

Project Information Sheet

Fern Ridge Path Repair

Project Description:

This project will perform maintenance repairs on the popular Fern Ridge Path between Garfield Street and City View Street.

Project Scope:

- Replacement of heavily cracked portion of the shared-use path between access points on 13th Avenue and 14th Avenue.
- Replacement of 4 light poles along the path with LED fixtures.
- Signing and striping improvements at 13th Ave and Garfield St.

Construction Schedule:

- Construction is scheduled for September-November 2022.

Traffic Impacts:

- People walking, running, biking, and rolling should expect closures of the path during construction. Detour routes will be clearly marked.
- Local streets should expect some construction traffic during work hours.

Project Funding:

- The major source of funding is the 2017 Street Preservation Bond.

For More Information:

- Project Manager: Will Carter, phone 541-852-1624, WCarter@eugene-or.gov
- Online roadwork advisories (during construction) at eugene-or.gov/traffic.
- On Twitter (during construction) at [Twitter.com/EugenePW](https://twitter.com/EugenePW).
