

Appendix F: Related Plans, Reports, and Inventories

A number of key plans, reports, and inventories have been conducted specifically for the area that is now Suzanne Arlie Park or provide relevant direction from a City, regional, or statewide perspective. These resources, which are itemized below and have been incorporated into the Management Plan or cited as applicable.

Title and Date	Relationship to Suzanne Arlie Park
<p><u>2019-2023 Statewide Comprehensive Outdoor Recreation Plan</u> (Oregon Parks and Recreation Department, 2019)</p>	<p>The 2019-2023 SCORP is used to guide how the Oregon Parks and Recreation Department allocates outdoor recreation funding and provides information to assist recreation providers throughout the state of Oregon. SCORP also includes the results of the statewide outdoor recreation participation survey. “Walking on streets/sidewalks /trails/paths” was identified as the most popular outdoor recreational activity in Oregon.</p>
<p><u>City of Eugene Parks and Recreation System Plan</u> (City of Eugene, July 2018)</p>	<p>The Parks and Recreation System Plan is a 30-year strategic plan with implementation recommendations for the first 10 years. The Plan lists the Ridgeline Trail extension through Suzanne Arlie Park as a near-term priority.</p>
<p><u>Eugene Trails Plan</u> (City of Eugene, 2018)</p>	<p>The ETP addresses soft-surface recreational trails and includes an evaluation of the existing system, proposes nearly seventy miles of new trails, and contains guiding principles to direct future trail construction, priorities, and maintenance practices. The Plan puts an emphasis on connectivity, accommodating a variety of user groups through shared-use trails or trail corridors, and creation of multiple loop options of varying lengths. The ETP proposes an extensive network of interconnected trails within Suzanne Arlie Park including the main Ridgeline Trail extension, shared-use trails, single-track mountain bike trails, pedestrian-only trails, and a nature play trail. Additionally, the ETP proposes that SAP be considered for accommodating a mountain bike skills park.</p>
<p><u>Oregon Trails 2016: A Vision for the Future – 2016-2025 Oregon Statewide Recreational Trails Plan</u> (Oregon Parks and Recreation Department, 2016)</p>	<p>This 10-year plan sets statewide policy related to non-motorized trails and includes criteria for evaluating State funding for trails projects through the Recreational Trails Program (RTP). The Plan identifies “walking/hiking” as the most common non-motorized trail activity in the state by frequency (38.5%). “Biking, single-track” was listed as the sixth most common trail use by frequency (3.5%).</p>
<p><u>Oregon Conservation Strategy</u> (Oregon Department of Fish and Wildlife, 2016)</p>	<p>The Oregon Conservation Strategy was developed to provide statewide guidance on conservation priorities and values and identifies high priority target vegetation communities and species. High value conservation communities identified for the Willamette Valley include oak woodlands, grasslands (including oak savanna), wetlands, riparian, and aquatic. Several of these target habitats and associated wildlife occur in Suzanne Arlie Park.</p>
<p><u>Eastern Ridgeline Extension Master Plan</u> (City of Eugene, 2010)</p>	<p>The EREX Master Plan was developed for the initial 200-acre acquisition of what is today Suzanne Arlie Park. The EREX Plan includes goals and recommended actions for shared use trails, active recreation, habitat management, and maintenance. Its Plan specifically proposed the Ridgeline Trail extension, an additional network of interconnected shared-use trails, a disc golf course, mountain bike features, limited overnight camping opportunities, and maintenance access points. The EREX Plan will be replaced by this new Suzanne Arlie Park Master Plan.</p>
<p><u>Eastern Ridgeline Extension Habitat Assessment</u> (Salix Associates, October 2009)</p>	<p>A habitat assessment including plant surveys, vegetation community mapping, and assessment of condition was conducted on accessible portions of the original “EREX” 200-acre acquisition area within what is today Suzanne Arlie Park.</p>
<p><u>Ridgeline Area Open Space Vision and Action Plan</u> (LCOG and Partners, 2008)</p>	<p>This vision document was developed by multiple regional partners and members of the public. Endorsed by local elected officials and numerous interest groups, the Ridgeline Area Vision provides a framework for future park and open space</p>

Title and Date	Relationship to Suzanne Arlie Park
	<p>planning within the 20-mile Ridgeline corridor extending from Fern Ridge Reservoir to Mount Pisgah. The report identifies the area that is now Suzanne Arlie Park as a “Key Habitat Area” and proposes the future extension of the Ridgeline Trail through the park, running from Mount Baldy toward LCC, Moon Mountain, and the Willamette River.</p>
<p><u><i>Rivers to Ridges Metropolitan Regional Park and Open Space Study</i></u> (LCOG and Partners, 2003)</p>	<p>The <i>Rivers to Ridges</i> vision was developed to provide a landscape scale framework for future park and open space planning in the Eugene-Springfield region. The vision defines key trail corridors in and around the metro area and connections to the broader regional system. The vision map depicts the Ridgeline corridor extending from Mount Baldy toward the Willamette River and Moon Mountain through what is now Suzanne Arlie Park. The vision was endorsed unanimously by local elected officials and numerous interest groups.</p>
<p><i>Cultural Resource Survey of College Park Property</i> (Heritage Research Associates, Inc., April 2002)</p>	<p>In 2002, a cultural resource survey was commissioned by Arlie & Company, who at the time owned approximately 1,100 acres to the south of Lane Community College including the area that is today Suzanne Arlie Park. The report includes an overview of the cultural history of the area and the results of records reviews and field surveys.</p>
