

Project Information

2012 Wastewater Rehabilitation Project

Project Location

Various locations citywide

Project Overview

- The Wastewater Rehabilitation Project rehabilitates portions of the wastewater system in order to decrease inflow and infiltration of stormwater and repair structurally deficient sections of the system. Trenchless repair methods are predominately used including pipe liners.

Construction Schedule

- Tentative schedule is July through November 2012

Traffic Impacts

- Watch for construction signs and equipment entering and exiting the roadway.

Project Funding

- Major Funding Sources
 - Wastewater User Fees
