Bring the Salmon Home (3:14)

How do they find their way back home?
How would they even know where to go?
After they swam for years and years in the ocean's foam
They find their way back home

How do they find their way back home?
After they've been tossed around in the open sea
I know I'd be lost if it were me
Maybe they have a dream
Of when they were babies in the stream
Remembering how it felt
Remembering all the smells
Of home

Chorus: Bring the salmon home (4 x)

And when the salmon make it home
Oh what a celebration we
would certainly see
With wonderful food to eat
A new generation born
The circle will be complete
When they come home

Chorus: Bring the salmon home (4 x)

(Round with bring the salmon home & verse below)

How do they find their way back home?
How would they even know where to go
After they swam for years and years
How would they even know?

City of Eugene Stormwater Management Program

Down to the Sea (6:01)

You gotta roll like the river, keep movin' like the water
Goin' down to the sea
Let your spirit show, let your feelings overflow,
We're goin' down, down to the sea
Right around the bend, the river never end
Goin' down, down to the sea
There's music in the stream, we're livin' in a dream
Goin' down, down to the sea

Chorus: Every son and every daughter
Come and drink from this living water
The river is deep, and the river is wide
Everybody to the riverside...

Down to the Sea, down to the sea, down to the sea,
down to the sea

I've got me a plan, I'm goin' back where it began
I'm goin' down
You can rock you can roll, you can fill up your soul
Take me down
Right around the bend, the river never ends
Goin' down
There's music in the stream, we're living in a dream
Goin' down

Chorus: Every son and every daughter
Come and drink from this living water
The river is deep, the river is wide
Everybody to the riverside

In the winter, the river gets high
You keep it flowing and you'll never run dry
The river is deep and the river is wide
Everybody to the riverside

Refrain:

That's where I want to be Down to the Sea
Where the air is sweet Down to the Sea
Come take a ride with me Down to the Sea
In the wild and free Down to the Sea
Down to the sea, down to the sea

Chorus: Every son and every daughter
Come and drink from this living water
The River is deep, the river is wide
Everybody to the riverside

In the winter, the river gets high
You keep it flowing and you'll never run dry
The river is deep and the river is wide
Bring your burdens to the riverside

Refrain: (4x)

That's where I want to be Down to the Sea
Where the air is sweet Down to the Sea
Come take a ride with me Down to the Sea
In the wild and free Down to the Sea

Care for the River (3:55)

We've got a treasure running through the town
A better friend will never be found
It protects the forest, it cools the land
Feeds the creatures and the family of man
Chorus: People listen up, I'm telling you true
Care for the river, whatever you do

When you wash the car....
Go easy on the bubbles....
If they get into the river....
they cause a lot of trouble....
Chorus: People listen up, I'm telling you true
Care for the river, whatever you do

If the plants have bugs
Be careful what you spray
Don't use poison
Where the little kids play
Chorus: People listen up, I'm telling you true
Care for the river, whatever you do

If your car has a leak
Get it fixed right away
We don't want oil
In the river or the bay

Cigarette butts
that are dropped in the street
Could drain into the river
That's not too sweet
Chorus: People listen up, I'm telling you true
Care for the river, whatever you do

(Nonsensical refrain)

We got a little problem with pollution
We can all be part of the solution
Chorus: People listen up, I'm telling you true
Care for the river, whatever you do

Don't forget the salmon....
Don't forget the otter....
All God's creatures....
Love the clean water....

And now you know
Now I think you get it
I really, really hope
That you'll never forget it....

Chorus: People listen up, I'm telling you true
Care for the river, whatever you do (2x)

The River Belongs to All of Us (3:03)

Chorus: The river belongs to all of us (4x)

We love that mighty river
With the water running through
But we really must remember
Many others love it too

The salmon and the grizzly bear
Osprey and the otter
All God's creatures great and small
Love that good clean water

Chorus: The river belongs to all of us (4x)

I went on down to the riverside
Looking for some peace of mind
To my dismay, what did I find?
Human junk of every kind

I saw a busted box-spring mattress
I saw a rusted Chevrolet
I saw people using the riverside
To throw their junk away

Chorus: The river belongs to all of us (4x)

Watch out with your fertilizer
Be careful with that motor oil
Please don't you do anything at all
To contaminate the soil

You see it runs off into the river
Leaving trouble in its wake
If we don't take care of the watershed
We're making a big mistake
Don't you know that.....

Chorus: The river belongs to all of us (4x)

Don't forget the frogs....All of us
Don't forget the salmon.....All of us
Don't forget the children....All of us
The river belongs to all of us
Oh....

Chorus: The river belongs to all of us (4x)

You see...

Chorus: The river belongs to all of us (4x)

In the Watershed (3:04)

In the watershed, everything runs together
In the watershed, everything flows
In the watershed, it could go on forever
Like the ripples spread
Watch how they grow and grow and grow and grow

Chorus: Oh.... it's all connected
Some day we'll understand
Our lives are all reflected
Here in this wonderland
Let the rivers run clear
It's a beautiful scene
Everything is green in the watershed
With the rivers run clear
Year after year
Our happiness is here in the watershed

(spoken verse)

Chorus: Oh.... it's all connected
Some day we'll understand
Our lives are all reflected
Here in this wonderland
Let the rivers run clear
It's a beautiful scene
Everything is green in the watershed
That the rivers run clear
Year after year
Our happiness is here in the watershed

Let the rivers run free
Down to the sea
The place we want to be is the watershed
In the watershed

Run River Run (3:14)

Chorus: Run river run, run to the ocean
Run river run, run to the sea

(Spanish verse)

De la montana vengo, a la montana volvere
(from the mountain I come, to the mountain I will return)

De la lluvia vengo, a la lluvia yo volvere
(from the rain I come, to the rain I will return)

De este pueblo vengo, al pueblo volvere
(from this town I come, to the town I will return)

Del cielo vengo, y al cielo yo volvere
(from the heavens I come, to the heavens I will return)

Just like a river....

Chorus: Run river run, run to the ocean
Run river run, run to the sea (2 x)

It starts up high in the mountains
Clear water running down
Through the forests, through the fields
Through the middle of my town

Everybody's running to the ocean
We're running to the sea
I like the way you're flowing
Come on, you wanna run with me?
Just like the river

Chorus: Run river run, run to the ocean
Run river run, run to the sea (2x)

(Spanish verse)

De Costa Rica vengo... a Costa Rica volvere

De Santiago vengo... a Santiago yo volvere

De Cayo Hueso vengo... al Caya Hueso volvere

De Los Estados vengo.., y al Los Estados yo volvere.

Chorus: Run river run, run to the ocean
Run river run, run to the sea

(several verses to a fadeout)
