*We counted all public initiated calls this year including those outsourced to Cahoots instead of only those dispatched to officers

The top 20 CFS listed in the table above account for 63.2 percent of public initiated activity in the last three years. Welfare Checks, Disputes, Beat Information, Assist Public-Police, and Criminal Trespass accounted for 28.0 percent of activity for the same time period. Three out of the top five showed increases compared to 2016 counts with largest being Assist Public-Police at 19.9 percent followed by Welfare Checks at only 7.0 percent and Disputes at 6.4 percent. The other two showed decreases of -4.9 percent (Beat Information) and -0.9 percent (Criminal Trespass). Of the top 20 publically demanded calls, 13 of them showed increases with the largest increases being 23.3 percent (Suicidal Subject), 19.9 percent (Theft from Vehicle), 19.9 percent (Assist Public-Police) and the largest decreases being -11.2 percent (Disorderly Subject) and -9.1 percent (Suspicious Conditions).

Daily average CFS in 2017 were relatively static when compared to the previous two years. January, February, and December showed slight decreases while June and September showed increases. For the reporting period, CFS were highest between May and September, peaking in June and again in September before the seasonal winter drop.
