

**PLUGGED DRAINS** *can*  
**SHUT DOWN** *your* **RESTAURANT**  
*and lead to* **COSTLY REPAIRS.**

Learn how to prevent FOG (Fats, Oils, and Grease) before FOG stops your business.

## A FOG Training Video

The Metropolitan Wastewater Management Commission is offering FREE access to an 11-minute training video to help food service employees in Lane County learn why and how to keep FOG out of our drains. *Flip this card for log-in information and check it out!*

*Sponsored by the regional  
Metropolitan Wastewater  
Management Commission*

# To Educate Your Employees

- 1) Visit **FOGQuest.com** and select the button labeled "BMP Training Course Students Click Here."
- 2) Select "Enter Code" and complete the form to create a guest account.
- 4) Enter the coupon code **MWMC59** and follow the instructions.
- 5) Show the video to current and future employees and email any questions to **mwmcpartners@springfield-or.gov**.

Springfield, Oregon 97477

## Metropolitan Wastewater MANAGEMENT COMMISSION

*The **Metropolitan Wastewater Management Commission** (MWMC) cleans our wastewater and protects the environment. Every time you run the faucet or flush the toilet in the Eugene-Springfield area, it comes to the facility to be cleaned and then discharged to the Willamette River.*
