Figure 1. Residential Land Supply (2012-2032)

Plan Designations

Vacant Residential Lands
- Low Density Residential
- Medium Density Residential
- High Density Residential

Partially Vacant (PV) Residential Lands
- Low Density Residential (LDR)
- Medium Density Residential (MDR)
- High Density Residential (HDR)

Caution: This map is subject to change and for used within the scope of the June 2017 Review. This map is not suitable for legal, engineering, or surveying purposes. This map in no way attempts to predict, determine, or require what happens on individual lots.
- Caution: This map is subject to change and for used within the scope of the June 2017 Draft Review. This map is not suitable for legal, engineering, or surveying purposes.
- Data Sources: City of Eugene, RLCO.
- The land supply was conducted at a sub-tax lot level analysis; tax lot boundaries are shown for reference only and may change over time.
- For assumed capacity of land shown on the land supply, see Table 6 of Part V.

Sites re-designated to low density residential are noted.
Figure 2. Residential Land Supply (2012-2032)

- Caution: This map is subject to change and for use within the scope of the June 2017 Draft Review. This map is not suitable for legal, engineering, or surveying purposes.
- Data Sources: City of Eugene, RLID.
- The land supply was conducted at a sub-tax lot level analysis; tax lot boundaries are shown for reference only and may change over time.
- For assumed capacity of land shown on the land supply, see Table 6 of Part V.

Sites re-designated to low density residential are noted.

- Caution: This map is subject to change and for used within the scope of the June 2017 Draft Review. This map is not suitable for legal, engineering, or surveying purposes.
- Data Sources: City of Eugene, RLID.
- The land supply was conducted at a sub-tax lot level analysis; tax lot boundaries are shown for reference only and may change over time.
- For assumed capacity of land shown on the land supply, see Table 6 of Part V.

Plan Designations

Vacant Residential Lands
- Low Density Residential
- Medium Density Residential
- High Density Residential

Partially Vacant (PV) Residential Lands
- Low Density Residential (LDR)
- Medium Density Residential (MDR)
- High Density Residential (HDR)

Developed Residential Lands
Committed or Protected Lands (in UGB)

Sites re-designated to low density residential are noted.
- Caution: This map is subject to change and for use within the scope of the June 2017 Draft Review. This map is not suitable for legal, engineering, or surveying purposes.
- Data Sources: City of Eugene, RLID.
- The land supply was conducted at a sub-tax lot level analysis; tax lot boundaries are shown for reference only and may change over time.
- For assumed capacity of land shown on the land supply, see Table 6 of Part V.

**Plan Designations**

**Vacant Residential Lands**
- Low Density Residential
- Medium Density Residential
- High Density Residential

**Partially Vacant (PV) Residential Lands**
- Low Density Residential (LDR)
- Medium Density Residential (MDR)
- High Density Residential (HDR)

**Developed Residential Lands**

**Committed or Protected Lands (in UGB)**

Sites re-designated to low density residential are noted.
Figure 2. Residential Land Supply (2012-2032)

- Caution: This map is subject to change and for used within the scope of the June 2017 Draft Review. This map is not suitable for legal, engineering, or surveying purposes.
- Data Sources: City of Eugene, RLID.
- The land supply was conducted at a sub-tax lot level analysis; tax lot boundaries are shown for reference only and may change over time.
- For assumed capacity of land shown on the land supply, see Table 6 of Part V.

- Eugene Urban Growth Boundary
- UGB Expansion Boundary
- 2012 BLI Lots
- Major Streets
- Water Bodies
- Rail Road

Plan Designations

Vacant Residential Lands

- Low Density Residential
- Medium Density Residential
- High Density Residential

Partially Vacant (PV) Residential Lands

- Low Density Residential (LDR)
- Medium Density Residential (MDR)
- High Density Residential ( HDR)

- Developed Residential Lands
- Committed or Protected Lands (in UGB)

Sites re-designated to low density residential are noted.
Figure 2. Residential Land Supply (2012-2032)

Caution: This map is subject to change and for use within the scope of the June 2017 Draft Review. This map is not suitable for legal, engineering, or surveying purposes.

Data Sources: City of Eugene, RLID.

The land supply was conducted at a sub-tax lot level analysis; tax lot boundaries are shown for reference only and may change over time.

For assumed capacity of land shown on the land supply, see Table 6 of Part V.

Plan Designations

Vacant Residential Lands
- Low Density Residential
- Medium Density Residential
- High Density Residential

Partially Vacant (PV) Residential Lands
- Low Density Residential (LDR)
- Medium Density Residential (MDR)
- High Density Residential (HDR)

- Developed Residential Lands
- Committed or Protected Lands (in UGB)

Sites re-designated to low density residential are noted.

Figure 2. Residential Land Supply (2012-2032)

Map tile 41 of 42

- Caution: This map is subject to change and for use within the scope of the June 2017 Draft Review. This map is not suitable for legal, engineering, or surveying purposes.
- Data Sources: City of Eugene, RLID.
- The land supply was conducted at a sub-tax lot level analysis; tax lot boundaries are shown for reference only and may change over time.
- For assumed capacity of land shown on the land supply, see Table 6 of Part V.

**Plan Designations**

**Vacant Residential Lands**
- Low Density Residential
- Medium Density Residential
- High Density Residential

**Partially Vacant (PV) Residential Lands**
- Low Density Residential (LDR)
- Medium Density Residential (MDR)
- High Density Residential (HDR)

- Developed Residential Lands
- Committed or Protected Lands (in UGB)

Sites re-designated to low density residential are noted.
