up the hill) are really taking away from the natural beauty and will only increase the run off down the hills toward our homes. We've already had issues in the past and increased pavement and concrete, will only make it worse.	Oct 18, 2009 12:52 AM
122	O. Too many off leash dogs that can potentially threaten us and our dog. A. Biking and walking is sometimes uncomfortable with so many off leash dogs. K. A few too many rundown homes with unkempt and overgrown yards, that are fire hazards. K. Clean out more of amazon creek-better vision and safety for runners and walkers on the rexius path.	Oct 18, 2009 1:01 AM
123	NO NEW Developments! I do NOT want another high density development placed here. Neither the wooded location nor the roads nor space can tolerate it. Current development is at the limits of what this area can tolerate without losing quality of life due to over-population and congestion.	Oct 18, 2009 1:06 AM
124	Would like to see sidewalks in the many areas where there are none for safer walking (Dillard Road for example!). There are not enough parks within walking or biking distance. It would be nice to have more opportunities to do things as a community, either socially, or in activities that would enhance and improve the neighborhood.	Oct 18, 2009 1:26 AM

Please explain your answer(s) for the above question (three areas you would like improvements in):		
125	Would like to see the crappy run-down homes in this neighborhood renovated in line with the high rents charged by the absentee landlord and investor classes that control Eugene Inc. You didn't ask, but I'd also like to see Eweb restructured so that its services become affordable for the non-elites again. After rent (no bargaining power) and food (we have to stay alive), our next biggest bill is EWEB (anyone want to divulge what this monopolistic utility spends on salaries for its huge managerial workforce?).	Oct 18, 2009 1:26 AM
126	We have the Donald/40th area shops, but I would like to see some more restaurant/shopping options.	Oct 18, 2009 1:42 AM
127	Our neighborhood is great, the only improvements possible would be to further improve our parks and recreation areas, prevent traffic increase, and help keep up or improve the bike and walking paths/lanes/etc.	Oct 18, 2009 1:49 AM
128	need more commercial development in neighborhood.....without it use of a car is mandatorhy	Oct 18, 2009 2:15 AM
129	New developments - 40th and Donald shopping area could be improved upon	Oct 18, 2009 2:21 AM
130	The bus does not come up Willamette as far as my home.	Oct 18, 2009 2:36 AM
131	The traffic on Dillard Rd off of E Amazon is heavy and usually travelling at high speed. It would be interesting to pursue options to at least slow the speed of traffic on E 43rd Ave and Dillard Rd near E Amazon. There are several services close by but some other smaller businesses such as a corner store towards the South end of E Amazon would help create more of a neighborhood feel. I am not aware of the zoning for land on the South portion of E Amazon but if no commercial development is currently allowed, some should be.	Oct 18, 2009 2:47 AM
132	If the number of buses can be increased, that would be great!	Oct 18, 2009 2:52 AM
133	I don't like the poor lawn care. I don't like the junk outside a few houses.	Oct 18, 2009 3:12 AM
134	The roads are absolutely horrible in our neighborhood, especially Barber from Old Dillard, turning into South Shasta Loop. It is unsafe to walk - no sidewalks, narrow streets, high bushes. As soon as you crest the hill, you enter a much, much higher socioeconomic strata, and the streets are all perfect! We can walk up the hill and be on the trail to Mount Baldy, on the Ridgeline Trail system. The trails have been somewhat improved in the past 2 years, but poison oak and nests of yellowjackets keep us from going too often. I would love to be up there every week! With no sidewalks, it is difficult to get out walking to meet neighbors. It is very dangerous, both in walking and driving. Very narrow streets! Very poor condition of streets!	Oct 18, 2009 3:16 AM
135	Ingress and egress to shopping center and other businesses at 29th and Willamette poorly planned and very problematic. Also not enough parking for commuters at Amazon bus station, lot is full by 10 AM every day that LCC is open.	Oct 18, 2009 3:27 AM
136	The neighborhood can be made to better looking.	Oct 18, 2009 3:45 AM
137	C. there is LOTS of car traffic on this little stretch of Dillard Rd - need more access streets to the hill area. G. would like a moderate priced high quality restaurant addition nearby	Oct 18, 2009 4:27 AM
138	Fox Hollow's speed limit is way too high! It is too difficult to enter/exit my home and also meet with neighbors as the street is too busy with fast moving cars.	Oct 18, 2009 5:02 AM

Please explain your answer(s) for the above question (three areas you would like improvements in):		
139	<p>1. I wish there were more frequent cross-town buses (E-W) at 29th, 24th, and 18th Streets. Right now I have to go all the way in to the downtown bus station to get places in west Eugene that I'd like to go.</p> <p>2. The businesses at Edgewood Plaza (where Safeway is) seem kind of sad and run down. I wish that area had some better stores and more of a sense of vitality.</p> <p>3. I have only been in this neighborhood a short time, but I wish it had more of a sense of identity, like the Friendly Neighborhood, the Whiteaker and others. I do appreciate the annual picnic...</p>	Oct 18, 2009 5:19 AM
140	No improvements needed	Oct 18, 2009 5:31 AM
141	N. Too many drug/alcohol/drug users/dealers/loud parties and barking dogs whose owners care less. Not always going on, but enough over the years to be very unpleasant at times. A. Nectar Way between Whiteaker and Center has no sidewalk. Lots of people walk in street to go to park; cars freq. speed on Nectar: IT'S UNSAFE! L. Now that I'm disabled and unable to work, I would like to find more ways to make connections with (some) neighbors.	Oct 18, 2009 5:49 AM
142	<p>N. My home has been broken into and robbed within the past two years. Eugene has a serious crime problem.</p> <p>D. Random cars are left in our neighborhood. It takes weeks for them to be dealt with.</p> <p>E. I encourage the city to continue its investment in land for the Ridgeline Trail system and the beautiful parks in south Eugene.</p>	Oct 18, 2009 6:12 AM
143	Our street is long and is not welcoming to neighborly interaction. We need a SIGNIFICANT increase in area culs-de-sac and a retooled intersection at 35th and Kincaid.	Oct 18, 2009 8:36 AM
144	I had to pick something, so those are the areas I want the City to keep its eye on. I'm not dissatisfied with any of these areas. That said, bus service is half a mile away from the section of Brookside & Braeburn where I live, up and down steep hills. The only solution for elderly people who may no longer drive is thus taxi-cab, or move down to the flats. Just something to keep an eye on. Also, the access onto Willamette Street is increasingly congested. The Recession has slowed the problem and kicked the level back to what it was about 5 years ago, but as the economy picks up, the traffic will, too. An additional traffic light perhaps at 39th & Willamette will be needed sometime in the next five years. No doubt this will also help calm the speeders on Willamette Street.	Oct 18, 2009 9:46 AM
145	We need speed enforcement and traffic controls. Also, the roads are in such poor shape that a car may easily get pulled into a rut and hit a cyclist.	Oct 18, 2009 3:24 PM
146	<p>There are homeless people who continually go through the recycling bins at our house. They come right into our small courtyard to do this and it makes me very uncomfortable as several times I have almost walked out of the house as they were doing this. I don't think they would confront me, but I'm not sure and I don't want to find out. Our house was already broken into once and personal property stolen. Every time we go on a trip, I wonder if we'll come home to a ransacked house.</p> <p>The other issue that I would like addressed is the crosswalk at 30th and Hilyard, especially the lanes going east and turning right on Hilyard. I don't dare cross there with my baby as numerous times the motorists turning right have not looked to see if anyone is crossing and we have had several near misses with people cutting us off. I would like to see that free right stopped at that intersection.</p>	Oct 18, 2009 3:28 PM
147	The people in my immediate neighborhood are not friendly and do not take the time to get to know new people. We've been here 3.5 years and as much as we've tried, we've talked to each neighbor less than twice per year. Also, I am definitely the lowest income person on my block and there is not enough variety of income levels in this area. I want to stay here because of the quiet, the trees, the schools and I want to make sure that continues.	Oct 18, 2009 3:50 PM

Please explain your answer(s) for the above question (three areas you would like improvements in):		
148	We have a lot of college students that come and go so it's hard to make connections.	Oct 18, 2009 4:08 PM
149	Actually fairly comfortable with what is already in place.	Oct 18, 2009 4:12 PM
150	I like my neighborhood just the way it is. No more new development, please. No more on street parking, please. No more businesses, please. Keep the trees and hillsides natural. No more housing developments.	Oct 18, 2009 4:14 PM
151	Most aspects of my neighborhood are just fine.	Oct 18, 2009 4:15 PM
152	The bike path from 39th AVE into Tugman Park is extremely dangerous at the bridge area - I have seen several bike and children near mishaps (solution: run a new path along the creek and connect it to the other entrance); develop and improve the currently unimproved part of Tugman (i.e., the hill area); encourage more small businesses into the plaza on 40th - it would save driving to Woodfield Station Plaza.	Oct 18, 2009 4:25 PM
153	There are lots of funky homes around and it's a bit tacky overall. It's too far from shops, etc. for me personally. See above.	Oct 18, 2009 4:43 PM
154	My main problem is with the city planner, first off the decision to build numerous low income houses in the area off fox hollow and down by tugman park makes the area look and feel un-safe. Since the building of these areas there has been an influx in crime, my car was stolen, my neighbors had hate/race crimes targeted at them and tire slashing. I think to take an area that doesn't have too many newer areas then fill the spots with low income houses and not homes where people tend to stay and feel connected with the area was a HUGE disadvantage to the neighborhood, if we could take them out and sell the existing homes to families that would stay a life time that would be the best action to rectify the mistake. Also, the planner of woodfield station did an okay job but the parking and on/off street access is dangerous and I know many local people that avoid that area at all costs because it is not safe to get into and out of.	Oct 18, 2009 4:45 PM
155	Not as many parks as i would like. we need more bike paths.	Oct 18, 2009 4:50 PM
156	1. as described in "O". This area could be trapped by forest fire. 2. New I5 intersection and commercial development near LCC 3. Mtn bike access to all Ridgeline trails.	Oct 18, 2009 5:01 PM
157	condition of roads (esp. Willamette) needs improved over the long term	Oct 18, 2009 5:21 PM
158	I think all areas in Eugene need to improve on safety. Break in, stealing and transient population very concerning. Traffic on 30th is intense. Difficult to cross 30th at the cross street with Harris...	Oct 18, 2009 5:28 PM

Please explain your answer(s) for the above question (three areas you would like improvements in):		
159	<p>C: Traffic Congestion: I do not feel that our neighborhood is congested, per se. But I am concerned about a related traffic issue: speeding in residential areas. University Street and 32nd are both streets that get frequent use by pedestrians and bicyclists, including children. I would like to see attention given to the issue of speeding on those streets. I supposed this could fit under the "N" category also.</p> <p>A: Adequate housing for a variety of income levels. I am not knowledgeable about the low income housing options in Eugene. However, I am a proponent of clean, sustainable, and nice-looking housing options for low income populations. I believe this addresses equity issues and helps promote a diverse community. Therefore, I have chosen this as one of my priorities as an area I would like our community to be conscious of and engaged in.</p> <p>E: Parks and/or natural areas: I am so pleased to live in a neighborhood that has beautiful parks, running paths, connection to trails, and natural areas. I value this immensely, and have chosen this as a priority because I would like our community to maintain and sustain what is already here, and continue to work for expansion in the parks and natural areas in our neighborhood. It's an incredible asset to the community.</p>	Oct 18, 2009 5:30 PM
160	In the interest of the environment, I would like to see my neighborhood more easily connected to shopping areas and services. I would like to be less concerned about break-ins.	Oct 18, 2009 6:26 PM
161	<p>1 - need to fully protect the Amazon headwaters and the Ridgeline Trail corridor</p> <p>2 - seems like the bus only comes every 1/2 hr or hour; needs to be more often to be convenient</p> <p>3 - there is always opportunity for increased connections to my neighbors</p>	Oct 18, 2009 6:32 PM
162	<p>1) I think that new development in the hills around my house need stronger regulations regarding soil stability. The infill does not blend well with the neighborhood and the setbacks are next to nothing.</p> <p>2) You can't rent a house for under \$950 per month in my area and that is the low end.</p> <p>3) The weekends service is quite minimal.</p>	Oct 18, 2009 7:19 PM
163	<p>I. The neighborhood is mostly homeowners, so it may be hard to offer more housing for a variety of income levels, however, it is important for any community to have options as such.</p> <p>L. I wish there were more community activities, i.e. a more developed, less selective farmer's market? Though getting downtown from this area is not difficult.</p> <p>F. There are multiple parks, even including a swimming park, (Amazon, etc.), so I'm not really sure if recreational options could be improved on either.</p> <p>Overall South Eugene is a great place. :) One of the most comfortable areas I've ever lived in.</p>	Oct 18, 2009 8:09 PM
164	<p>1. I have concern that the appearance of the neighborhood is going down, people aren't taking care of their yards, there are more and more rentals whose owners do not maintain their yards which greatly contributes to the neglect and apathy of the whole neighborhood.</p> <p>City tree planting in the space by the sidewalks would help, especially across from Milton Park.</p> <p>2. New coffee shops, apartments, all with green designs (LEED certification) to make this a model neighborhood.</p> <p>3. continued upkeep on running trails has been essential.</p>	Oct 18, 2009 8:10 PM
165	<p>"Infill" development on tiny lots is a terrible fit for our neighborhood. It results in significant loss of privacy, increased noise, increased traffic, and decreased parking. See the spec house being constructed on East Amazon at 37th for an example of hideous infill development.</p> <p>Regarding safety, I would be interested in a Neighborhood Watch group starting here.</p>	Oct 18, 2009 8:18 PM

Please explain your answer(s) for the above question (three areas you would like improvements in):		
166	The intersection of 46th and Willamette can be dicey. People of speed on Willamette and cars turning on to Willamette from both 46th and Brae Burn Dr. often don't look for pedestrians crossing Willamette.	Oct 18, 2009 8:28 PM
167	I wish we had speed bumps on larkwood street on the way to fox hollow school. There is a home at the bottom of larkwood street, across from the french immersion fox hollow school that has had garbage sitting all over the outside of it for about a year. Can the city compel the owner to pick it up?	Oct 18, 2009 8:34 PM
168	1. Shadow Wood Park luckily doesn't get many visitors, but I would like more police patrols there at night because sometimes people are there late. 2. We worked hard to get E. 43rd and N. Shasta No-Parking Zones, but the city rarely patrols to ticket people who are parked illegally there. Anyone parked on that side of the street turns it into a one-lane street. 3. This neighborhood is bounded on three sides by some of Eugene's most rich and precious natural areas. It should be rigorously protected from dense, misguided, or environmentally insensitive development.	Oct 18, 2009 8:42 PM
169	You do not define what you think a neighborhood should be. In our immediate area you need to drive for everything, nothing is in walking distance and even if you use the bus you still have to walk up hill and for quite a distance. Many of the home owners in this area do not take pride in their homes which in turn reduces the value of our home.	Oct 18, 2009 8:55 PM
170	L. A connected neighborhood is a stronger community. A strong community is a safer, friendlier environment for all ages. It invites inclusiveness and helping each other during times of personal and community strife. A campaign encouraging streets to develop community within the larger sense of the city defined neighborhood areas is a start. O. This comes back to street repairs, vital for a strong transportation system. F. The closest senior citizens center for my neighborhood is the Campbell Senior Citizen Center. That means taking at least 2 buses to get there. There isn't much available here for people who don't jog or bike, walk long distances, or are connected to a public school. Maybe public schools need to open their doors as neighborhood senior citizen centers or crafts/cultural centers.	Oct 18, 2009 9:19 PM
171	There are a lot of homeless folks around. It would be nice if we could do more to get them off the streets and into a better situation.	Oct 18, 2009 9:50 PM
172	I don't feel the neighborhood needs improvement. It's great.	Oct 18, 2009 10:00 PM
173	This was a desirable and quiet neighborhood with a livable amount of foot, bike and vehicle traffic until the city "improvements" were made. It has become less desirable to live here. We are increasingly concerned about the aforementioned concerns highlighted in question 2.O.	Oct 18, 2009 10:14 PM
174	I am very happy with my neighborhood and can't think of anything that needs changing or improving.	Oct 18, 2009 10:49 PM
175	The bus does not come to my residence from Lcc. A man murdered someone on our street last year, making me feel unsafe. Homeless population dig through our trash making me feel as if our mail and security are in question. I would like to see more childrens parks with free access.	Oct 18, 2009 10:50 PM
176	Neighborhood commercial services are really too far to walk to.	Oct 18, 2009 11:10 PM
177	Get rid of the stadium lights. Get rid of the steel fencing and concrete eyesore sports arena that no one asked any neighbors about before building. Or, give all the neighbors adjacent to the sports eyesore and earache a huge tax break. At least that way we don't have to pay tribute to 4J to live on their land and put up with their noisy [REDACTED] too.	Oct 18, 2009 11:48 PM

Please explain your answer(s) for the above question (three areas you would like improvements in):		
178	More bike lanes; more local community organizations for community vegetable gardens; adequate housing for lower income levels	Oct 18, 2009 11:58 PM
179	Hilyard St. is really worn down and it would be nice if it was repaired.	Oct 19, 2009 12:06 AM
180	I would like to see less traffic in this area and more people biking or walking to the places they need to go. I also would like to feel safer on the street I live.	Oct 19, 2009 12:21 AM
181	b. there is only bus service on 30th street. e. a park up here would be great. m. have the neighbor with all 20 cats move to the country.	Oct 19, 2009 12:32 AM
182	Many families live here with kids and they seem uninterested with neighbors or they are students without time or effort to connect. A place to stay means havings friends in the neighborhood, this i lacking. New development seems to be upper class unlike the existing homes of middle class tennants.	Oct 19, 2009 12:34 AM
183	I like my neighborhood the way it is.	Oct 19, 2009 12:38 AM
184	I would like more walking trails, a safer area with more police to make us feel safe, and to keep them in jail when they break the law. I also want the parks expanded and the natural areas vigorously protected.	Oct 19, 2009 1:00 AM
185	A. Would like to see designated bike lanes on both sides of E. and W. Amazon, plus sidewalks on the west side (south end) of E. Amazon. B. More frequent bus service would encourage me to take the bus more often. N. I am always concerned about safety and rarely, if ever, see police presence on my street.	Oct 19, 2009 1:19 AM
186	1st choice: More traffic control.	Oct 19, 2009 1:54 AM
187	Would like to see continuation of small businesses local to our neighborhood	Oct 19, 2009 1:59 AM
188	Clean-up graffiti, particularly on the mail boxes and utility poles. The City does make an effort to clean it when it is reported (I keep the Graffiti Hot Line on my cell phone to report it when I see it.) Also, along Hilyard and Patterson in the vicinity of the university, many of the rentals are in need of repair and clean-up. Garbage and recycling cans are left at the curb even after the pick-up day. Garbage and debris litter the neighborhood, and it is an eyesore. Also, we wish the city could control the panhandling that goes on by the Albertsons store at 30th & Hilyard. When the panhandlers collect money, it is spent on beer and they sit around drinking along the Amazon. A neighbor observed a drug deal being made by one man who is on the corner daily.	Oct 19, 2009 2:13 AM
189	The complaints I have are probably not things you can change but here they are anyway since you asked. Some people I have encountered in this neighborhood are unfriendly. Drivers are terrible. I have no other complaints. It is a very nice neighborhood.	Oct 19, 2009 2:48 AM
190	The nearest bus service is almost a mile away and the terrain is steep.	Oct 19, 2009 2:50 AM

Please explain your answer(s) for the above question (three areas you would like improvements in):		
191	<p>I want to get to know my neighbors better on a personal level, especially since the recent home fire around the corner.</p> <p>I'd love to have people slow down in our neighborhood where lots of children play. Because other streets near us have traffic calming zones, our street becomes the next busiest. I'd love to have speed bumps or other traffic calming zone work put into place.</p> <p>Our neighborhood tends to host mid-to-upper economic class people and I'd be interested to see this diversified across economic levels.</p>	Oct 19, 2009 4:15 AM
192	<p>I am nervous about cycling with my child in a trailer-there is some fast driving down the hills and on busy streets. Also, I am a little nervous about crossing busy streets while jogging in the mornings, the traffic is not always careful about pedestrians.</p> <p>The bus service was good to take while I was pregnant. It could be a little better with more frequent service to the university-but it is pretty good.</p> <p>I do enjoy some of the local businesses, I'd love to see more cafes and such.</p>	Oct 19, 2009 4:20 AM
193	Like it all, nothing to complain about. It would be nice to have a closer coffee kiosk. :-)	Oct 19, 2009 5:25 AM
194	<p>B. 1. unable to access bus on Donald unless hike through woods and poison oak 3 seasons, mud 3 seasons. See answer to A. 2. Too long a hike to existing bus service way down on Willamette.</p> <p>L. neighborhood association is not meeting, we do not greet or know newcomers. Need regularly scheduled ongoing organized potlucks or picnics or teas or appetizer or dessert gatherings.</p> <p>A. Need gate at end of Deer V. Dr. with lock box for neighborhood to access hiking trails to east. Too hilly to bike, in winter too icy to walk. Street not plowed.</p>	Oct 19, 2009 6:22 AM
195	<p>There are a number of empty buildings in the area near Market of Choice. I would love to see new, successful businesses.</p> <p>I do not like the strip-mall like appearance of the shopping areas.</p> <p>I would like to attend neighborhood gatherings but have not been available to attend the ones I saw advertised.</p>	Oct 19, 2009 2:25 PM
196	<p>The unkept look of numerous rental units brings down the quality of our neighborhood.</p> <p>South Eugene has limited restaurants and convenient businesses - but this is not a huge problem as I find Eugene is easy to get around in so it's not a big deal to get to a good restaurant...but it would be nice to be able to drive less.</p>	Oct 19, 2009 4:14 PM
197	<p>Tugman Park is on the fringe of being taken over by homeless and gang, drugs...we try to keep it cleaned out, but it gets harder every year</p> <p>the traffic speeding up 36th to Donald is extremely fast.</p>	Oct 19, 2009 4:20 PM
198	Refer to 'O' (other) for the explanations.	Oct 19, 2009 4:44 PM
199	The grassy areas surrounding Amazon Creek need to be mowed. The brushy area next to the creek would be easy to hide in. The brush should be thinned out. We live in the city, not the country. I am not interested in saving threatened plant species within the city limits.	Oct 19, 2009 4:50 PM
200	None. The neighborhood is great. The only problem is an overabundance of turkeys which cause property damage.	Oct 19, 2009 5:35 PM

201	Traffic congestion should be traffic control. Other is City Council person who is of this world.	Oct 19, 2009 6:22 PM
202	<p>1. Too much street parking. Why can't people use their garages and/or driveways. People park on both sides of the street which makes for a narrow passageway which I think is dangerous.</p> <p>2. no easy access to the common areas that are supposed to be open to the entire neighborhood and not just the houses that border them.</p> <p>3. I had a lawn mower stolen that was temporarily setting at the side of my house. Having people cruising looking for things to steal does not make me feel safe.</p>	Oct 19, 2009 6:33 PM
203	Fairly dense as it is, so not much room for more natural area. What is available should be maintained. Concerned with bridge in the Shadowood park with no railings. Safety issue.	Oct 19, 2009 6:37 PM
204	See the note with other regarding speed bumps or the like needed. There is no bus on Brae Burn or Brookside Drive. Too many hills to navigate as we age, especially in the rain and neighbors not cleaning the side walks. Restaurants, etc. do not survive in our area.	Oct 19, 2009 6:44 PM
205	<p>N. There are a number of "street" people that roam -- making me feel uncomfortable.</p> <p>K. While most of the neighbors keep up their homes and yards, there are some that do not -- which detract from those that do.</p> <p>H. Any new developments in my immediate neighborhood would probably mean panhandle lots -- which I do not consider attractive; it also minimizes yard size.</p>	Oct 19, 2009 7:02 PM
206	No need for improvements, thank you. It's just fine the way it is.	Oct 19, 2009 7:24 PM
207	<p>1. While we enjoy and take advantage of Tugman and Amazon Parks, we would definitely like to see more natural areas preserved - such as the Amazon headwaters area.</p> <p>2. Donald St. can sometimes resemble a race track! Both walking and biking would be safer and easier if people obeyed the speed limits and stop signs. The intersections around Spenser Butte Middle School are pretty much a free-for-all during drop off and pick up times!!</p> <p>3. We are actually very happy with our neighborhood. Would hate to see any big new developments that would change it.</p>	Oct 19, 2009 7:46 PM
208	<p>Our back yard backs up to 30th Avenue and it is terribly noisy. Semi trucks use their jake brakes, motorcyclists race, cars use the road as a drag strip...this disturbs the serenity of our home and garden. We do no entertaining outside because of the constant noise.</p> <p>Transients live in the woods near our home. Their camps are periodically found and dismantled. This is a concern for the entire neighborhood.</p> <p>Continued improvement of the Ridgeline Trail is appreciated. Vandals are already defacing and stripping bark from the trees along the new path.</p>	Oct 19, 2009 8:13 PM

210	<p>1) Since there many speeding and negligent motorists, it is often dangerous to cross Amazon Dr. and even Potter Street. In order make the E. Amazon Dr. intersection with Potter St. safer for children and adult pedestrians, it would be good if the city would place an full 4-way stop at that intersection. Also, a pedestrian signal should be placed at E 39th Ave. and E. Amazon Dr. to insure safe crossing of school children and Kincaid Park users.</p> <p>2) It would be desirable to move more through traffic onto Amazon and off of Potter Street.</p>	Oct 19, 2009 9:33 PM
211	I would like to be able to park my car on the street and not have the windows smashed in. It happens frequently (2 times to me in one year) in this area. I would also like to see more bus stops and EMX style buses going over the 30th street hill to Lane College.	Oct 19, 2009 9:41 PM
212	H. Some new homes in the area are of very diverse design and size compared to existing homes. The "In fill" of housing on existing lots should be compatible with the current neighborhood, in size and design rather than being huge homes, or ones of unusual design. They are not complementary to existing homes. K. Some homes in this neighborhood are in poor states of repair and/or have overgrowths of vegetation that decrease property values. Would like to see the community get involved in helping people fix their homes and property by offering low-interest loans, or volunteer fix-up projects, sort of "Habitat for Humanity" type help to these homeowners.	Oct 19, 2009 10:02 PM
213	<p>1. More parks or open flat areas</p> <p>2. More organized functions for neighbors</p> <p>3. More retail establishments and services</p>	Oct 19, 2009 10:09 PM

215	I would like to see more street lights to improve safety. I cannot think of any other of the listed items I would like to be improved.	Oct 19, 2009 10:19 PM
216	<p>B. Would be nice for older people to have bus service along braeburn, but this may be impractical.</p> <p>O. Braeburn and Normandy need resurfacing.</p> <p>N. Continue to protect neighbors greenbelt buffer from encroachment by Resthaven cemetery.</p>	Oct 19, 2009 10:35 PM
217	We need speed humps at Tugman Park. People drive too fast going up and down Hilyard St.!	Oct 19, 2009 10:35 PM
218	<p>1st..Native plantings at Tugman, or anywhere, must not turn in 6 foot grass where transients hang out. This is becoming a problem all along the Amazon Slough. VISIBILITY makes it less attractive for them. I don't like to see transients and drugs moving into my neighborhood.</p> <p>2nd...New developments. The concept of "infill" in neighborhoods is good but too many new developments spoil former neighbor's views, privacy, livability. There should be higher or more restrictive standards which brings me to...</p> <p>3rd...Parking! Where are we going to park all the cars that will move into all the new tall apartments popping up near campus? OK. It's not exactly my neighborhood, but I have to commute thru this area every day. New development needs to have realistic, adequate parking.</p>	Oct 19, 2009 10:41 PM
219	<p>1st Choice: While traffic is not heavy, drivers speed excessively. There are duplexes and homes that are rentals which brings in more transient types of renters.</p> <p>2nd Choice: The city does not maintain curbs and sidewalks. Many residential homes are now rentals and are not maintained very well.</p> <p>3rd Choice: It is 4 blocks to the nearest bus stop and during snowy weather much further because of the hills.</p>	Oct 19, 2009 10:41 PM

220	c. speeding is a problem l. need to know more people e. natural development versus artificial sports fields.	Oct 19, 2009 11:05 PM
221	D. The parking up 43rd, off Dillard Rd is very limited. Due to the narrow road, people are forced to park one one side only, and it seems that every person renting the houses across the street has more than one car... I have been involved in epic battles of wit, and spot stealing in my culdesac. O. I believe traffic safety courses should be offered to the local deer population. They do not seem to understand the concept of horns, flashing lights, or the stopping distance of a moving vehicle.	Oct 19, 2009 11:31 PM
222	we currently do not have a bus service within a close walking distance. Neighbors were robbed in broad daylight. People park too many cars on the street and block the road. They should be ticketed and/or towed.	Oct 19, 2009 11:46 PM
223	Can't think of improvements I would make	Oct 19, 2009 11:51 PM
224	None....all are adequate	Oct 19, 2009 11:51 PM
225	It is at least 2 miles to nearest grocery, and there is only one restaurant within that radius also. I don't mind driving or biking, but it would be nice for those not as mobile to have more choice. I suspect that zoning ordinances restrict this area to residential?	Oct 20, 2009 12:25 AM
226	Would be nice to have bus service all the way up Willamette St. Other than that, we love our neighborhood.	Oct 20, 2009 12:51 AM
227	Large, heavy trucks (including Eugene city maintenance vehicles) drive right past the "no trucks" roadsign symbol posted on Old Dillard Rd off Dillard Rd, and further damage our narrow, winding, potholed residential Barber and South Shasta Loop streets. They have fabulous alternative access via broad, paved new streets for all the addresses on Spring Boulevard ridge and upper E. 43rd by using E. 30th to Agate or Spring. (I believe GPS may be erroneously directing them the hard way.) Their intrusion puts a heavy burden on our barely adequate residential access and is certainly more challenging for their drivers and trucks. They generate unnecessary neighborhood noise pollution and create awkward challenges for 2-way traffic. A simple education program for city workers would help and signs that redirect the unknowing to a sensible access.	Oct 20, 2009 1:01 AM
228	We love living here. We have bus service on Donald St., but it would be a bit of a hike for an older or disabled person to get to it. It would be great to have a bus stop on Willamette and Marlboro.	Oct 20, 2009 1:07 AM
229	1 - Where's the neighborhood block party? I'll bring the margarita machine. 2 & 3 - I'd rather work at preserving the natural beauty of the area than allow developers to come in here and muck it all up with little boxes made of ticky tacky.	Oct 20, 2009 1:38 AM
230	Living in this neighborhood cuts you off a little bit from the convenience of living out of the hills. There aren't any places within walking distance like small markets or coffee shops. On 30th near LCC it would be nice to have something like a Dairy Mart, drive thru coffee, or small market.	Oct 20, 2009 1:55 AM
231	1st. Pave lower Old Dillard Road 2nd. Pave Dillard Road where the "S" turns are. Very dangerous for cyclists. From "Eugene City Limit" sign to bottom of hill. A lousy entrance to Eugene. 3rd. Nothing else	Oct 20, 2009 3:00 AM

233	There IS crime here, rarely see a police car.... Not enough locals shopping here.....there are NO health food stores south of 30th.Maybe a South East Farmers Market?	Oct 20, 2009 3:56 AM
234	I would like some new families to move into the several houses up for sale on my street... and I would like those families to be nice and friendly and not mean and nasty like some of my current neighbors. Public safety needs to be improved in the entire city. Other - extreme people and situations are not welcome... I want serenity when I am at home.	Oct 20, 2009 3:57 AM
235	Expanded routes and times for neighborhood.	Oct 20, 2009 4:20 AM
236	No areas to improve on really	Oct 20, 2009 4:26 AM
237	More development where the community can come together more, safely.	Oct 20, 2009 5:18 AM
238	I wish there was a Bi-Mart or Fred Meyers closer to Southeast Eugene. I frequently have to drive to west 11th to do my shopping. Most of the new stores that opened at Woodfield Station I have never been inside.	Oct 20, 2009 6:15 AM
239	I'm not sure what to suggest, other than perhaps a neighborhood watch or perhaps an occasional police drive-by. My house sits next to a large wooded area and has been a target for break-ins since I moved here in 1981. I have had a stand-alone (unmonitored) home alarm system, as I travel frequently away. My friends in other less-safe looking areas of the city have not had the burglary problems I have. Otherwise, I am happy with my neighborhood as it is. It's not really a place for businesses, better bus service, or housing for a range of income levels.	Oct 20, 2009 6:24 AM
240	We moved to Eugene 7 years ago from Idaho. We like this neighborhood because we thought it was safe and clean and natural. We are outdoor naturalist types for whom cleanliness (no graffiti either) and safety (being able to walk without being chased by stray dogs) and natural appearance in harmony with the earth (no more strip mall development like 29th & Willamette area) are imperative.	Oct 20, 2009 10:43 AM
241	IK. t would be nice if people would keep up their yards a little more and not leave tarp covered items within site. C. I would want to be sure they NEVER remove the barrier at Fox Hollow and Dillard. If they did we would all move.	Oct 20, 2009 3:20 PM
242	PSYCHOTIC PARENTS RACING< SPEEDING AND ENDANGERING myself, my dog and my neighbors' lives. I don't care if your kid goes to school at the snobby french school and you are late every day, that doesn't give you the right to speed and drive like [REDACTED] maniacs in MY NEIGHBORHOOD!	Oct 20, 2009 4:00 PM
243	It feels like while there is adquate housing in the higher end market there is very little for lower income families. There is barely adequate shopping for basic necessities, but very little in the way of discount shopping. In our neighborhood people generally stick to themselves only coming out and interacting in the warmer months.	Oct 20, 2009 5:02 PM
244	Streets need to be resurfaced without changing size or configuration. Should be city responsibility to repair and properly maintain.	Oct 20, 2009 5:41 PM
245	More habitat restoration along Amazon Creek, please.	Oct 20, 2009 5:49 PM
246	Stop new development in natural areas/farmland. Concentrate building SMALLER, smarter houses for lower carbon footprint, public transport access, and a variety of income levels Increase cooperation/resource sharing in neighborhood Continue bus services into residential areas, extend for better access in hills	Oct 20, 2009 6:28 PM
247	Hilyard to Amazon becomes somewhat congested during rush hours... also people speed too much up Hilyard, in my opinion. The merging lane from 30th and Hilyard onto Hilyard is also dangerous. People in the merging lane seem to not feel they are supposed to wait to merge with others. Safety--just would feel more safe if so many cops weren't around checking on the homeless population. I am not against homeless but when I see cops around I tend to think there are some problems.	Oct 20, 2009 6:28 PM
248	None. Lets leave it as it is.	Oct 20, 2009 6:52 PM

Please explain your answer(s) for the above question (three areas you would like improvements in):		
249	Appearance - I would like to see people have more pride in their properties. Clean up, and keep maintained. Safety - I would like to see more neighborhood watch New Developments - I would like to see businesses on South Willamette get a face lift.	Oct 20, 2009 7:16 PM
250	1. There are nice hiking trails, but no other recreation options. 2. No housing for lower income levels. 3. We have some vandalism off and on. I don't feel as safe here as I used to.	Oct 20, 2009 8:37 PM
251	1. I would like traffic control to slow down traffic on E. 40th Ave between South Willamette and Donald Streets. I have small children and I see cars traveling this section in excess of 45 MPH on a daily basis.	Oct 20, 2009 8:40 PM
252	Don't know how it would be improved, but when people park on E 43rd it can be difficult to navigate the streets.	Oct 20, 2009 8:47 PM
253	Our immediate neighborhood above 40th doesn't have anything resembling low income housing. A St. Vincent de Paul low income development like by Tugman Park would be nice. I have become involved in efforts to put in a community garden behind the Edgewood Pool. Also in projects to develop gardens at Spencer Butte and Edgewood schools. We have lived here for 35 years, and it has only been in the last year that we have started monthly neighbor gatherings. It came after an Obama house meeting when people expressed the need to break out of their isolation and help one another. Within 20 yards of our home, we have three women who were widowed last year. Before that, we're been what I would call a stick-to-yourself neighborhood and not very friendly or hospitable.	Oct 20, 2009 9:11 PM
254	While bus service is very accessible, LTD needs to service this area more (weekend schedules, more frequent stops).	Oct 20, 2009 9:59 PM
255	I love the neighborhood and have no desire to see improvement except that there is far too much noise with machines (leaf blowers and other motor-driven machinery running during the day and on weekends). This is highly annoying. I would like to see some regulation to set hours for these machines to be used.	Oct 20, 2009 10:21 PM
256	Commercial development is subpar - redevelopment needed. Willamette St. needs bike lanes. Crime is high.	Oct 21, 2009 1:19 AM
257	Though neighborhood safety is reasonably acceptable, decreasing property crimes throughout the neighborhood & panhandling by homeless neighbors along Hilyard and the bike paths would make this neighborhood significantly more comfortable. My family enjoys walking & biking in the neighborhood. Though not a serious problem there are abandoned automobiles, some trash along the streets and some rental homes in need of better upkeep which prevent the neighborhood from being as pleasant as it could be.	Oct 21, 2009 1:41 AM

Please explain your answer(s) for the above question (three areas you would like improvements in):		
258	<p>A. Missing sidewalks in some places hinder walking. The intersection of 43rd Av and Dillard Road is dangerous when crossing 43rd. Walkers on 43rd and wanting to cross to the north can be hard to see for traffic northbound on Dillard. Trees block line of sight.</p> <p>Some neighbors allow their shrubbery to grow out over a large part of the sidewalks in the area.</p> <p>B.It is difficult to enter 43rd Ave. from Shadow Wood Drive. The configuration of 43rd and parked cars can force a driver to drive well out onto 43rd in order to see to the right. Meanwhile, a dip in 43rd blocks lines of sight to the left along Shadow Wood.</p> <p>C.Some neighbors do not care for their property and the property becomes an eyesore. A Register Guard employee delivering a late newspaper thought the house across the street from me was a rental because it is so run-down in appearance. It is owner-occupied. The yard is a jungle of dead plants. My neighbor is the worst example of several in this neighborhood.</p>	Oct 21, 2009 2:20 AM
259	<p>1st - from 18th up to 52st St.on Willamette St. the street is really bad in some spots at 32th to 46th St.It's to dangerous to drive on with deep ruts in the pavement the pull your wheels side to side.</p> <p>2nd - Bus service stops at 46th Willamette for the people living at the Rockridge and the Highlands Conds we have that BIG Hill go up it's to hard and in the winter it's bad.</p> <p>3rd - We need a traffic signal at Stonewood and Willamette! before someone is really hurt or dies!</p>	Oct 21, 2009 2:58 AM
260	<p>1. I would like to see more activities for teens, such as lower cost swimming pool, or covered sports area for youth to come and socialize together, or crafts for younger children to participate in. Something for youth to spend time with other than video games or television</p> <p>2. I would like to see some enforcement of bicyclers being made to use the bike lanes provided for them, especially on Fox Hollow. They seem to think they are motorists, and frequently travel in the driving lane, which on a curve, can be hazardous to try to pa.ss them.</p> <p>3. Having interaction between the school children from Edgewood or even Jumpstart Academy and the seniors in the Fox Hollow Nursing Home or the Eugene Good Samaritan Center would be wonderful for both ages involved. 268	I LOVE everthing about my neighborhood. That's why I chose it. The only problem is that there aren't sidewalks everywhere. There are a lot of walkers & joggers in our neighborhood, but cars are speeding down the hill on Agate. we also need a crosswalk/flashing traffic light somewhere on 30th. The bike bridge is too difficult to use, especially for kids. The speed limit needs to be changed. I suggest to lower the speed limit to 35 by the bridge/on & off ramp to spring. It's hard to get out from Agate onto 30th with a 45 speed limit. Not very safe at all.	Oct 22, 2009 12:05 AM
269	Roads could be better paved, maintained and improved. Alternative transportation routes, like bike paths, should be preserved, maintained and developed further throughout Eugene. Parks and natural areas, along with recreational space, are of great community value and should be preserved, maintained and improved.	Oct 22, 2009 12:19 AM
270	I bought a house that basically stole my artistic heart.. the woods, the layout, the windows, the forest... I'd never lived up a hill.. I didn't realize how much I'd miss just walking out the front door to go 5 miles, instead of driving down the hill to walk 5 miles. I absolutely miss biking. I will never be the "jock" it takes to get from my front door to Hilyard & 30th and back.. my sons and husband on the other hand.. always have been rather into "extreme"	Oct 22, 2009 12:40 AM

272	More affordable houses/duplexes for low-middle income families	Oct 22, 2009 2:33 AM
273	I want to keep development at a level that suits the neighborhood- small eclectic family owned businesses with attention to environmental sustainability. The national chain businesses do not match values of this neighborhood, and I do not shop at these places. I like our neighborhood being unique and diverse. I would like more emphasis on open spaces and natural parks and recreation within our city borders.	Oct 22, 2009 2:48 AM
274	The bike paths are being rebuilt but there are just a few additions still needed. The flooding of the Amazon Creek paths (between E & W Amazon, SE off Hilyard) need to be fixed. Ask any walker/runner where the problem spots are. This could be done at close to \$0.00 to City if grants (materials & supplies), College & High School volunteers along with the running and bicycle community were to donate just a bit of time and energy (required matching funds).	Oct 22, 2009 3:29 AM
275	It would be nice to have buses run longer hours on the weekends. I would like to have more get togethers with neighbors perhaps some recreational activities to get to know neighbors.	Oct 22, 2009 4:37 AM
276	The general difficulty and high expense for developers, particularly those that have larger pieces of property effectively drive our inability to meet buildable lands inventory and is unfair to property owners while catering to special interests.	Oct 22, 2009 2:34 PM
277	On my street (Kincaid), there are four large dogs from two different houses that periodically run loose. The day before yesterday another dog from Alder St was captured on my street. Two of the Kincaid St dogs who live together are unneutered male pitbull/lab mixes. Since my niece in Alaska had reconstructive surgery on her face from a pitbull attack (the loving family pet of a friend), I no longer feel as safe walking the neighborhood as I once did. Please explain your answer(s) for the above question (three areas you would like improvements in):		
278	<p>A) It's difficult to bike or take the bus from my home to point east, which is where my child attends school and where many of our friends and our extended family live. Occasionally we walk or bike when we need to go east, but mostly we drive, despite being fit enough to enjoy the walk or bike. I would love to see an east-west bike path in southeast Eugene , preferably near 29th Avenue...but where and how? There's a bike lane on 29th, but it's right down there with the busy traffic and is scary to use if you're at all faint of heart. Also, many drivers are unwilling to share the road with cyclists. My husband commutes to work by bike and gets yelled at about once a week simply for riding his bike, even though he follows traffic laws. Everyone needs to be more aware that harassing or hitting cyclists is a crime. It would be great to see some heavy-duty ticketing of those who endanger cyclists and pedestrians, as well as warnings given to cyclists who disobey traffic laws.</p> <p>It would be lovely to have a crosswalk or two painted on Lincoln St. near the Willard school building. There's a faint ghost of one on the pavement, and when my child and I cross that street, I gaze upon the faint hint of a crosswalk with longing. :)</p> <p>B) I'd love to see more police patrols in Amazon Park, especially the outlying wooded area to the southeast, where drug users and homeless people hang out. I love to walk but avoid this area when I'm alone or with my child, even though it's just between my house and the playground, which my family frequents. I've been harassed by presumed drug addicts in the park, and often there are groups of teenagers blocking the bike lanes, which can feel threatening to a woman who's alone. These kids should be encouraged to stay in the park -- they need to be there more than anyone -- just not clogging up the bike lanes.</p> <p>L) No one wants their own alley or backyard to be built up, but it's part of the price we pay for having gorgeous natural areas so close by. We need to continue to enforce an urban growth boundary and encourage dense population in the center of the city and near the university, while supporting businesses that help the downtown thrive. This will help the duller residential neighborhoods stay boring/calm/lovely while providing a lively downtown center for those who want more excitement. More support for homeless people seems to be needed too....</p> <p>PS: We love it here!</p>	Oct 22, 2009 5:42 PM

281	<p>Enforcement of existing codes. For example, there's a house on Willamette St near 36th Ave that was moved in circa 2002. It's high up on a created foundation, with windows boarded up--totally unfinished and an eyesore. Why is this allowed by building inspectors?</p> <p>Also, a few houses on nearby streets have an assortment of old cars cluttering up the property or even parked in the street in front of an address. 285	<p>1ST CHOICE is explained in the other column above. The traffic congestion and lighting caused by the new playing field at Spencer Butte Junior High.</p> <p>2ND CHOICE is partly caused by the above and also caused by continued growth in the neighborhoods above us. Please now cut thru my street to speed up their trip to 46th and Willamette causing concerns for the pets and children.</p> <p>3RD CHOICE I would love more opportunities to meet and collaborate w/my neighbors.</p>	Oct 23, 2009 8:10 PM
286	Somewhat isolated from most neighbors, most people in neighborhood would not ride bus anyhow. It's a long walk to recreate.	Oct 23, 2009 9:36 PM
287	There are too many homeless people that hang out in the alleys and along Amazon creek that leave trash, camp and generally leave me feeling like the neighborhood is dirty and unsafe. Another problem with my neighborhood is that more owners are moving out and turning the houses into rentals for students. Several homes on my street are rented to multiple students living together which means more cars, noise and junk in the yards and driveways. These rentals homes and yards are not maintained well or even hoped to be improved. I love my house that we newly remodeled but feel I want to find another neighborhood that has homes owned by people who care about maintaining and improving their property.	Oct 23, 2009 9:43 PM
288	<p>The houses are mostly on large lots, separated by fences. The neighbors that walk by are friendly, but there doesn't appear to be a lot of other interaction.</p> <p>Sidewalks are 'spotty' thru this neighborhood, making walking a challenge at times.</p> <p>We don't use the bus because the nearest stop would require us to walk/push a wheelchair up the very long hill at 30th and Spring.</p>	Oct 23, 2009 9:54 PM
289	I would like to improve the safety of walking and biking on 30th ave. It is an unsafe street for pedestrians and bikers to cross. I also feel like there should be a school zone designation for the hours/days when school is in session at Camas Ridge. Maybe not as slow as 15 mph, but even 25 would be nice. It just seems that people coming down the hill are usually going about 40-45 which makes it very hard to cross, even when there is a break in traffic for a second.	Oct 23, 2009 9:58 PM
290	All of the above are controlled by government regulation. When bus service should be expanding and fares dropping, just the opposite is happening. When business development should be encouraged and accommodated the opposite is happening. New development is thrust upon neighborhoods based upon the clout of the developers (U of O comes to mind) and not the impact upon the citizens of Eugene.	Oct 24, 2009 12:15 AM
291	I think there should not be such a strong disregard for new development in Southeast Eugene. I feel like this area is run by anti business and antigrowth people, who don't represent all in this neighborhood. I am fine with being green, but I feel there has to be a balance and there is not.	Oct 24, 2009 12:27 AM
292	We are an older area that could use some updating in housing options and additional development.	Oct 24, 2009 1:51 AM
293	<p>While there are great options for walking (Rexius and Ridgeline trails) riding a bike in this neighborhood is hazardous.</p> <p>There is a pretty big divide between those people who live directly on E. Amazon and those who live just off it -- income level is probably a big difference. Some neighbors on E. Amazon think nothing of late night parties on week nights. Our proximity to E. Amazon on a quiet culdesac means fairly high traffic and risk of property crime.</p>	Oct 24, 2009 7:02 PM

302	<p>We have no children, however, those who have must take them by car to a playground, let them play in the streets or keep them home.</p> <p>Frankly. I don't see that there are any priorities in this neighborhood that can justify using the limited city funds. ahead of the many urgent needs in other areas of the city.</p> <p>Indeed, the continuing neglect of street re-surfacing (even seal coating streets) should have higher priority here and in many like areas before the programs cited herein.</p>	Oct 25, 2009 6:48 PM

304	The one thing that would be nice would to have a locally owned small grocery like the Kiva or Sundance in walking distance. Somewhere around Mazzies or the dairy mart on Hilyard and West Amazon @ least. Not a big grocer...just something that would fit into the community but would be a bit closer. I appreciate the wonderful Ridgeline trail system and the protection of these natural resources. Continuing to maintain and protect this area from development is very important to me and is a huge asset to our community.	Oct 25, 2009 7:28 PM

307	I'm not a business owner (nor would I want to be!), but in the Amazon neighborhood (East and West Amazon) there are not businesses (other than a couple of restaurants near Hilyard), so everyone has to drive to get groceries, go to a cafe, etc. I know it's all zoned residential, but this is the one thing that I'd change about my upper-Amazon neighborhood.	Oct 26, 2009 2:28 AM
308	I feel that the rent on some of the older homes in this area are above a reasonable price, possibly driven up due to University of Oregon Student housing.	Oct 26, 2009 2:49 AM
309	Although compared to where I work (Beltline/Chad Drive/Crescent St area) the traffic congestion is NOT bad, I have noticed that the amount of traffic on both E. and W. Amazon (esp East) is steadily increasing...especially the numbers of cars with one adult driving one child to the local schools (I live near Eugene Christian School, the lineup of large SUVs and vans delivering a SINGLE child in the mornings is sad...don't they know about carpooling? Bus?). There IS a nice low-income development alongside Tugman Park, I'd like to see more like that in our neighborhood.	Oct 26, 2009 3:35 AM

313	The overhead lines dominate the 29th street area. It would be a dream come true if some day they were moved underground. Traffic on 29th is fast & noisy. I'd like to see the second east bound land taken out and full bike lanes put in and a small park strip down the middle. We get some crime in the area, but not to bad.	Oct 26, 2009 8:06 PM
314	I don't have a car but I do have a young child. I like being able to get where I need to be and to access services like grocery/bank/hardware store. Bus service in Eugene ends at about 7:30 pm it seem like. Should be later options.	Oct 26, 2009 11:09 PM

Houses are not being kept up. Business owners don't seem to care about the impact of their customer's behaviour on the people who live here. Smoke from local business contributes to lower air quality. So much light pollution now we can't hardly see stars at night. 24 hour a day noise from businesses and their deliveries disturbs sleep. Not a nice place to live anymore. 20 years ago when my grand daughter was little, I could feel safe letting her ride around our very long block. 325	<p>Some of the properties are poorly maintained rentals and other housing. Some of the street trees are ugly English Hawthornes that look dead during the summer that the city doesn't seem very motivated in replacing (and neither are the absent rental owners), choosing instead to focus on street trees in newer/nicer neighborhoods. These ugly trees don't do much for city co2 sequestration. Some of the rentals have problems with college students and the poor behaviour that can come with that. 330	Commercial district around 29th and Willamette is very ugly. A mish-mosh of building types (with many catering to automobile traffic), lack of trees, lots of above ground wires (29th have high voltage wires also). Lots of traffic on both 29th and Willamette.	Oct 30, 2009 5:39 PM
331	If driving behavior could be controlled (I do not believe education has any useful effect) then walking and biking would be far less hazardous.	Oct 30, 2009 7:37 PM
332	Although services exist, they can't be easily accessed by walking. I believe neighborhoods should have more businesses mixed in somehow, so that one could access more services by walking. Also, safety is a concern in our area.	Oct 30, 2009 8:32 PM

336	I would like those who rent apartments to be more vigilant with their tenants and keep the properties in good shape. Rentals on 43rd Ave tend to be problematic.... litter accumulates and no one takes responsibility. I also would like to see the wonderful tiles repaired in Shadow-wood Park. They were beautiful, but have been badly vandalized. I'd like to see them replaced with some kind of hard surface that would prevent future vandalism. I'd also like to see parents supervise their children more responsibly (including adolescents).	Oct 31, 2009 11:56 PM
337	The area needs more development to improve personal safety and lessen fire danger. More people (residents) means more eyes to watch for criminal behavior and signs of forest fire. 340	<p>The South Hills area needs new and more development. With more people living in the area, the potential for crime will be reduced and fire danger will be lessened, because the neighborhood watch will be strengthened.</p> <p>If the South Hills forest goes up in flames, part of the blame can be placed at the feet of the current neighborhood association leaders who work very hard to restrict development and dictate to landowners what they can and can't do with their own land.</p> <p>There are no restaurants or quick-stop marts in the Fox Hollow area.</p> <p>Amazon Pool needs to be covered for year-round use. Also, the only bus that is near my home is a 15 minute walk downhill and only comes twice a day. 345	<p>Traffic congestion an having no where to park gets really old.</p>	Nov 5, 2009 9:09 PM
346	<p>My neighborhood is nice already... I would like to see responsible growth in the South Hills. We need another micro mall up Willamette St.</p>	Nov 6, 2009 5:16 PM
347	<p>The main streets are rutted and south Willamette Street, parts of Hilyard Street are undrivable. The intersection at 29th & Willamette is a horror. The neglect of this older neighborhood for street repairs in scandalous. The new businesses at 29th & Willamette are very helpful, but the area could use more new business. Perhaps better streets would provide an incentive.</p>	Nov 6, 2009 5:48 PM
348	<p>Please don't build near the Amazon head-waters areas.</p> <p>More opportunities to draw people together.</p> <p>Weekend bus service needs improvement.</p>	Nov 6, 2009 7:08 PM

Please explain your answer(s) for the above question (three areas you would like improvements in):		
350	I'm not sure what could be done about this, it simply has to do with how our neighbors park their vehicles. Overall, I feel very good about our neighborhood and the services that are offered. Thank you!	Nov 6, 2009 10:24 PM
351	Other--road quality is atrocious. Potholes outnumber smooth pavement. Appearance, zoning does not result aesthetically pleasing environment.	Nov 7, 2009 5:17 AM
352	There is a lot of bike traffic across 30th & University, but it's not very safe to cross by bike. I'd like to see that improved. I know the neighbors immediately around me, but would like to know more of them. There is a big piece of wooded land at the end of 32nd. I would like to see it protected. There's even a creek there. I'd hate to see it developed. It's so close to the ridgeline trail that it seems like it could be connected somehow.	Nov 7, 2009 5:50 AM
353	1. The price of housing is outrageously expensive--junk starter homes for \$200,000. 2. Many sidewalks are in really bad shape. 35th between Alder and E. Amazon has a lack of continuous sidewalks, too many cars parked on the street. Not very safe for pedestrians.	Nov 8, 2009 4:06 AM
354	See my comments for letter O. above for my first choice. While LTD DOES run on East Amazon Dr., my complaint has been that I don't want to have to spend close to two hours on the bus to get somewhere where I can drive in 20 minutes. LTD needs to work on Southeast access to areas that does not require going downtown to the armpit center station with all the homeless and druggies. Public Safety in Eugene continues to be a big priority for my family. Failure to fund and support our Public Safety officers is resulting in an extremely high crime rate as well as lack of ability for preventative work to be completed. Furthermore, the constant combative stances that the city continues to take with the Eugene Police is not something that can be forgotten by voters when it comes to voting in measures to support police financially. Responsible policing yes, with adequate training, yes. Painting the entire profession with a negative brush all the time, really annoying.	Nov 8, 2009 7:17 PM
355	There are very nice places, and not so nice places. Though the neighborhood is safe and a wonderful place to raise kids, it is 1.5 miles to the nearest store, and as I finish raising kids, I want to be able to walk, instead of taking the bus, biking or driving. This neighborhood is great for all three, but it is 3-4 miles from downtown. Quite the walk for daily activity. Thus I want to move to a location closer to the downtown.	Nov 9, 2009 1:53 AM
356	Our little Ave bears the brunt of the traffic to all the surrounding residential area. Drives drive too fast up and down this hill. It is not safe for children and animals. And it is noisy. Fox Hollow is dangerous to get onto. We can not see well enough to the north due to a corner, drivers come around that corner way too fast. There is a lot of traffic on Fox Hollow Rd.	Nov 9, 2009 6:04 AM
357	See my above note about Bus service. I appreciate you limit on new development--If and when you do allow the land near us to be developed--Woodson Heights--I would like to see the lot size remain large. I like when parking on the roads is minimized.	Nov 9, 2009 4:54 PM
358	There are few places to eat or shop within walking distance. But there is no easy way to fix this. There are not enough business lots to reach a critical mass.	Nov 11, 2009 9:55 PM
359	There aren't a lot of businesses on this side of town. There are very few restaurants, limited access to Gas Stations, and not a lot of other businesses around here. It would be great if there were more on this side of town.	Nov 12, 2009 5:15 PM
360	I don't have any things that I would interested in changing	Nov 12, 2009 7:21 PM

Please explain your answer(s) for the above question (three areas you would like improvements in):		
361	None particularly	Nov 12, 2009 7:33 PM
362	I am looking to move farther away from the busy city - therefore my answers don't really relate.	Nov 12, 2009 7:36 PM
363	land use violations no more trees cut If you choose to live here, leave the trees alone 15 poeple live across the street and the City has allowed them to continue by creative code interpretations	Nov 12, 2009 8:02 PM
364	B. Sat. and Sunday bus schedule on weekend not amenable to getting into town - to UO & Downtown I. S. Eugene Hills generally upper scale homes, living not much diversity of people's lifestyles	Nov 12, 2009 8:33 PM
365	The neighborhood has CHARACTER. It does not need to change to allow for more housing, newer developments or businesses. The dwellings are not little McMansions (although one did go up over on East Amazon near the school when a residence split its lot -- very bad decision!). The dwellings are nestled into the landscape as if they belonged, in proportion. Nothing about this area has the look of what realtors what the public to believe in their motto, "think small" like the Applegate subdivision in Veneta. What a joke. Don't let that happen here, the area will lose its character if that should ever happen.	Nov 13, 2009 2:37 AM
366	It would be nice to have more locally-owned stores and restaurants within walking distance. I don't know many of my neighbors, and it would be nice to have some cooperative neighborhood efforts or social events. If there were convenient bus service with stops in our neighborhood, I might be less likely to drive into downtown during inclement weather, and I would like that.	Nov 13, 2009 4:48 AM
367	I don't really feel like we need too much change. I'm new to the city+ chose this neighborhood because I like it the way it is.	Nov 16, 2009 5:31 PM
368	The streets, sidewalks, and homes are slightly rundown. Over the years, the traffic has increased. Would be good to minimize car traffic in particular. There have been some housing projects put up; should not make area population too dense.	Nov 17, 2009 7:42 PM
369	D: needs more parking spaces H: not aesthetically pleasing N: large homelessness and drug issue, police do not take action.	Nov 17, 2009 8:31 PM
370	Better bike riding on Fox Hollow, Willamette, and Donald. Build up Edgewood Safeway area. More involvement in neighbors working together in Neighborhood Watch Program.	Nov 17, 2009 8:39 PM
371	G: I would love to be able to walk to Movies, restaurants, shops, etc. B: I would love to see EMX come out our way & better times / connnections for buses	Nov 17, 2009 11:59 PM
372	J: I say business because some have gone under- but really I can't think of any improvements that havent already been done.	Nov 18, 2009 12:06 AM
373	F&H because I don't know a lot about it. L because I just moved and I am still meet[ing] all the neighbors.	Nov 18, 2009 7:43 PM

Please explain your answer(s) for the above question (three areas you would like improvements in):		
374	F: not many facilities to do other than walk / run G: We are very residential which is nic, but a long walk to stores L: When we first moved there, neighbors got together, then organized several events surrounding park development... since then the new neighbors keep to themselves.	Nov 18, 2009 7:50 PM
375	L; Many of our neighbors do not mingle. Pros- they are quiet... Cons_ We dont really know our neighbors : There has been a sugnificant change in ownership of many of the homes in the past few years. Additionally, our children are now adults which gives less interaction with our neighbors	Nov 18, 2009 7:57 PM
376	C: too much fast traffic on Donald K: too many formally owner occupied homes now as rentals look bad	Nov 18, 2009 8:26 PM
377	C. street repairs A. Bike routes, safety for bikes O. snow routes	Nov 18, 2009 8:44 PM
378	N: transients hanging out in Tugman Park C; Large amount of traffic on Hilyard	Nov 18, 2009 10:13 PM
379	B. bus route is great! the improvement that I would is more frequent, specially in the weekends F. we have parks and playgrounds, but not recreation for teens like arcade.	Nov 19, 2009 6:42 PM
380	Crosswalk on W. Amazon (foot bridge) needs a stop light. Drivers don't stop!! Someone is going to get killed in that crosswalk someday; no one stops. Have seen kids [standing] for up to 10 minutes waiting to cross.	Nov 20, 2009 5:28 PM
381	I don't see a need for improvement!	Nov 20, 2009 5:48 PM
382	I would like to be able to walk to the businesses that I use.	Nov 20, 2009 6:51 PM
383	I: Because I think people should have equal housing for whatever neighborhood they want.	Nov 20, 2009 10:56 PM
384	no buses	Nov 21, 2009 12:37 AM
385	I wish there was a store a bit closer and also a bus stop. I have to walk a little ways to get to either.	Nov 21, 2009 12:45 AM
386	D. There is room to park but it could be better	Nov 23, 2009 4:59 PM
387	K. I think it would be nicer with more nature G. More health food stores even closer would be nice I. It would be nice if the house were nicer w/ cheaper amount of money :).	Nov 23, 2009 5:03 PM
388	I want to have places to play.	Nov 23, 2009 5:41 PM
389	G. I want more restaurants in my neighborhood, so it's easier to get to them.	Nov 23, 2009 6:46 PM
390	A. Need more sidewalks to make Willamette (24th to 30th) more accessible to and comfortable for pedestrians & cyclists. K. Improve the interaction of users of the street on Willamette (again 24th to 30th) and improve its looks.	Nov 23, 2009 7:03 PM
391	Downtown: we don't have any reason to go there. We have malls elsewhere and too many transients	Nov 23, 2009 7:14 PM
392	There is a pretty good amount of street parking but it would be nice to have more.	Nov 24, 2009 4:27 PM
393	B: need more frequent service #25 Monday, #28 ditto weekend C: Police need monitor & act vehicular vilocations at Fox Hollow & W. Amazon, especially south & west bound	Nov 24, 2009 6:45 PM

Please explain your answer(s) for the above question (three areas you would like improvements in):		
394	For E & F: It would be nice to have more things to do in my neighborhood. the houses all seem to have big yards, but a park closer than Morse Ranch (which is up a big hill) would be great. D: Recently a car parked on my street was hit. Having more room would be good.	Nov 24, 2009 6:46 PM
395	More lower priced houses More things to do, like parks More restaurants	Nov 24, 2009 6:49 PM
396	I'm kind of antisocial with neighbors most of the time, so I dont' really get to know them. I want to try to be a little bit less of a hermit and more of a good neighbor (my own proplem to solve).	Nov 24, 2009 6:56 PM
397	A. Needs to be signs so that drivers know that there's a chance there ight be pedestrians about. F. There needs to be a park closer to Spencer's Butte. J. Need to get rid of old buildings for new ones.	Nov 24, 2009 7:08 PM
398	I would like some of the roads to improve Have a way so kids walking to school can avoid the traffic by Safeway Have better recreational options	Nov 24, 2009 7:11 PM
399	My neighborhood in non-social	Nov 24, 2009 7:13 PM
400	I don't really need anything to be improved	Nov 24, 2009 7:16 PM
401	Not such new development. Parks are not that close. No one parks in their driveways. Streets are crowded.	Nov 24, 2009 7:26 PM
402	Lots of houses are spendy. It's not great for older people. Houses and people no so close	Nov 24, 2009 7:59 PM
403	B. More bus frequency--only comes every half hour to come to UO. F. Need more well marked rec. areas. G. needs restaurants.	Nov 24, 2009 8:01 PM
404	Individual yard maintenance! Incentive to do so. Condos, appts. fit with neighborhood aesthetic.	Nov 24, 2009 8:28 PM
405	B: Unless you drive already you can't get into town. G: It takes a while to get to the grocery store. I: More people should have the option to live in the country.	Nov 24, 2009 8:31 PM
406	I'd like K, C & A to stay the same in my neighborhood.	Nov 24, 2009 8:43 PM
407	Bus service because the bus route doesn't come all the way out to my house. It would save a lot of gas if people could use th ebus system. Has parks: it would be better if there were parks or play grounds for people to play around in.	Nov 24, 2009 8:45 PM
408	I live on a curvy steep road and on street parking can be very dangerous. Plus cars often go faster than the speed limit which cn be dangerous for pedestrians.	Nov 24, 2009 9:26 PM

Please explain your answer(s) for the above question (three areas you would like improvements in):		
409	#2: Neighbors Well we have had some nasty neighbors, someone tried to violate a kid sexually who lives right next to me from a path up the street. And there aren't many bus stops, but it is not that bad.	Nov 24, 2009 10:03 PM
410	need better access across 30th Ave at University Ave. for walkers, elderly bicyclists. For 9 years have tried crossing 30th with strollers and now regularly bike elementary students across which can be very scary. Also watch elderly people trying to cross with walkers - pedestrian bridge isn't useable for the populations in the area.	Nov 24, 2009 11:25 PM
411	(LSM notes that they didn't identify any areas for improvement) I like my neighborhood	Nov 24, 2009 11:27 PM
412	We do not have a street light. There are not many parks around us.	Nov 24, 2009 11:35 PM
413	I want to know all my neighbors and trust that we can look out for each others property. It would be nice to have a park that had a water feature. Trader Joes on this end of town rather than Big 5 and The Party Store.	Nov 25, 2009 4:14 PM
414	Less development on hills. More small business spaces in vacant. 1) Only open area - the school - too much competition 2) Like to see infill rather than new places in treed areas 3) Safeway business area - like to see all places rented - restaurant that's not a bar.	Nov 25, 2009 4:44 PM
415	Need more affordable housing everywhere in Eugene. Need smaller, more eco-friendly homes built.	Nov 25, 2009 5:04 PM
416	Well I really like my neighborhood but recently we had a stalker/child molester roaming around our home. We now have a restraining order though. And I feel safer. I would also like to get to know my neighbors. I don't want any business or stores close to my home. I like the park too.	Nov 25, 2009 6:34 PM
417	There are no parks around my neighborhood, it would be nice if there were. The buildings look a little old. It would be better if they were more modern	Nov 25, 2009 6:44 PM
418	I would be cool to have a park where people could go, play, have picnicks.	Nov 25, 2009 7:00 PM
419	A. There are lots of hills so it not bike accessible. B. The bus service doesn't even come near my house. F. There are no recreation facilities in my neighborhood.	Nov 25, 2009 7:22 PM
420	We don't even have a good coffee shop on our end of town!	Nov 25, 2009 7:41 PM
421	I would like to have the bus service worked on so there would be more stops higher up Spencer;s Butte. It's difficult to get home using any more of transportation other than motorized vehicles, and since the bus stop around 47th and Willamette, there is quite a lot of walking up hills.	Nov 25, 2009 7:43 PM
422	maintained bus schedule going to u of o	Nov 25, 2009 9:49 PM
423	There are many transients in this area that have sometimes made my co-workers feel unsafe with threats and robbery despite being 86'd, we are trying to improve this and help our employees feel safer.	Nov 25, 2009 9:57 PM
424	I just think my neighborhood has a lot of potential and there needs to be more places to enjoy the surroundings.	Nov 25, 2009 10:10 PM
425	Lots of heavy truck traffic on Fox Hollow; some cars and trucks travel at unsafe speeds	Nov 30, 2009 4:21 AM

Please explain your answer(s) for the above question (three areas you would like improvements in):		
426	O. We need to plant more trees between 30th & 33rd along the slough N. Some homeless people harass people on the bike path D. Handicapped parking on street by my house needed	Dec 1, 2009 7:15 PM
427	I wish that there were apartments above all business in downtown and South eugene, as well as better parking. This would help get more people to the small businesses and help grow our local economy.	Dec 1, 2009 7:47 PM
428	The street I live on is a popular place to walk for those seeking a workout, since it is hilly; however we have no shoulder, no sidewalk and no street lights. We bike a lot and it is dangerous coming up the hill. It is the one single factor that makes me think about moving. I have had my house broken into twice. I have had a bicycle stolen from my garage. The houses on both sides of me have been broken into, one of them twice in the past year. In general public safety is an issue. I would have a hard time recommending anyone move to Eugene the way things are.	Dec 7, 2009 11:06 PM
429	property crime is up	Dec 9, 2009 12:43 AM
430	G. It's a 30-minute walk to the nearest grocery store B. It would be nice to have more bus options, especially on Sundays F. More wheelchair-accessible sidewalks and trails	Dec 9, 2009 8:24 PM
431	Sometimes there are incidents in the apt complex I live in that make me feel unsafe It tends to be an upsacle (expensive area)	Dec 10, 2009 7:08 PM
432	Being new to the area, I look forward to increased community/neighbor interactions.	Dec 10, 2009 9:58 PM
433	too many large trees not appropriate for a residential area, they block the sun--they should be replaced with smaller deciduous trees	Dec 11, 2009 10:48 PM
434	1. Traffic calming continues to be an issue. 2. Protect existing woodlands, wetlands, and green spaces. 3. Limit new developments in accordance with pursuing goals 1 and 2, above.	Dec 13, 2009 1:31 AM
435	While not on my street, there are regular thefts, break in and vandalism not too far away. I would like to feel safer. Appearance--some places on my street look impoverished or un-cared for. Bus service to the west side of town could be improved.	Dec 14, 2009 3:16 AM
436	Some of the park equipment is older and could use updating.	Dec 14, 2009 5:10 PM
437	Food security is so impt. for community building/victory gardens--collaboration. W/churches. B/W corner lot get & Portland Kids run loose in neighborhood--not safe for anyone--so easy to snatch kids that happened years ago. Everyone knew where that blind woman w/2 kids lives & didn't feel safe didn't feel safe/constantly patronized.	Dec 16, 2009 8:15 PM
438	There isn't any low income housing around where I live.	Dec 17, 2009 7:47 PM
439	F. It is a very hilly place to live that doesn't lend itself to people with mobility issues. Trails are all dirt/rocks so people who use wc's can't use them very well. I. We have some low-income rentals, but more would be great.	Dec 18, 2009 7:47 PM
440	my neighborhood is just fine.	Dec 20, 2009 11:57 PM
441	I am concerned that we protect the urban growth boudary. If not, and we develop near Amazon Headwaters, we'll just have more "McMansions" that cause pollution and traffic.	Dec 21, 2009 6:15 PM

Please explain your answer(s) for the above question (three areas you would like improvements in):		
442	I. Neighborhood is very homogenous - would like to see more diversity. C: Traffic on Willamette is heavy, noisy and traveling way above the posted speed limit.	Dec 24, 2009 9:47 PM
443	J: small businesses that would attract neighborhood residences - i.e., coffee house, restaurant	Dec 24, 2009 9:59 PM
444	It is very hill-filled, not fun to walk a long way to the bus.	Dec 24, 2009 10:47 PM
445	B: We need access to bus services in all neighborhoods A: Sidewalks that are consistent throughout neighborhood Feed the deer in the undeveloped areas.	Dec 24, 2009 10:49 PM
446	don't need improvement on any of the above	Jan 7, 2010 9:22 PM
447	I would like to see our neighborhood diversify in terms of race and class.	Jan 8, 2010 5:22 AM

38	Has not fit my schedule.	Oct 18, 2009 4:27 PM
39	I am not sure that the information sticks out in the mail for me to notice that it is part of the neighborhood association.	Oct 18, 2009 4:48 PM
40	Time constraints	Oct 18, 2009 6:26 PM
41	i don't think we get one	Oct 18, 2009 7:43 PM
42	Probably too busy with college.	Oct 18, 2009 8:11 PM
43	I have not been aware of it	Oct 18, 2009 8:12 PM
44	I feel that the concerns of the SE Neighborhood Association are not the issues that I'm interested in. Too often they are very political, or concern most of the people around the Amazon Creek area. It feels like a clique.	Oct 18, 2009 9:37 PM
45	Have not seen it.	Oct 18, 2009 11:55 PM
46	I've never gotten one.	Oct 19, 2009 12:07 AM

51	I have never seen one	Oct 19, 2009 2:57 PM
52	Do I get one?	Oct 19, 2009 6:24 PM
53	I did not know there was such a newsletter.	Oct 19, 2009 11:34 PM
54	It is not delivered to our house.	Oct 20, 2009 12:57 AM
55	Not aware of one.	Oct 20, 2009 1:03 AM
56	I don't think we have one.	Oct 20, 2009 1:09 AM
57	Do I get them? They probably look like junk mail and get recycled.	Oct 20, 2009 1:58 AM
58	But it is politically slanted.	Oct 20, 2009 4:00 AM
59	rare newsletter, postcard of meetings often barely before or after meeting already happened	Oct 20, 2009 6:35 PM
60	It is just waset of time.	Oct 20, 2009 6:53 PM
61	Sometimes I do	Oct 20, 2009 7:18 PM
62	I'm not involved until something strikes me - like community gardening and sustainability issues.	Oct 20, 2009 9:18 PM
63	I'm not sure I get it?	Oct 21, 2009 3:02 AM
64	I get tired of the association only focusing on stopping development. We should be working on completing sidewalks, improving parks, getting more mixes of use like small commercial closer to the south so we don't need to drive everywhere.	Oct 22, 2009 1:14 AM
65	All postcards have been about preserving the Amazon watershed from development which I support, but I would like to see other options explored.	Oct 22, 2009 2:52 AM
66	We have two little children and no time.	Oct 22, 2009 6:11 PM
67	Haven't received one.	Oct 22, 2009 7:11 PM
68	Meetings are held on the very same nights as board meetings and general meetings here at Edgewood Townhouses where I live.	Oct 22, 2009 9:45 PM
69	Yes, because I want to see what the City government is going to try to foist upon me next.	Oct 24, 2009 12:20 AM
70	Because I don't feel these people represent all, they seem to represent the one's who completely agree with them. Not a lot of diversity there.	Oct 24, 2009 12:31 AM
71	time, other priorities.	Oct 24, 2009 7:04 PM
72	I generally have other commitments, and the association is a low priority item.	Oct 25, 2009 3:02 AM
73	Just did not think I could make a difference.	Oct 26, 2009 3:09 AM

If no, why not?

74	The neighborhood leadership's extremely narrow views and program emphasis cannot be supported. The positions of the council member from the area confirms the self-centered nature of that group with little regard for the deterioration of downtown Eugene and what that means for ALL city residents. The history of the role of the council member from this neighborhood (and others) leading to the relocation of the region's hospital, labs, and clinics to Springfield that already had a viable hospital is but an example. 77	I haven't received one.	Oct 28, 2009 4:18 AM
78	Not enough time...	Oct 29, 2009 9:25 PM
79	I no longer participate in the association. I was at the meeting several years ago when the liberal faction showed up (nearly 100 strong) and took over the meeting, voted their candidates and agenda in, and created their powerbase.	Nov 2, 2009 1:42 AM
80	I only ever recieved one notice that had any refrence to my neighborhood and I believe it was from the city in regards to the new developments and a dispute about a stream running near my property.	Nov 4, 2009 7:02 PM

1	*Meetings seem to be dominated by an environmental agenda - it would attract more people to diversify. *Alternate meeting dates and times so that more people can attend - I can never make the one time scheduled. *Provide a meaningful way for youth to be involved in meetings/events/activities/projects. *More family friendly events would make me want to participate more and I would get to know other people with families in the area. * I would be more inclined to participate in events/projects than meetings. I would be willing to give feedback on things via email.	Aug 1, 2009 12:32 AM
2	I am very interested in participating.	Aug 3, 2009 11:47 PM
3	None of my neighbors or family friends in the neighborhood participate in the neighborhood association. The meetings are neither convenient or speak to our issues (see earlier priorities).	Aug 4, 2009 11:29 PM
4	knowing when they meet	Aug 5, 2009 9:23 PM
5	I feel that the Southeast Neighbors does not really apply to my neighborhood -- which is more accurately described as being "Amazon" or or something else. The neighborhood just north and just south of 29th have issues that do not apply to the "real" southeast -- i.e. crime, appearance, street improvements, etc.	Aug 6, 2009 4:14 AM
6	evenings, parks	Aug 6, 2009 7:56 PM
7	Time, not enough time to participate	Aug 6, 2009 9:21 PM
8	1) a new president that likes community involvement and new ideas and takes them seriously 2) leashing dogs, especially in park areas 3) crime prevention 4) emergency preparedness 5) how we can better support the schools 6) road construction projects and how they will impact the neighbourhoods 7) park maintenance 8) removal of invasive species	Aug 6, 2009 10:03 PM
9	I would be more interested in participating in the NA if there weren't always the exact same people in charge. Change in leadership is a good thing.	Aug 7, 2009 7:01 PM

Please provide other information and suggestions in the space below:		
10	Southeast neighbors do not provide an open and welcoming atmosphere for different voices. A very small groups of individuals appear to be in place to carry out their own personal agendas. There is a huge portion of the southeast neighbors that include households who have a family focus. The neighborhood group seems focused only on environmental and land use causes which doesn't resonate as a top priority for many. However, there is no interest on the neighborhood's part to seek out these voices, let alone listen to them.	Aug 7, 2009 11:08 PM
11	Transportation issues- bus service, better bike lanes, fewer potholes on Willamette St.	Aug 10, 2009 6:19 PM
12	Would like to participate by e-mail or other online method.	Aug 11, 2009 5:07 PM
13	The subjects discussed, as noted in the newsletter, seem very single-focused, i.e., saving non-developed areas. Aren't there other issues?	Aug 13, 2009 9:59 PM
14	i'm really interested in getting sidewalks here at the end of 32nd, without home owners having to pay the entire fee.	Aug 17, 2009 1:25 AM
15	Days meetings are on and times should change each week so that the meetings are as available to as many people as possible. Participation via an online discussion group would be a great way to open participation to those that are unable to make it to the meetings.	Aug 18, 2009 9:12 PM
16	Language translation for me would mean real time captioning or a loop system wince I am very hard of hearing	Aug 20, 2009 2:51 AM
17	Our neighborhoond association has only one goal and that is to stop any kind of development.	Aug 20, 2009 4:39 AM
18	Easier e-mail server communications and I would like to receive e-mail updates, meeting times and meeting minutes. I would love to make announcements and to hear from others. In particular I would like neighbors to know that we have a Southeast Neighborhood Community Supported Agriculture program. We deliver boxes of produce that we grow on our farm in Creswell, off Dillard Rd. to some neighbors every week and could offer this to more neighbors.	Aug 20, 2009 7:29 PM
19	Meeting topics around infill development, rental problems, crime, city development of parks & open spaces (and notification of residents of this work) Participation through an updated, interactive website	Aug 20, 2009 8:34 PM
20	When my association has events I usually am already booked for that day/time... but that's my problem, not theirs.	Aug 20, 2009 11:38 PM
21	I'm so busy as it is (not enough time)	Aug 21, 2009 12:18 AM
22	As mentioned in an earlier question- it would be nice to have the meeting dates fall on a variety of days of the week to open the opportunity to attend for people like me. Currently with the meeting day conflicts with work schedules and it is consistently always the same day of the week that I cannot change with work.	Aug 21, 2009 2:40 PM
23	usually do not have time to participate. Perhaps e-mail contacting, with opportunities for response would help	Aug 21, 2009 3:15 PM
24	blog or email forum	Aug 21, 2009 6:36 PM
25	I am just too busy with two high-needs kids to participate, but do see the value in it.	Aug 25, 2009 8:02 PM
26	Expand the Amazon Skatepark in size, features, and condition proportionate to its frequency of use.	Aug 26, 2009 3:19 AM
27	I'd work during the hours they usually meet. If there was a social web networking site where we could keep informed and provide feedback, I'd be sure to participate in that.	Aug 26, 2009 6:25 PM
28	It would be a lot easier if my personal schedule weren't so busy.	Aug 26, 2009 9:28 PM
29	A smaller neighborhood association that I felt a part of. Meetings with a specific focus - ie transportation or parks.	Aug 27, 2009 4:31 PM
30	Sometimes I'm just too busy to attend, it's not that I don't want to.	Aug 27, 2009 7:46 PM

31	recent tour of homes and gardens didn't have enough publicity; only a small paragraph in the RG	Sep 1, 2009 11:36 AM
32	In the seven plus years I have lived in the SE Neighborhood, the SEN group has focused exclusively on preservation of woodlands in the south hills and ignored all other topics. Early on I made repeated attempts to volunteer to work on neighborhood issues, but was ignored. While I enjoy the ridgeline open space, more pressing needs - frankly - are continued excellence of our area schools, viability of neighborhood businesses, safety, disaster planning (especially urban interface wildland fire risk, which is a huge concern in the south hills), and a broader slate of issues that are more inclusive of residents and not specific to a particular interest group.	Sep 1, 2009 9:55 PM
33	The leader of this neighborhood association is a no growth nazi and has nothing else on his mind but maintaining open space. A complete waste of time at these events.	Sep 7, 2009 4:15 AM
34	I beleive that the same people for many years have been involved in teh N.A. Maybe have a term of so many years.	Sep 10, 2009 4:48 AM
35	This town is overrun by "progressives" who are totally ineffective in acheiving good outcomes.	Sep 12, 2009 1:36 AM
36	The head of our association brings new definition to the word environmentalist. Not that I am opposed to environmental issues, bu [REDACTED] does not represent my view points, the association newsletter might as well been printed by earth first!	Sep 12, 2009 4:02 AM
37	Possibly a blog; whereby I could express my views, hear from others and see if my "guess is correct or if I am wrong and my time spent would be warranted.	Sep 13, 2009 10:49 PM
38	There is no neighborhood association in my neighborhood. They are non-existent. If there were, it shold not be a system where one or a few people decide what's best for the mass. Majority rules.	Sep 14, 2009 6:10 PM
39	I used to co-chair a neighborhood association in another part of town. And while I think what the current neighborhood association does great work, it seems singularly focused.	Sep 18, 2009 7:30 PM
40	As a city employee who works on issues that affect my neighborhood, I don't feel comfortable attending. I would not want to have a chilling effect on the important discourse that (I assume) happens at these meeting.	Sep 18, 2009 9:29 PM
41	I am currently on the board of my neighborhood association.	Sep 19, 2009 12:52 AM
42	We do not feel we share common interests with the majority of people who live in our neighborhood, and therefore, we do not have an interest in becoming involved.	Sep 20, 2009 5:29 PM
43	Lack of ill family member and self	Sep 21, 2009 9:30 PM
44	seems to work on its own just fine. If a problem arose I am sure we would get together as friends and neighbors to find a solution	Sep 25, 2009 9:00 PM
45	I just need more time - too busy most of the time	Sep 26, 2009 7:16 AM
46	If I were not a PhD student, I would have more time to be involved with the neighborhood association.	Sep 28, 2009 5:17 PM
47	If neighborhood meetings occur. It would be nice to know when they were happening and what general topics would be discussed.	Sep 28, 2009 7:42 PM
48	They (the board) is much too leberal and only interested in land use	Sep 28, 2009 10:59 PM
49	I feel everyone should be included and maybe have an open forum	Sep 30, 2009 7:24 AM
50	It would be great if there was an interactive tool, such as a wiki or a google doc to gather feedback about issues from those who can't attend.	Sep 30, 2009 11:57 PM

Please provide other information and suggestions in the space below:		
51	I went to one meeting but they talked about one topic ad nauseum...and when I brought up on issue about the appearance of one house, it was dismissed by a long-time resident saying nothing can be done and didn't ask for any other opinions ae suggestions.	Oct 2, 2009 5:31 AM
52	Sustainability issues.	Oct 2, 2009 3:33 PM
53	offer concessions! Keynote speakers and local artists/writers that have special interest in varying topics. Maybe even an "Organize for America" community forum to discuss national impacts for our community and nation. Music functions seem to get people together :)	Oct 3, 2009 1:46 AM
54	My biggest obstacle to participating is that the meetings often conflict with my work schedule. But I would be interested in connecting more with the neighborhood association.	Oct 3, 2009 5:51 AM
55	Traffic control on E. 33rd Ave.	Oct 3, 2009 6:20 PM
56	The meetings I did attend did raise some important issues, but nothing seemed to be followed up on and there were no minutes or plan of action offered on the website. The website is minimally helpful.	Oct 3, 2009 6:43 PM
57	They could disseminate info online and get feedback online.	Oct 3, 2009 11:02 PM
58	Special interest groups such as "headwaters of the Amazon" dominate the group. I do not think this is for the better of the city, and I don't want to get into an argument.	Oct 5, 2009 7:23 PM
59	I have not attended so I can't assume that these things are unavailable to me. I do plan on trying to go soon and plan on encouraging a few other folks I know to come too. I'm not certain that the topics are specific to the issues that effect daily life in the neighborhood and I think that some info I have received was about more broad and sometimes political issues. So for now I really can not make any suggestions without more knowledge of the workings of the association.	Oct 15, 2009 10:14 PM
60	Some topics of interest for me would be neighborhood beautification, building bird boxes for species of birds that are struggling, increasing neighborhood safety in general and a plan in particular for helping eachother in case of natural disaster or terrorist attack.	Oct 16, 2009 7:31 AM
61	crime, street repairs, lighting	Oct 17, 2009 6:41 PM
62	This has always been a temporary living situation for us.	Oct 17, 2009 7:33 PM
63	Perhaps more surveys like this or petitions of support or no-support for certain issues. So far, I feel that the SE group represents my interests and how I feel...all I would do is add my name and say go for it. I don't have time for any more hands on. Kudos to those that participate.	Oct 17, 2009 8:06 PM
64	Actually, I took an issue to the neighborhood association (via phone call) and was told that it wasn't a big enough issue to warrent their help.	Oct 17, 2009 8:08 PM
65	it seems quite good as it is now	Oct 17, 2009 9:25 PM
66	I feel like as a renter, I would be out of place.	Oct 17, 2009 10:32 PM
67	have meeting minutes distributed via email	Oct 17, 2009 10:48 PM
68	How about elections - the same two people have been running things for the past few years	Oct 17, 2009 11:36 PM
69	I keep meaning to go to meetings!	Oct 17, 2009 11:43 PM

Please provide other information and suggestions in the space below:		
70	I did try to participate on a few occasions several years ago. It quickly became apparent that the leaders of the association were only interested in the area south of 40th St. and the Amazon headwaters. I could not get them to answer my emails or letters on subjects relating to my neighborhood. I tried to bring something up at a meeting, but the agenda didn't allow for it.	Oct 17, 2009 11:50 PM
71	time is the issue for us. Unless there is a burning issue, with kids and jobs we already have a lot going on.	Oct 17, 2009 11:51 PM
72	Really don't have the time, but I will participate in surveys. I'd suggest doing this more often. Bravo!	Oct 18, 2009 12:45 AM

76	Let's discuss the value of Eweb, how big it is, why its rates are so ridiculously high, why it has so many supervisors driving around town all day cell-phoning in their trux. Let neighborhood associations go live, online.	Oct 18, 2009 1:31 AM
77	Something that could be done from home according to my schedule would be fine, but with little kids it's hard to dedicate specific times/hours.	Oct 18, 2009 1:50 AM

82	I'd love to see a way to make suggestions and engage in discussions online.	Oct 18, 2009 5:04 AM
83	I am interested in being involved in the neighborhood association and have been involved in past neighborhoods in which I have lived. I have a 4-year-old and an infant right now, which makes attending meetings hard. Childcare would be great.	Oct 18, 2009 5:22 AM
84	Neighborhood Association controlled by a clique with a narrow agenda. Other views not encouraged. Need surveys of all residents to influence decisions and not only those who attend meetings.	Oct 18, 2009 5:34 AM
85	More, casual social events	Oct 18, 2009 5:55 AM
86	email calendar items	Oct 18, 2009 6:59 AM
87	These issues are all adequately addressed, in my opinion. I am a person who does not deal well with stress or conflict, so I do not enjoy hands-on involvement through the neighborhood association. I nevertheless have input through the neighbors I do know, and I'm satisfied with the neighborhood governance.	Oct 18, 2009 9:51 AM
88	Meetings ar drudgery. There needs to be interative activities. After 12 minutes the adult brain is tuning out; leaders need to think about how to engage people who attend the meetings.	Oct 18, 2009 3:28 PM
89	Evening meetings don't work for single parents with no means for child care and for meetings that start at 7:00 p.m. I would be interested in this type of survey for every decision the SE Neighbors are considering pursuing or adopting.	Oct 18, 2009 3:54 PM
90	democratic voting on sensitive issues (development) instead of City reaction to the loud Eugene minority.	Oct 18, 2009 5:06 PM

101	Items that have to do with public safety and what the neighborhood Assn. is doing to improve the neighborhood.	Oct 18, 2009 8:59 PM
102	Activities for Senior citizens; cross-age interactions; daytime meetings and meeting places that rotate to other areas within the particular neighborhood, more verbal and written feedback from citizens which are valued the same as the aggressive, verbally assertive people who seem to take over and push their own concerns instead of really listening to many of the concerns of the neighborhood as a whole. Valuing each citizen's voice encourages owning the solution and participating in the resolution of problems.	Oct 18, 2009 9:37 PM

106	SE Neighbors seems one-sided, anti-development, same people involved. If it would be more diverse and not so negative, that would be more encouraging.	Oct 18, 2009 11:14 PM
107	The association seems focused on just a few narrow issues, possibly influenced by the composition of the Board. Maybe mix up the meeting nights so if I can't ever come on a particular day of the week, at least I can come to meetings once in awhile and contribute my point of view and areas of concern. 118	We do not have time to attend meetings. We have attended years ago, and as well, attended neighborhood watch meetings... but time (and age) have curtailed those activities. We would just like to see surveys like this occasionally, and to have the NA represent concerns with the city, when necessary. Also neighborhood watch meetings are a good thing for those who can attend.	Oct 19, 2009 4:50 PM
119	Anything that affects the future livability of the neighborhood.	Oct 19, 2009 5:41 PM
120	The discussion is carried on by the minority. I don't agree or respect Betty Taylor and that group is the only group represented at these meetings. Over-thinkers. Not really sure it makes a difference anyways.	Oct 19, 2009 6:40 PM

140	I'd like a comment period to be available at each meeting.	Oct 20, 2009 10:24 PM
141	A few years ago, before Hilyard St. was rebuilt, I complained about its condition at a SE Neighbors general meeting. I received a brushoff from our president, [REDACTED]. It was a good lesson on how to discourage inconvenient comments and attendance by the those who are seen as not PC.	Oct 21, 2009 2:31 AM
142	I work evenings and meetings are in the evenings. often not about things that concern me. if there were an email way to send in my concerns or praises! or website?	Oct 21, 2009 5:43 PM
143	I appreciate the news letters and the efforts of all the active participants. My lack of participation is time related more than anything else - not enough of it.	Oct 21, 2009 6:41 PM
144	I travel quite often so am not home on a regular basis which prevents participation in my neighborhood association.	Oct 21, 2009 7:12 PM
145	I have spent 15 years on my home association, I'm tired.....	Oct 21, 2009 9:30 PM
146	Southeast is so large that the meetings are only occasionally in easy walking or biking distance. As a result, going to the meetings is not something I do as a habit. I have to think about it and make a decision each time.	Oct 21, 2009 10:18 PM
147	I am very involved in my kids school, in church and a fulltime job and I have no more time to spend at meeting.	Oct 22, 2009 12:07 AM
148	Meeting topics could cover: ways to preserve home values and improve the overall neighborhood during this recession; crime/safety/fire protection; and block parties or other affordable community gatherings. 161	Eliminating the homeless population that live and hangout along Amazon creek, Amazon park and our alleys. How can we clean up the trash and waste left behind by vagrants in our neighborhoods. How can we make our neighborhood feel safer. How can we encourage homeowners and renters to keep junk and trash that accumulates in driveways and yards out of sight of their neighbors. I feel that this neighborhood could use more pride in itself.	Oct 23, 2009 9:53 PM

174	Focus on what a residents can do for the neighborhood and stay out of city politics. Council members should seek what is best for the city as a whole!!	Oct 26, 2009 3:16 AM
175	I cannot remember now when they have been scheduled, but I work full-time and have at least one regular week-night commitment on Tuesday nights already.	Oct 26, 2009 3:38 AM
176	Renters don't seem to have much influence in Eugene city policies, though our rent contributes in many ways to the tax base (through the landlords income), utilities, infrastructure improvements, etc. I know there are tenant laws but I'd like to see Eugene actually implement rent control properties. Landlords here seem to be able to charge ridiculously high prices for many properties that aren't well maintained and considering the average incomes in this area, the rent prices are not realistic. As a renter in her early 40s, with a full-time job, I pay over 1/3 of my income for rent. It makes it difficult to ever think I could actually purchase a home.	Oct 26, 2009 3:49 AM

184	It seems like the assoc. is very focused on the Amazon headwaters. I am interested in that, but I think there are other things that should get attention as well. I also don't see how what the assoc. does/ talks about will actually be used to affect change through the city (beyond gathering signatures for a ballot measure). 1	Wider range of topics - not just environmental. Family related topics/projects. More family centered social events - and more often.	Aug 1, 2009 12:32 AM
2	All of the above! But I haven't really been here long enough to have specific ideas, except trail maintenance.	Aug 3, 2009 11:47 PM
3	Keep us up on environmental issues and ways to protect the parks and forests.	Aug 4, 2009 3:44 AM
4	Improvements tugman park; more pedestrian crossings around the schools; education about neighborhood watch; block parties; etc.	Aug 4, 2009 11:29 PM
5	Inform: construction, concerns	Aug 5, 2009 9:23 PM
6	Projects: trail improvement	Aug 6, 2009 9:21 PM
7	1) what crimes have occurred in the area and how we can keep our neighbourhoods safe. 2) encourage leadership in smaller sections of the association area so the neighbours of that area feel more empowered and engaged by supporting projects like applying for neighbourhood grants 3) see all of the suggestions noted above.	Aug 6, 2009 10:03 PM
8	Our actual neighborhood is so big that I feel it can't represent the whole neighborhood well. We have a little sub-group and that is a lot of fun.	Aug 7, 2009 7:01 PM
9	Represent: Keeping "wild" areas safe and undeveloped	Aug 7, 2009 10:44 PM
10	The key for me is to have a neighborhood who clearly puts the neighborhood's needs/interest above their own personal beliefs. The neighborhood assoc. should focus first on inclusion rather than particular agendas. Until that happens the assoc. is nothing more than a soap box from which individuals push their personal opinions. In the long term, I think this also hurts the credibility of the neighborhoods when they need to be influential.	Aug 7, 2009 11:08 PM
11	Association could be a conduit from the city for info that will affect the neighborhood, could sponsor social events(?), workshops on gardening, landscaping and tree care, keep the council aware of the needs and desires of the neighborhoods, could organize a neighborhood tool center for seldom used, but expensive house repair or yardwork equipment.	Aug 8, 2009 5:06 PM
12	Maybe there could be a way to network for things like sharing services and goods, gardening, child care, house sitting etc.	Aug 10, 2009 6:19 PM
13	Topics of interest: Infill, new development, continued protection of Amazon headwaters, eradication of blackberry vines along Amazon Creek (I am OPPOSED to this), traffic, noise.	Aug 11, 2009 5:07 PM
14	see previous comment.	Aug 17, 2009 1:25 AM
15	Many residents in the neighborhood are not represented by the neighborhood association.	Aug 20, 2009 4:39 AM
16	Inform members of Community Supported Agriculture programs available in our neighborhood. Sponsor neighborhood projects that improve the neighborhood and build connection- art, landscaping, home improvement, planning, lobbying, activities for youth. Educational workshops in home business management, food preservation, chemical free landscape care. Social activities such as an annual neighborhood blackberry social, in which everyone brings something with blackberries in it... or of some food that is naturally growing in the neighborhood. Near our house, everyone in neighborhood picks blackberries. It could be fun to share them.	Aug 20, 2009 7:29 PM
17	See above	Aug 20, 2009 8:34 PM
18	Clean up trash and plant trees	Aug 20, 2009 11:38 PM

19	Social events--something to tie everything together and connect people of all ages. Perhaps meet our city councilor? I've left messages asking for help regarding speeders and never heard a peep from her office. this may be the best way to connect our representative with her district. Ed. workshops: recycling, trash, amazon headwaters, etc. Neighborhood projects: no ideas currently Neighborhood interests: speeding, traffic, pedestrians, etc.	Aug 21, 2009 2:40 PM
20	trail clean up, bike tour	Aug 21, 2009 6:36 PM
21	South-East Neighbors is a closed club that does not tolerate dissent from the party line.	Aug 22, 2009 5:03 PM
22	A yearly neighborhood event could be fun. Our street (E 32nd Ave) is getting pretty thrashed. I'd like to see it re-paved, so the assoc could advocate for it.	Aug 25, 2009 8:02 PM
23	Help organize people in times of emergency. I think this would be a vital role for the association, since people may not be able to leave their homes/neighborhoods and would rely on the kindness and help of the people close by.	Aug 26, 2009 6:25 PM
24	My neighborhood association has done, or tries to do, all those things.	Aug 27, 2009 7:12 PM
25	Topics/interests could include safety, gardening or sharing thereof, potlucks or games...maybe bring people together based on their interests/hobbies/ages...	Aug 27, 2009 7:46 PM
26	One thing the SEN group should be doing is organizing a neighborhood disaster planning and response effort. Another topic of focus should be as an advocate for the public schools serving our area. Also, making better use of the Amazon Park area should be a long-term topic. There is so much potential for a beautiful showcase of landscape architecture and park design at Amazon Park but it is a hodge podge of poorly integrated and designed uses right now.	Sep 1, 2009 9:55 PM
27	neighborhood street party. combined yard sales. organize neighborhood to develop natural areas while also expanding business and job opportunities within the neighborhood and city.	Sep 2, 2009 5:28 PM
28	We live in a city and we must offer a way to grow as well as maintain our open spaces - a no growth policy is absurd in a city.	Sep 7, 2009 4:15 AM
29	Clean up trash and graffiti	Sep 8, 2009 9:37 PM
30	The neighborhood groups are a waste of time and money.	Sep 12, 2009 1:36 AM
31	meet and greets	Sep 12, 2009 4:02 AM
32	In checking the above here is what I do NOT want to do. Assume 2,000 homes in my neighborhood. If 38 homes define an issue to be a "neighborhood concern" and the balance of homes don't care, then I don't want the issue by the "38" to be defined as a neighborhood association issue. It may be important to some but I would not want the appearance of an overall organization to project the desires of the vocal few.	Sep 13, 2009 10:49 PM
33	Again, no neighborhood association exists and this town isn't capable of doing what is necessary to make a nice neighborhood nice.	Sep 14, 2009 6:10 PM
34	Our association already does most or all these things mentioned above.	Sep 15, 2009 9:02 PM
35	Inform neighborhoods of development decisions that effect them; inform neighbors about cleaner burning/heating options and dangers of pesticide use. It is important to be responsible in these issues both for general environmental reasons and to protect neighborhood health. I am very pleased with the sustainability initiatives--and the way they have currently begun to link neighbors.	Sep 19, 2009 12:52 AM
36	We believe that our dissatisfaction does not come from the neighborhood association, but from the city's lack of providing standard service to members of the community.	Sep 20, 2009 5:29 PM

38	none	Sep 25, 2009 9:00 PM
39	Bike lanes on the road so people stop riding on the sidewalk. And noisy vehicles,. Loud music from cars and Harleys! Ewwwww	Sep 26, 2009 4:12 PM
40	The neighborhood association has done a good job with Amazon creek headwaters issues. Continued work on this and other issues that influence the neighborhood are valuable to me.	Sep 28, 2009 5:17 PM
41	Helping clean up the community type events	Sep 28, 2009 6:05 PM
42	Provide info on things like spraying (Gypsy moths), construction, crime stats/alerts, school events that may cause congestion.	Sep 28, 2009 6:51 PM
43	Having more opportunities for people in my neighborhood to interact would be cool!	Sep 28, 2009 7:42 PM
44	We have been informed somewhat on land use but when we THOUGHT we would hear about crime, all we got was a lady on neighbor watch	Sep 28, 2009 10:59 PM
45	Getting to know each other at BBQ at park sounds exciting.	Sep 29, 2009 3:20 AM
46	This I will have to think about	Sep 30, 2009 7:24 AM
47	I am most concerned about saving the forest and green space in my neighborhood and I know my association is working on that. I wish I could be more involved but I have too small children and the meetings are too late for us.	Sep 30, 2009 11:57 PM
48	Perhaps a Neighborhood quarterly "impact" statement. What's happening as far as City of Eugene policy as it affects our particular neighborhood. More activities that encourage healthy and constructive gathering for children/youth. Organized bikeway cleanups. Neighborhood "Speeders-Trap". Effort to eliminate extreme speeders & excessive noise violators.	Oct 2, 2009 7:41 AM
49	I have a VERY limited amount of time to devote to the association, but I would like to still be informed and would be willing to occasionally help with projects, events or just sending out communication to the neighborhood.	Oct 3, 2009 5:51 AM
50	Traffic control issue, Education on wood stove use and wood burning	Oct 3, 2009 6:20 PM
51	From looking at other neighborhood association websites, some of them already do nearly all of these. Perhaps it would be beneficial to learn from them.	Oct 3, 2009 6:43 PM
52	Most of my neighborhood is a very affluent area and the association reflects those interests and influences -- ignoring the "flatlands" and their needs.	Oct 3, 2009 11:02 PM
53	Actually my neighborhood association rocks	Oct 4, 2009 8:38 PM
54	Road construction, tree maintenance, etc. I'd love a community potluck just to get to know my neighbors. I'd be happy to volunteer for a neighborhood beautification project or to do something to support the local schools. I don't know of any pressing issues at this time to be addressed but as they arise I like the opportunity for interested parties to get involved.	Oct 13, 2009 5:26 PM
55	I am not sure again how the association is structured or operating currently. I don't feel able to suggest any particulars at this point.	Oct 15, 2009 10:14 PM

Please provide other information and suggestions in the space below:

56	Our neighborhood has organized well in the past to stop development above our home, so I think they are representing our interests well. Knowing about things like spraying or other things going on that affect us is good. For social activities: maybe a cook-out or potluck or even a film series, maybe? Teach us to build those bird boxes I mentioned or how to make our homes safer or sponsor a neighborhood beautification program, even just planting a lot of bulbs for the Spring would be nice. Perhaps a presentation on dealing with invasive plants? Even maybe just some volunteering to help eachother out, like with keeping the yards nicer, perhaps we could help eachother there. Some of us have more tools/expertise/are younger/have more energy, etc. could volunteer some time to help out some of the other folks a bit if they'd like? I'm unsure how to do that without it sounding like we are judging/criticizing/trying to do a makeover or make everyone's property the same.	Oct 16, 2009 7:31 AM
57	annual block parties to encourage meeting your neighbor educational workshops on gardening or home improvements if area is predominantly rental properties, encourage landlords to take pride in their properties and their renters	Oct 17, 2009 7:33 PM
58	no specific suggestions	Oct 17, 2009 8:06 PM
59	The neighborhood association seems to be more interested in the political aspects of the area. It needs to be a bit more about creating a sense of community around our neighborhood.	Oct 17, 2009 8:08 PM
60	I have no idea.	Oct 17, 2009 8:25 PM

65	develop neighborhood watches	Oct 17, 2009 10:48 PM
66	a few pedestrian bridges across amazon creek would help connect east and west neighbors.	Oct 17, 2009 11:43 PM
67	Our immediate neighborhood on Agate (and side streets) south of 30th has pretty much given up on expecting SE Neighbors to care a whit about our safety issues, much less do anything. We'd be better represented, I think, being part of the Amazon Neighborhood Assn.	Oct 17, 2009 11:50 PM
68	I think that a newsletter listing people who babysit, take care of pets, etc. would be a great idea. Also, I think that our neighborhood should be informed if there is ever any crime in our neighborhood.	Oct 18, 2009 12:19 AM
69	i think our association does an ok job - i do need to be more aware/involved	Oct 18, 2009 12:29 AM
70	Not sure.	Oct 18, 2009 12:53 AM
71	I'm content to get the newsletter with updates on neighborhood issues.	Oct 18, 2009 12:57 AM
72	Newsletter and meetings.	Oct 18, 2009 1:03 AM
73	Demonstrate that they have any power or value in promoting the kind of change I want (fast-backward about 35 years, thank you).	Oct 18, 2009 1:31 AM

74	<p>The newsletter is not very memorable or interesting. Activities: Block parties, fundraisers for parks or beautification. Projects: clean-ups, tree plantings, dog park!</p> <p>I am not aware of any voice we have with regards to things like sidewalks, bike paths and lanes, neighborhood planning. It doesn't feel like we have any. It would be nice to feel like we have more say. As far as organizing to address neighborhood issues, I would be willing if I felt like it could make a difference. At this point I don't feel like it would.</p>	Oct 18, 2009 1:44 AM

79	We do not know the association well enough yet.	Oct 18, 2009 3:50 AM
80	Reduce the speed limit on Fox Hollow.	Oct 18, 2009 5:04 AM
81	It would be great to hold some sort of event at Edgewood Plaza to make it feel like more of a gathering place. Not sure what. A small carnival for kids in the summer with pony rides in the parking lot? Live music once per summer in the parking lot?	Oct 18, 2009 5:22 AM
82	We don't need an neighborhood Association. Dissolve it.	Oct 18, 2009 5:34 AM
83	I think my n. assoc does a great job. More picnics; group projects in the park, tree planting, neighborhood walks and activity days, lobby for a Nectar way 1 block sidewalk, what do do about drug and party houses + barking dogs,	Oct 18, 2009 5:55 AM
84	More neighborhood activities	Oct 18, 2009 6:14 AM
85	I have no specific suggestions.	Oct 18, 2009 8:43 AM
86	The association does a good job in these areas already. No further suggestions from me.	Oct 18, 2009 9:51 AM
87	How about a listserv or blog for the area where we can sign up to get information regularly and comment on? I would like to see emergency planning and training. We had a model in Seattle we used that had great ideas on safe houses, etc.	Oct 18, 2009 3:54 PM
88	In particular keep us informed of developers trying to develop the hills and woods in the neighborhood.	Oct 18, 2009 4:45 PM
89	A lot of people cannot make meetings, it would be nice to have web access and put topics up where people can voice thier opinions. That way you would get much more feedback	Oct 18, 2009 4:48 PM
90	A good old-fashioned, ice cream social sort of thing could be held at the Spencer Butte Middle School ball fields. Other events could be hosted there as well...	Oct 18, 2009 4:49 PM
91	neighborhood projects would be nice	Oct 18, 2009 4:51 PM
92	Democratic representation, not emotional response.	Oct 18, 2009 5:06 PM
93	I am not sure I want a small contingency representing the entire neighborhoods interests. I would like the association to maximize the number of members and work to get more people involved.	Oct 18, 2009 5:31 PM
94	<p>I would simply encourage you to continue informing us about topics that relate to our neighborhood, give us the opportunity to participate (as you do), and make sure that residents realize that their input can make an impact. (assuming it does).</p> <p>One suggestion regarding social activities: I believe that there is one annual social event, i.e. the neighborhood picnic/potluck in Tugman Park. What a wonderful idea. Unfortunately, in the two years we have been here, we have been unable to attend. Would it be worthwhile to perhaps schedule two annual events, to allow more options for participation?</p>	Oct 18, 2009 5:37 PM

101	Unfortunately my time constraints do not permit active participation	Oct 18, 2009 9:44 PM
102	I think that the neighborhood association is doing a pretty good jobs in these areas and would like to see it continue	Oct 18, 2009 9:53 PM
103	When "improvements" were proposed several years ago, when I spoke with city personnel they said I was the only person in the neighborhood that questioned the "improvements," although neighbors said they too shared my same concerns and needs... They just did not know how to contact the city/find out who they were supposed to call. I would like to see the assoc. represent inform, represent, educate, & organize neighbors ... And teach neighbors how they can have a voice.	Oct 18, 2009 10:20 PM
104	Provide accurate, not biased information about proposed developements and other city programs.	Oct 18, 2009 11:14 PM
105	Not just the big controversial issues (development, Amazon Headwaters, important as those are) -- but smaller community-building projects like Amazon clean-up, tree-planting, Neighborhood Watch, safety updates, etc.	Oct 18, 2009 11:42 PM

145	survey residents about issues of concern.	Oct 20, 2009 5:44 PM
146	There is currently very poor communication in the neighborhood. Perhaps more people would attend if meetings were practical as well as topical, and there was a sense of being welcomed. At present it seems to be impossible to find minutes of meetings, and for many months the actual location was listed incorrectly in news and website.	Oct 20, 2009 6:35 PM

153	Generally speaking the Southeast Neighbors association does these things pretty well.	Oct 20, 2009 10:24 PM
154	I look forward to taking greater part in the neighborhood association when my kids are a bit older. At present my schedule does not allow me to be as active as I'd like.	Oct 21, 2009 1:44 AM
155	A more frequent newsletter with more pages would help communication. About 15 years ago I was on a committee whose purpose was to get a park built on Shadow Wood Drive. Through various activities we had a fund ready when the parks bond measure was approved and it was used to provide some 'extras' when Shadow Wood Park was built. This kind of activity can provide real benefits that neighbors can use and enjoy. Shadow Wood Park is heavily used by children and adults who live nearby.	Oct 21, 2009 2:31 AM

160	Helping keep Amazon creek clean, address invasive plant issues.	Oct 21, 2009 11:21 PM
161	Topics could cover: ways to preserve home values and improve the overall neighborhood during this recession and crime/safety/fire protection issues. Social activities could include block parties or other affordable community gatherings to allow neighbors to meet and interact positively. Sponsoring projects could include inventoring the local flora and fauna/trees and wildlife as well as cleaning and maintaining neighborhood features and sponsoring public works of art, where appropriate. Ways to organize neighbors to address issues could include email/web discussion boards and other online interactive opportunities for those who cannot regularly make meetings.	Oct 22, 2009 12:30 AM

167	provide a comfortable place where people could get together on a regular basis if they choose, to potluck and socialize; especially during the winter months. It would be great to have a neighborhood community space where we could share ideas, post things, sit on comfortable furniture and and just hang out together even just to say Hi. I think alot of good connections and creativity could flow from a space like this.	Oct 22, 2009 5:34 AM

173	I think our neighborhood association is pretty active but I have only been involved when there was a dire issue at stake - Amazon Headwaters. I seem to be pretty busy already, it's hard to find time to get involved at this level.	Oct 23, 2009 3:14 PM
174	I think the association is informing us about neighborhood issues. I'd like to see some social activities, maybe a monthly potluck. Cleanup projects are always a good way to beautify the neighborhood and get people together. I think the association is organizing neighbors to address issues if they want to participate.	Oct 23, 2009 8:16 PM
175	Create projects that encourage pride in our properties and streets. Clean up junk. Not accept that the homeless people should live in Amazon park and along the creek.	Oct 23, 2009 9:53 PM

184	Formulating objectives and programs for improving the neighborhood that the NEIGHBORHOOD can carry out without funding from the city government and hence, not imposing on its responsibilities to best meet CITY-WIDE objectives and needs. Neighborhood groups should not be political action entities to promote any particular candidate for the city council of other such body.	Oct 26, 2009 3:16 AM
185	Actually, our neighborhood org. is already doing an impressive job of most of the above. The only social event, seems to be an annual family picnic in Tugman park, however--maybe occasional evening socials? block parties?	Oct 26, 2009 3:38 AM

191	We have had barbeque block parties in the past to welcome new neighbors.	Oct 27, 2009 2:12 PM
192	Safety, both traffic and crime. Tresass and privacy in our homes and in our yards. Can't turn in our bottles and cans or shop at a local grocer without being accosted by bums, mostly drunk and aggressive bums. People come onto my property to steal things, urinate, etc. Noise from local business is very disruptive to our neighborhood and working with the city has not helped.	Oct 27, 2009 7:17 PM

199	Most of the above	Oct 30, 2009 5:44 PM
200	Since I believe that people are fully aware of their self absorbed behavior and since attitudes are the root cause of incivility, I do not support efforts toward education. I definitely do support efforts toward changing behavior but believe this must be the result of consistant predictable enforcement of codes and laws. Quality of life and safety issues are important. We seem to do at least a fair job of suppressing violent crime and major property crimes and this is obviously imperative. However, so-called "quality of life" issues such as driving behavior or the neighbor who allows his dog to bark at all hours and states "there is nothing I can do about it" can definitely influence one's sense of neighborhood. I, therefore, suggest that the association would garner more support if it represented residents' interests in quality of life areas. Insist on consistant and predictable enforcement of existing code/law. Do not attempt to change attitudes...a notorious waste of time...but never stop trying to change behavior.	Oct 30, 2009 7:57 PM

206	I would help with the canvas.	Nov 2, 2009 1:42 AM
207	However, I would use some caution in using the association to advocate for any particular position... Strong opinions in association leadership or key members could lead to inappropriate influence. E.g., I was shocked to see a recent SEN newsletter criticize the conservation of oak savanna as by attacking the scientific accuracy of the word "restoration". I gather some opinionated members in fact more interested in limiting human activity and are willing to sacrifice oak savanna to that end. I find this shocking in part because a few years ago, the same leadership advocated selectively increasing land-use regulation based on the presence of oak savanna, under Goal 5.	Nov 2, 2009 4:51 PM
208	An informative newsletter sent out to homes in the neighborhood and especially those of new homeowners or recently arrived people in the neighborhood would be helpful. Also, social activities like potlucks in the summer time to raise money for neighborhood projects like the upkeep of parks and streets are marvelous ideas to get to know the other people in your neighborhood and to raise the value of housing prices.
