

Skate Park Information

The Churchill skate park was provided through a cooperative effort of the City of Eugene and Eugene School District 4J, using funding from bond measures approved by city and district voters. It is a demonstration of the commitment of this community to supporting its youth. Please show your appreciation by caring for this skate park and following the posted rules.

This facility was designed by users knowledgeable about this sport, and can accommodate a variety of skill levels. Since there are inherent risks associated with skateboarding and rollerblading, each user must be responsible for his/her own safety, as well as the safety of other users. This facility is not supervised.
