IMPORTANT REMINDERS:

AIRPORT ID ACCESS BADGES AND KEYS: All Eugene Airport identification badges and keys are the property of the Eugene Airport. In the event of separation from the Airport, keys and badges shall immediately be returned to the Airport Credentialing Office or the on-duty Operations Officer after hours.

USE OF AIRPORT ISSUED ACCESS ID: Airport access ID and keys are issued only to an individual. **Airport access ID is NEVER to be loaned to others.**

SECURED AREA: The Secured Area is designated by red pavement markings with "Restricted Area" painted in white lettering. Access to the Secured Area located around the terminal ramp is restricted by badge access through gates or those aircraft with prior approval.

ACCESS: Each individual must use their own access ID to open each access point. **If a combination gate code is required, only Eugene Airport Access ID media holders may be given gate code combinations.**

VEHICLES OPERATING WITHIN THE AOA & ESCORTING PROCEDURES:

- **Gate Closure:** NEVER leave an access gate before it closes completely after pulling through.
- **Parking:** Vehicles will be parked only in designated parking spaces. Hangar tenants may park within their rented hangar space when flying, but may not use General Aviation lots when flying commercial flights. No vehicles shall park on taxi lanes or block airplane traffic.
- **Private Vehicles:** No private vehicles are permitted beyond the red and white RESTRICTED AREA signs pictured above.
- **Escorting:** When escorting another vehicle, the badged escorting car would be in front, trigger the gate and both cars would enter before stopping to make sure the gate closes behind them. NEVER trigger the gate from inside and back-up to allow entry.

DOGS WITHIN THE AOA: Dogs are permitted only in the General Aviation hangar areas and must be on a leash at all times. Dogs and other pets are not permitted within the remainder of the AOA at any time. Dog owners are fully responsible for the collection and proper disposal of solid waste created by pets.

TSA Privacy Act Statement

Authority: 6 U.S.C. § 1140, 46 U.S.C. § 70105; 49 U.S.C. §§ 106, 114, 5103a, 40103(b)(3), 40113, 44903, 44935-44936, 44939, and 46105; the Implementing Recommendations of the 9/11 Commission Act of 2007, § 1520 (121 Stat. 444, Public Law 110-53, August 3, 2007); FAA Reauthorization Act of 2018, §1934(c) (132 Stat. 3186, Public Law 115-254, Oct 5, 2018), and Executive Order 9397 (November 22, 1943), as amended.

Purpose: The Department of Homeland Security (DHS) will use the information to conduct a security threat assessment. If applicable, your fingerprints and associated information will be provided to the Federal Bureau of Investigation (FBI) for the purpose of comparing your fingerprints to other fingerprints in the FBI's Next Generation Identification (NGI) system or its successor systems including civil, criminal, and latent fingerprint repositories. The FBI may retain your fingerprints and associated information in NGI after the completion of this application and, while retained, your fingerprints may continue to be compared against other fingerprints submitted to or retained by NGI. DHS will also transmit your fingerprints for enrollment into US-VISIT Automated Biometrics Identification System (IDENT).

DHS will also maintain a national, centralized revocation database of individuals who have had airport- or aircraft operator- issued identification media revoked for noncompliance with aviation security requirements. DHS has established a process to allow an individual whose name is mistakenly entered into the database to correct the record and have the individual's name expunged from the database. If an individual who is listed in the centralized database wishes to pursue expungement due to mistaken identity, the individual must send an email to TSA at Aviation.workers@tsa.dhs.gov.

Routine Uses: In addition to those disclosures generally permitted under 5 U.S.C. § 552a(b) of the Privacy Act, all or a portion of the records or information contained in this system may be disclosed outside DHS as a routine use pursuant to 5 U.S.C. § 552a(b)(3) including with third parties during the course of a security threat assessment, employment investigation, or adjudication of a waiver or appeal request to the extent necessary to obtain information pertinent to the assessment, investigation, or adjudication of your application or in accordance with the routine uses identified in the TSA system of records notice (SORN) DHS/TSA 002, Transportation Security Threat Assessment System. For as long as your fingerprints and associated information are retained in NGI, your information may be disclosed pursuant to your consent or without your consent as permitted by the Privacy Act of 1974 and all applicable Routine Uses as may be published at any time in the Federal Register, including the Routine Uses for the NGI system and the FBI's Blanket Routine Uses.

Disclosure: Pursuant to § 1934(c) of the FAA Reauthorization Act of 2018, TSA is required to collect your SSN on applications for Secure Identification Display Area (SIDA) credentials. For SIDA applications, failure to provide this information will result in denial of a credential. For other aviation credentials, although furnishing your SSN is voluntary, if you do not provide the information requested, DHS may be unable to complete your security threat assessment.
