

# Youth Early Learning & After School

*Enriching fun* at three locations for children ages 2½ through fifth grade. Your child will experience unique and exciting ways to be engaged.

*Child safety and parent peace of mind* is the foundation of our staff training, which includes CPR/first aid and curriculum and behavior management. With our staff's guidance, your child will discover the world around them through social interaction, learning and play.

Please call the center of your choice for more information or go to [GetRec.org/childcare](http://GetRec.org/childcare). Registration is ongoing. Ask about scholarships.

## After School Enrichment

### **Sheldon Center** Grades K-5

Children can explore their interests, play with peers, be physically active or be quiet and rest after a busy school day. Rec staff lead projects, activities and games and are available to help with homework. Each day includes outside or gym play and is balanced between activities and free-choice time. Fees include snack and regular opportunities to swim.

541-682-5312  
School release until 6p, M-F or MWF or TuTh
