

Project Information Sheet

High Street Area Wastewater Extensions

Project Overview:

- Work will occur in the area East-West on High Street between East 18th Alley and East 18th Avenue.
- This work will include wastewater pipe and manhole installation as well as concrete panel replacement, sidewalk replacement, and re-stripping.
- This area was identified for a project to eliminate a community sewer by providing direct access to a wastewater main.

Construction Schedule:

- Project construction will be during summer 2021.

Traffic Impacts:

- People driving should expect lane closures and lane shifts during construction.
- People biking should expect to merge with motor vehicle traffic depending on available lane widths during construction.
- People walking should expect detours and some temporary closed crossings
- On street parking may be restricted to accommodate construction activities.
- Expect equipment and workers in the roadway, with possible congestions and delays during the construction.

Project Funding:

- Wastewater Utility Fees.
