

Opening Spring 2017*

New Amazon Park Playground

**Originally scheduled to be complete this winter, the project experienced significant delays due to unprecedented rainfall in October. Thank you for your patience.*

The Amazon Park playground is getting a much needed overhaul designed to increase accessibility for all park visitors! Improvements include new playground equipment and a smooth, wheelchair-friendly surface. The old wading pool will be replaced with lawn, and the surrounding area will be refreshed with improved drainage and new trees, benches and tables. This project is partially funded by a \$250,000 matching grant from the National Park Service's Land and Water Conservation Fund.

“Don't worry, the beloved dinosaur will remain in place and the fire engine is being reused! - Emily
