

Community Court Service Provider Information Form

Community court uses collaborative problem-solving to respond to community concerns regarding public safety by addressing certain lower level offenses with a more comprehensive approach than a traditional court. The community court’s collaborative model helps participants with complex social needs by providing increased supervision and connection to social services.

The City of Eugene’s Community Court will address misdemeanor offenses occurring in the downtown area. Participants of community court will engage in an assessment to identify their various needs and risk of reoffending. Community Court is held at the Eugene Public Library each Friday.

To ensure services are quickly and easily accessible to participants, the community court provides an onsite location and warm handoff to service providers. Individuals do not need a citation to access the help center.

The court seeks to have a wide range of service options available to meet community members’ needs.

Instructions: If your organization is interested in participating as a service provider for the Community Court on Fridays, please fill out this form.
