

Project Information Sheet

Stormwater Quality Renovation – 13th Avenue & Dani Street

Project Overview:

Along 13th Avenue & Dani Street there are 10 public stormwater treatment facilities, 2 grassy swales and 8 vegetated filtration facilities, all of which are in poor health. The goal is to renew & rebuild by incorporating the following:

- Facility flow control to avoid excessive draining.
- Addition of organic material in the growing media to support vegetation.
- Splash pad with sediment capture to prolong the life and grade of facility.
- Clearly defined edges of facilities using mow strips for improved maintenance efficiency.

Construction Schedule:

- Project construction will be during summer 2021.

Traffic Impacts:

- Drivers should expect lane shifts during construction.

Project Funding:

- Stormwater Rehabilitation.

For More Information:

- Project Manager: Jenni Engle, phone 541-501-0370, JEngle@eugene-or.gov.
- Online road reports (during construction) at www.eugene-or.gov/traffic.
- On Twitter (during construction) at www.Twitter.com/EugenePW.
